Waste Profile Program

About the Waste Profile Program

The Waste Profile Program is designed to pre-screen commercial trash and identify whether it is suitable for disposal in the County's Solid Waste Management System. Hazardous waste is prohibited by law. Each customer wishing to dispose of commercial waste streams in Hillsborough County is required to complete and submit a countywide Solid Waste Profile Form prior to disposal.* All waste delivered by Commercial Customers will have standard commercial disposal charges, or tipping fees applied (see Scale House Tipping Fees).

***Commercial facilities that only have yard waste for disposal do not need to obtain approval.**

How to Complete a Solid Waste Profile Form Online

The commercial customer must:

- Have a new contract for solid waste hauling with service beginning on or after October 1, 2013.
- Have an email address to complete the form online.
