Re: Processing Facility Permit# 0041202-005-WT

Dear Amede,

Enclosed please find our updated closure cost estimate and supporting documentation. We will make the inflationary adjustment to our performance bond upon approval of the adjusted dollar amount.

If you have any questions or require any further information please contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Keith Bloomer".

III. ESTIMATE ADJUSTMENT

40 CFR Part 264 Subpart H as adopted by reference in Rule 62-701.630, Florida Administrative Code, (F.A.C.) sets forth the method of annual cost estimate adjustment. Cost estimates may be adjusted by using an inflation factor or by recalculating the maximum costs of closure in current dollars. Select one of the methods of cost estimate adjustment below.

☒ (a) Inflation Factor Adjustment

☐ (b) Recalculated or New Cost Estimates

Inflation adjustment using an inflation factor may only be made when a Department approved closure cost estimate exists and no changes have occurred in the facility operation which would necessitate modification to the closure plan. The inflation factor is derived from the most recent Implicit Price Deflator for Gross National Product published by the U.S. Department of Commerce in its survey of Current Business. The inflation factor is the result of dividing the latest published annual Deflator by the Deflator for the previous year. The inflation factor may also be obtained from the Solid Waste website www.dep.state.fl.us/waste/categories/swfr or call the Financial Coordinator at (850) 245-8706.

This adjustment is based on the Department approved closing cost estimate dated:

1/30/14

Latest Department Approved
Closing Cost Estimate:

Current Year Inflation
Factor, e.g. 1.02

Inflation Adjusted Closing
Cost Estimate:

\$115,029.82

Solid Waste Financial Assurance

To minimize the threat to public health and the environment, Solid Waste Financial Assurance requirements were adopted in 1984 to secure the proper closing of solid waste management facilities operating in the state of Florida. When demonstrating proof of financial assurance, owners or operators can choose from a list of approved financial mechanisms that best meet their individual needs. The dollar amount of financial assurance required is directly tied to the current department approved closure cost estimate. Our primary responsibility is full

compliance with all solid waste financial assurance requirements. This is accomplished by providing any assistance necessary to facility owners and operators as well as provider companies attempting to meet rule requirements.

For specific information about Solid Waste Financial Assurance ([estimates](#), [forms](#), [provider companies](#), etc.), please choose from the links on the right under "Highlights".

*Current Year Inflation Factors:

1.015	for estimates due between January 1 and March 1, 2015
1.015	for estimates due between July 1 and September 1, 2014
