Other							
Total	30.72	3,094.39		2,932.16	224.82		25

- a. Explain all inventory adjustments.
Note consumed tonnages represent processed tires used for daily cover and/or disposal at the JED Solid Waste Management Facility.

- b. List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved?
None

For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach Additional sheets, if necessary.
Remaining inventory was adjusted to 25.0 tons at the end of 2nd Quarter to reflect current stockpile volumes. Stockpile area is in compliance with volume of tires and lay down area of the operations permit.

9. Certification: To the best of my knowledge and belief, I certify the information provided in this report is true, accurate, and complete.
