RE: Sarasota Central County Solid Waste Disposal Complex (SCCSWDC)  
Leachate Forcemain  
Permit #130542-002-SO/01  
Certification of Construction Completion

Dear Mr. Coggins:

The Department has reviewed the Certification of Construction Completion and related record documents for the leachate forcemain constructed at the Sarasota County Central County Solid Waste Disposal Complex to discharge leachate directly via pipeline to the Venice wastewater treatment plant (POTW). The certification documents were prepared by PBSJ dated April 2, 2008 (received April 4, 2008), and revised information dated May 27 and 29, 2008 (received May 28 and 30, 2008). Department staff observed the completed construction on April 30, 2008.

Based on the information submitted and the site inspection, the Department Solid Waste Section **approves** the certification documentation and operation of the leachate forcemain in accordance with permit 130542-002-SO/01.

Please be reminded that this approval does not relieve the permittee from compliance with other Department rules or facility permits. If you have any questions, please contact me at (813) 632-7600 ext. 386, or [susan.pelz@dep.state.fl.us](mailto:susan.pelz@dep.state.fl.us).

Sincerely,

Susan J. Pelz, P.E.  
Solid Waste Manager  
Southwest District
