Re: 2016 Closure Cost Estimate Adjustment for the Econotires, Inc. facility (FDEP File No. 0325377-001-WT / WACS No. 101786 / DERM File No. SW-1860) located at, near, or in the vicinity of 7140-7134 NW 42 ST Miami, Miami-Dade County, Florida.

Dear Ms. Montenegro:

Pursuant to the provisions of Rule 62-711.500(3), Florida Administrative Code (F.A.C.), the facility's closing cost shall be re-estimated annually and submitted to the EPS, for review and approval, at least sixty (60) days prior to the anniversary date of the financial instrument currently on file with the FDEP. Be advised that said re-estimated closing cost was due by March 12, 2016 and is now overdue. Therefore, please provide an updated closure cost estimate for the facility that addresses the following:

- The estimate shall be based on the cost that would be expended to remove, process, transport and dispose of the maximum amount of waste tires (including used tires) that is permitted to be stored at the facility at any time.
- The cost estimate shall be based on a third party, who is not a subsidiary or parent company of the permittee that is able to provide services for the proper closure of the referenced facility (as noted above).
- The cost estimate shall be reported on a per unit (tire) basis and certified by a State of Florida registered Professional Engineer.

The engineer certified cost estimate shall be submitted to the EPS for review and approval at the following address:

Attn: Rashid Z. Istambouli, P.E., Chief
Department of Regulatory and Economic Resources
Pollution Regulation Division, 7th Floor
701 NW 1st Court
Miami, FL 33136

Be advised that failure to provide the required cost adjustment within fifteen (15) days shall result in the referral of the subject facility for formal enforcement action.

If you have any questions regarding this letter, please contact Johnny Vega, P.E. or Susana Palomino, P.E. of the Pollution Regulation Division at (305) 372-6600 or via email respectively at vegajo@miamidade.gov and paloms@miamidade.gov.

Sincerely,

Rashid Z. Istambouli, P.E., Chief
Pollution Regulation Division
