Mr. Kaiser,

I have reviewed the document 'Closure Cost Estimating Form for Solid Waste Facilities' dated February 22, 2016 for the above-referenced facility. The Cost estimate correctly used the inflation adjustment factor of 1.014 to calculate a closure cost estimate of \$205,977.22. The closure cost estimate is approved by the Department.

The Department will review and will provide a separate Approval of the Detailed Closure Cost Estimate which was provided in the Taft Recycling Waste Processing Facility Permit Renewal Application, which was received by the Department on February 19, 2016.

The documentation to demonstrate financial assurance must be sent to Susan Eldredge, FDEP Solid Waste Section, MS-4548, 2600 Blair Stone Road, Tallahassee, Florida 32399.

If you have any questions regarding this email, please give me a call at 407-897-2929. You may contact Ms. Eldredge for any questions you have about documentation to demonstrate financial assurance at 850-245-8740 or Susan.F.Eldredge@dep.state.fl.us.

Thank you,
