Consolidated Tire Processing, LLC, Waste Tire Processing Facility
Waste Tire Processing Facility Permit: WT-64-0310464-001

Dear Mr. Mulberger:

The Florida Department of Environmental Protection, Central District Office has received your submittal “Waste Tire Processing Facility Quarterly Report 62-701.900(21)” for the Consolidated Tire Processing, LLC, Waste Tire Processing Facility. The document was signed by you and was received by the Department on April 8, 2015. The document included several inconsistencies:

1. The Report is supposed to be a report of processed tire inventory for the first quarter of 2015 (January 1 through March 31). However, it was signed on January 6, 2015.
2. Since it is not clear when the report was signed, the Department does not have reasonable assurance that the inventory of processed tires is accurate for January 1 through March 31.
3. Item 8b of the Report states there was one category of inventory that exceeded the permit limit in “June until a new baling machine was installed”. What was meant by the phrase in “June until a new baling machine was installed”? The report should only reflect inventory operations from January 1 through March 31, 2015.

Please provide a corrected report with these above items addressed promptly. The Report can be submitted electronically to DEP_CD@dep.state.fl.us. If you have any questions, please contact Stephen Amirault at (407) 897-2942 or by e-mail at stephen.amirault@dep.state.fl.us.

Sincerely,

F. Thomas Lubozynski, P.E.
Environmental Administrator
Permitting and WCU - Waste, Air, & Stormwater Permitting
