First Half 2004 Sampling Event  
Lena Road Landfill  
GMS ID No. 4041M02025  
FDEP Permit No. 39884-001-SO**

Dear Mr. Morris:

PBS&J is pleased to present this Semi-Annual Water Quality Monitoring Report for the first half of 2004 sampling event at the Lena Road Landfill (LRL) in Manatee County, Florida. The facility is located at 3333 Lena Road in Bradenton, Florida.

## BACKGROUND

The water quality monitoring network at the LRL is designed to monitor the landfill leachate, the surface water of Cypress Strand, and the groundwater within both the surficial and deep (artesian) aquifers beneath the facility. The leachate samples are collected from three leachate pump stations, which are designated numbers 1 through 3. Leachate pump station #4 is for the Stage II landfill that has no solid waste. The surface water samples are collected from two points along Cypress Strand, one which is located upstream of the facility and is designated SW-2, and the other which is located downstream of the facility and is designated SW-1.

There are 27 wells that are used to monitor groundwater quality at the LRL. Nineteen monitoring wells are used to monitor groundwater quality in the surficial aquifer and are designated CW-4, CW-5A, GC-1A through GC-6, LRII-1 through LRII-5, MW-1 through MW-6 and SMR-1. SMR-1 and GC-6 are background wells for the surficial aquifer. Eight wells are used to monitor groundwater quality in the deep aquifer. These wells are designated SA-2 through SA-8, and SMR-2. SMR-2 is the background well for the deep aquifer. A listing of the components that comprise the water quality network is presented in Table 1.

Mr. John Morris  
July 6, 2004  
Page 2

The Specific Condition 31 of the facility's permit requires that the leachate be sampled annually. The leachate is only sampled during the second half sampling event of each year so it was not conducted as part of this sampling event. Groundwater and surface water samples are collected semi-annually. A Florida Department of Environmental Protection (FDEP) Ground Water Monitoring Report form for the first half 2003 sampling event is provided in Attachment A.

### SAMPLE COLLECTION METHODOLOGY

The surface water samples for the first half 2004 sampling event were collected on March 17, 2004. The groundwater samples were collected during the period between March 15 and March 22, 2004. Representatives of P.E. LaMoreaux and Associates, Inc. (PELA) collected the samples. Depth-to-groundwater measurements were made from the top-of-casing (TOC) at each monitoring well at the time of sample collection in order to evaluate the direction of groundwater flow within both the surficial and deep aquifers. The samples were collected in general accordance with the FDEP's Standard Operating Procedure for Field Activities (SOP 001/01). Copies of the field data sheets and the field equipment calibration logs from this sampling event are provided in Attachment B.

The groundwater samples were analyzed for the organic constituents at PELA's Lakeland, Florida laboratory, and for the inorganic constituents at Manatee County Utility Operations' Central Wastewater Laboratory. The samples were analyzed for total ammonia-N, chlorides, iron, mercury, nitrate, sodium, total dissolved solids (TDS) and all of the parameters listed in Appendix I of 40 Code of Federal Regulations (CFR) Part 258. The samples were analyzed in the field at the time of collection for pH, temperature, specific conductivity, dissolved oxygen (DO), and turbidity.

The surface water samples were analyzed in the field for pH, temperature, specific conductivity, DO, and turbidity. The samples were submitted to the same laboratories as the groundwater samples for analysis for total ammonia-N, bicarbonate, chlorides, iron, mercury, nitrate, sodium, TDS, unionized ammonia, total hardness, biochemical oxygen demand (BOD), copper, zinc, total organic carbon (TOC), fecal coliform, total phosphorus, chlorophyll A, total nitrogen, chemical oxygen demand (COD), total suspended solids (TSS), and the parameters listed in Appendix I of 40 CFR Part 258.

## ANALYTICAL RESULTS

### Groundwater Analytical Results

A summary of the groundwater analytical results for the first half 2004 sampling event is presented in Table 2. The concentrations of all of the parameters that were detected in the groundwater were compared to their respective Maximum Contaminant Level (MCL) or Secondary Drinking Water Standard (SDWS), which are promulgated by Chapter 62-550 of the Florida Administrative Code (FAC). Not every compound has an MCL or an SDWS. A summary of the parameters that exceeded the regulatory standards in each aquifer is presented below. The complete groundwater analytical report is provided in Attachment C-1.

#### Surficial Aquifer

Four inorganic parameters were detected in the surficial aquifer at concentrations in excess of the regulatory criteria - pH, arsenic, iron, and TDS. A description of the detection pattern of each parameter is presented below:

- pH – The pH value was lower than the SDWS range of 6.5 and 8.5 at all of the monitoring wells in the surficial aquifer except CW-4, CW-5A and GC-1A. This included the samples collected at the two background wells, GC-6 and SMR-1
- Arsenic - Arsenic has an MCL of 0.05 milligrams per liter (mg/l). The arsenic concentration exceeded its MCL in the sample collected at well GC-2.
- Iron - Iron has an SDWS of 0.3 mg/l. The standard was exceeded in the samples collected at every surficial aquifer well, including the background wells.
- TDS - TDS has an SDWS of 500 mg/l. The TDS concentration in the groundwater samples collected at surficial aquifer wells CW-4 and MW-3 exceeded the standard.

#### Deep Aquifer

With regard to the deep aquifer, the exceedances were limited to pH, iron and TDS. The pH was lower than the standard range at well SA-5 and SA-6 and higher than the standard at SA-8. Iron was higher than the standard in the sample collected at SA-3, and the TDS concentration was higher than the standard in the sample collected at wells SA-6 and SA-8.

Mr. John Morris

Page 4

### **Surface Water Analytical Results**

A summary of the surface water analytical results for the First Half 2003 sampling event is presented in Table 3. The concentration of every parameter that was detected in the surface water was compared to the State surface water criteria, as promulgated by Chapter 62-302, FAC. The fecal coliform and iron concentrations in the sample collected at SW-2 were the only analytes that exceeded the State standards. The complete surface water analytical laboratory report is provided in Attachment C-2.

### **GROUNDWATER FLOW PATTERN**

The depth-to-water and water level elevation readings taken at each monitoring well during the first half 2004 sampling event are provided in Table 4. The water level measurements were subtracted from the TOC elevations to calculate the elevation of the water table at each well. The TOC and water level elevations are referenced in feet above the National Geodetic Vertical Datum (NGVD). The water level elevation data from the shallow monitoring wells was plotted and contoured to generate the water table elevation contour map presented as Figure 1. The data from the deep wells was used to generate the potentiometric surface contour map for the deep aquifer that is presented in Figure 2.

The configuration of the water table indicates that the groundwater within the surficial aquifer (outside the boundary of the landfill) was flowing in a north-northwesterly direction when the readings were taken. The average horizontal gradient across the site measured 0.001 feet per foot (ft/ft). The configuration of the potentiometric surface of the deep aquifer indicates that the groundwater was flowing to the north-northwest beneath the site at an average horizontal gradient of 0.006 ft/ft.

### **SUMMARY**

The groundwater and surface water analytical results during this sampling event were consistent with those of recent sampling events. Four inorganic analytes, pH, iron, TDS and arsenic were detected in the groundwater at concentrations in excess of the regulatory standards. The pH value was outside the prescribed range at most of the shallow and deep wells, whereas most of the iron exceedances occurred in the surficial aquifer. The arsenic and TDS exceedances were limited to a few shallow wells.

Iron and fecal coliform were also the only parameters that exceeded their respective regulatory standards in the surface water samples. Both analytes were detected at elevated levels at SW-2.

Mr. John Morris  
July 6, 2004  
Page 5

The groundwater flow patterns in the surficial and deep aquifers were similar to those of the recent sampling events. The groundwater in both aquifers was flowing in a north-northwesterly direction during this sampling event.

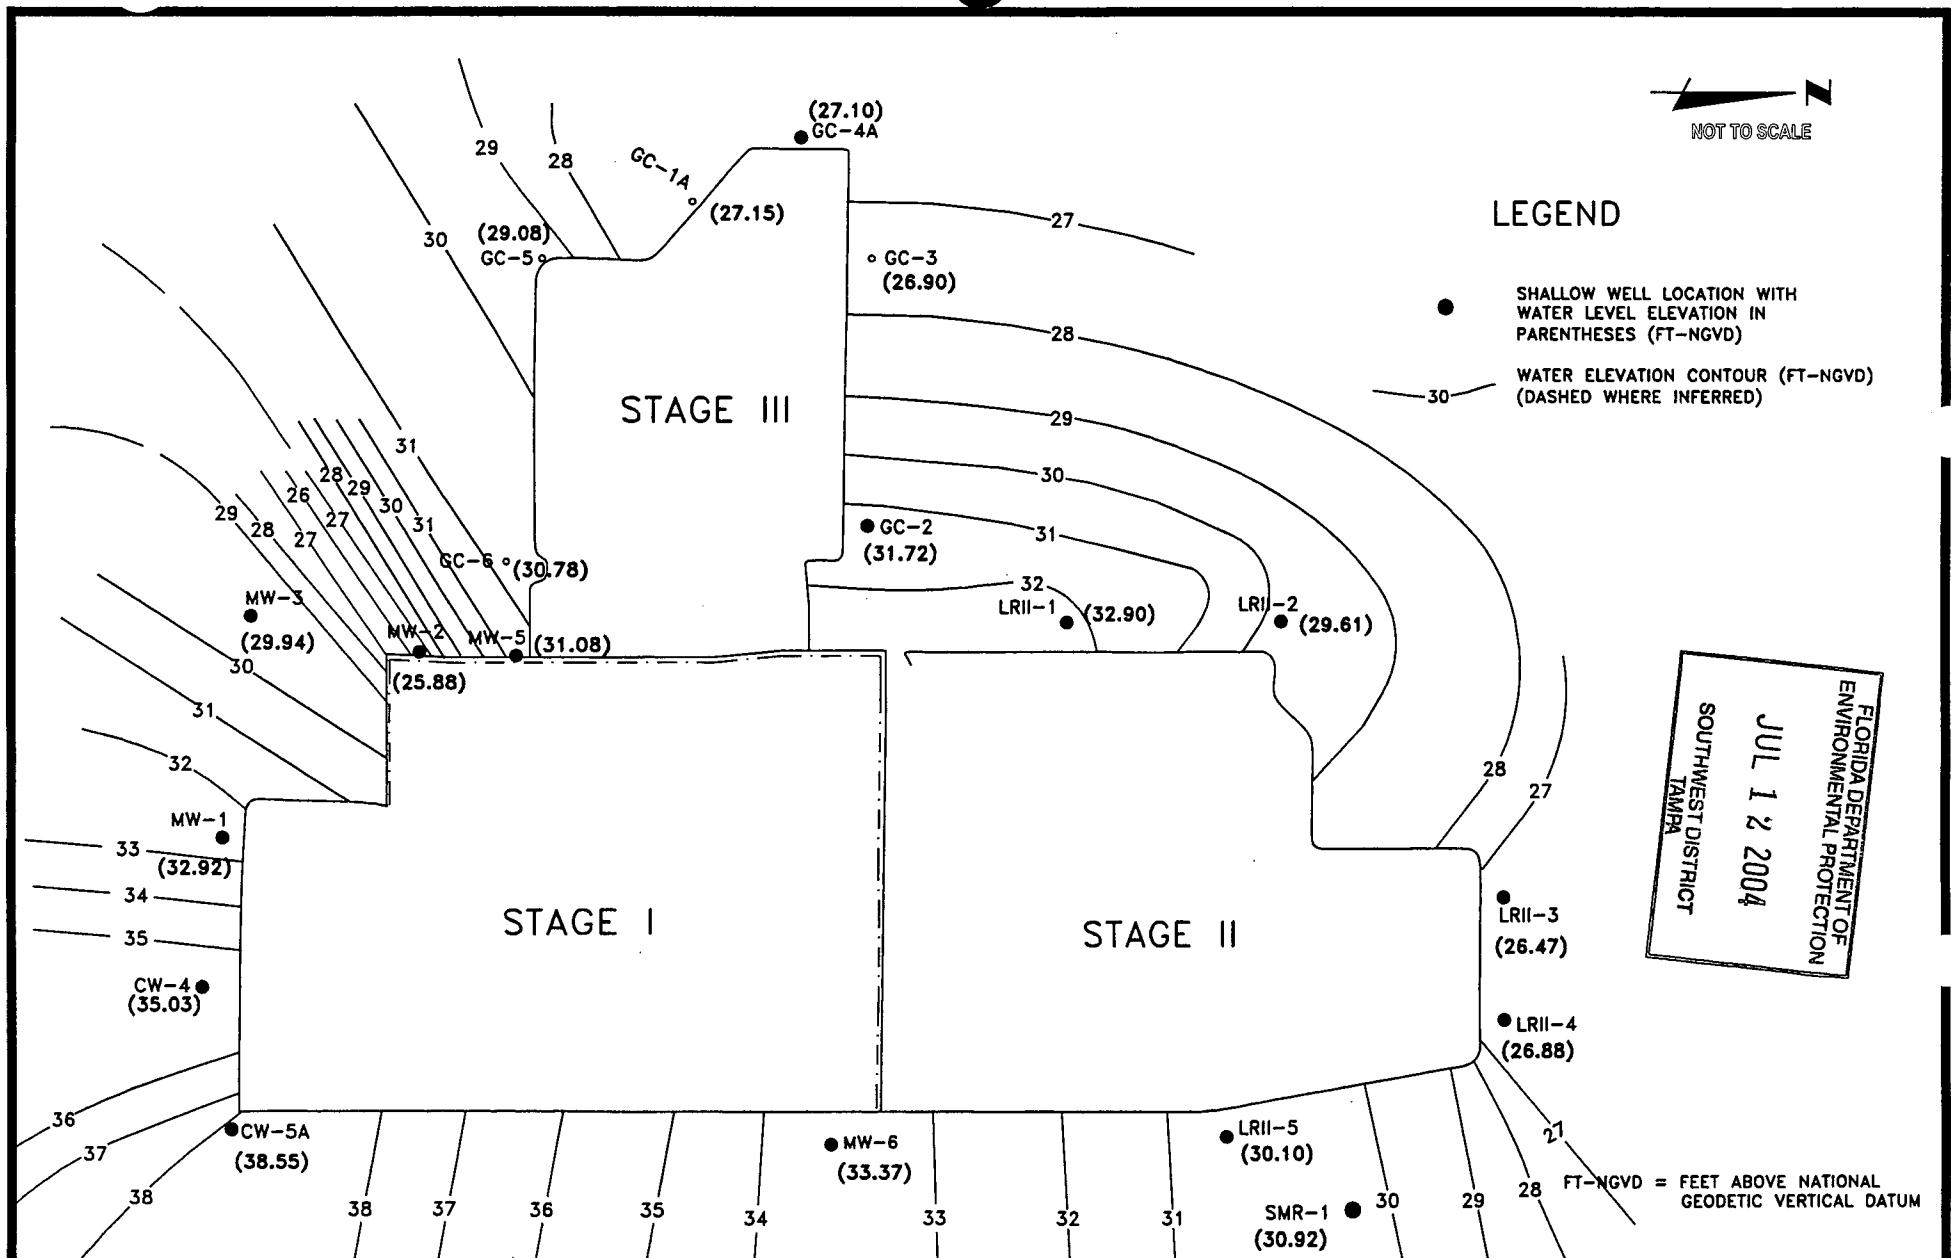

Please call me at (407) 647-7275, ext. 4339 if you have any questions or need any additional information.

Very truly yours,  
Greg Mudd, P.G.

## GROUND WATER MONITORING REPORT

Rule 62-522.600(11)

### PART I GENERAL INFORMATION

(1) Facility Name Manatee County Solid Waste Management Facility – Lena Road Landfill

Address Post Office Box 25010

City Bradenton, Florida

Zip 34206

Telephone Number (941) 748-5543

(2) The GMS Identification Number 4041C02025

(3) DEP Permit Number 39884-001-SO

(4) Authorized Representative Name Daniel T. Gray, Manatee County Utilities Operations Director

Address 4410 66<sup>th</sup> Street West

City Bradenton, Florida

Zip 34210

Telephone Number (941) 792-8811

(5) Type of Discharge N/A

(6) Method of Discharge Unknown, Lined Facility

### Certification

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.

Date: 7/9/04

Signature of Owner or Authorized Representative

| SYMBOLS | DATA QUALIFIER CODES  |
|---------|---|
| A       | Value reported is the mean ( average) of two or more determinations.  |
| H       | Holiday   |
| J       | Estimated value, may not be accurate. Use of this code requires justification for its use and is used in the following situations:<br><ol style="list-style-type: none"><li>1. Exceeding of surrogate recovery limits.</li><li>2. Existence of no quality control criteria for a component.</li><li>3. Failure to meet established precision and accuracy criteria.</li><li>4. Matrix interference.</li><li>5. Questionable data due to improper field or lab protocols.<br/>"J" Values are exclusive and are not used in conjunction with other codes.</li></ol> |
| O       | Indicates Analysis was lost or not performed.   |
| Q       | Indicates that the sample was prepared or analyzed after the holding time expired.  |
| R       | Re-Sample.  |
| U       | Less than the method detection limit..  |
| V       | Blank contamination. Results are valid and can be reported.   |
| X       | Time of the collection was not provided.  |
| %       | Below FDEP Limits.  |
| *       | Analysis performed in house.  |
| #       | No sample received.   |

**P.E. LAMOREAUX & ASSOCIATES, INC.  
GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt, Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose, PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party. In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.  
 Client to pay PELA for disposal       Client to pickup sample
13. Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

**P.E. LAMOREAUX & ASSOCIATES, INC.  
GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt. Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose. PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party. In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.  
 Client to pay PELA for disposal       Client to pickup sample
13. Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

**P.E. LAMOREAUX & ASSOCIATES, INC.  
GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt. Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose. PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party. In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.  
  
Client to pay PELA for disposal \_\_\_\_\_ Client to pickup sample
13. Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

**P.E. LAMOREAUX & ASSOCIATES, INC.  
GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt, Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose. PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party. In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.

13. Client to pay PELA for disposal \_\_\_\_\_ Client to pickup sample  
Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

**P.E. LAMOREAUX & ASSOCIATES, INC.  
GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt, Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose, PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party, In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.
13. Any \_\_\_\_\_ Client to pay PELA for disposal \_\_\_\_\_ Client to pickup sample  
Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

**DATE** / **TIME**

WORK ORDER #

**P.E. LAMOREAUX & ASSOCIATES, INC.  
GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt, Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose, PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party, In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.  
 Client to pay PELA for disposal       Client to pickup sample
13. Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

SECTION 1 of 1

**P.E. LAMOREAUX & ASSOCIATES, INC.  
GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt, Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose, PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party, In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.  
 Client to pay PELA for disposal       Client to pickup sample
13. Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

**P.E. LAMOREAUX & ASSOCIATES, INC.  
GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt, Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose, PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party. In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.  
  
Client to pay PELA for disposal \_\_\_\_\_ Client to pickup sample \_\_\_\_\_
13. Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

#### **WORK ORDER #**

SECTION 1 of 1

**P.E. LAMOREAUX & ASSOCIATES, INC.**  
**GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be Disposed of immediately upon completion of tests. Drilling samples will disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either expresses or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt, Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose, PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party. In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.

- Client to pay PELA for disposal \_\_\_\_\_ Client to pickup sample \_\_\_\_\_
13. Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.

**P.E. LAMOREAUX & ASSOCIATES, INC.**  
**GENERAL CONDITIONS**

1. **Authorized To Proceed:** Signing the Chain of Custody Form shall be construed as authorization by Client and PELA to proceed with work.
2. **Cost Estimates:** Any cost estimated provided by PELA will be on a basis of experience and judgement. PELA has no control over market conditions or bidding procedures and therefore cannot warrant that bids or ultimate costs will not vary from these cost estimates.
3. **Right of Entry:** Client will provide right of entry for PELA. While PELA will take all reasonable precautions to minimize any damage to the property, the client must understand that in the normal course of work some damages may occur, the correction of which is not part of this agreement.
4. **Utilities:** PELA will take responsible precautions to avoid damage or injury to subterranean structures or utilities. Client agrees to hold PELA harmless for any damages to subterranean structures which are not called to PELA's attention and correctly shown on the plans furnished.
5. **Samples:** Unless otherwise provided for, test specimen will be disposed of immediately upon completion of tests. Drilling samples will be disposed of thirty days after submission of our report. Upon written request, we will retain test specimen or drilling samples for a \$15.00 a month storage charge. An additional fee will be charged for disposal of hazardous samples.
6. **Standard of Care:** PELA warrants that its services are performed within the limits prescribed by our clients, with the usual thoroughness and competence of professional geologists, hydrologists, and environmental scientists. No other warranty or representation, either express or implied, is included or intended in our proposals, contracts, or reports.
7. **Payment to PELA:** Cash payment is due upon receipt of samples. Upon approval of a credit application, monthly invoices will be issued by PELA for all work performed under the terms of this agreement. Terms are net thirty (30) days. If, during the execution of the work, PELA is required to stop operations as a result of changes in the scope of work, such as requests by client or requirements or delays of third parties, additional charges will be applicable. Invoices are due and payable on receipt. Interest at the rate of 1.5% per month will be charged on all past due amount, unless not permitted by law, work will be halted if payment is not received within an acceptable time frame.
8. **Ownership of Documents:** All reports, logs, field data, field notes, laboratory data, calculations, estimates, and other documents prepared by PELA as instruments of service, shall remain the property of PELA. The client agrees that all reports and other work furnished to the client or his agents, which is not paid for, will be returned upon demand and will not be used by the client for any purpose. PELA will retain all pertinent records relating to the services performed for a period of three years following submissions of the report, during which period the records will be made available to the client at all reasonable times.
9. **Termination:** Either Client or PELA may terminate this Authorization by giving fifteen (15) days written notice to the other party. In such event, Client shall forthwith pay PELA in full for any work previously authorized and performed prior to effective date of termination. If no notice of termination is given, relationships and obligations created by this agreement shall be terminated upon completion of all applicable requirements of this agreement.
10. **Limited of Liability:** PELA's liability to the Client for any cause or combination of causes is, in the aggregate, limited to an amount no greater than the fee earned under this agreement.
11. **Legal Expenses:** In the event Client makes a claim against PELA, at law or otherwise, for any alleged error, omission, breach of duty or other act arising out of the performance of its professional services and Client does not succeed in obtaining judgment against PELA thereon, or if legal action is brought by PELA against Client to enforce any of the obligations hereunder, and PELA succeeds in obtaining judgment against Client thereon, then, in either event, Client shall pay all costs incurred by PELA in defending the claim brought by Client against PELA and will pay all costs incurred by PELA in asserting or establishing PELA's claim against Client, including but not limited to staff time, attorney's fees, court costs and all other claim-related expenses incurred by PELA.
12. If sample is determined hazardous, initial the method of disposal of remaining sample.

Client to pay PELA for disposal      Client to pickup sample

13. Any unused sample portions that are not suitable for disposal in a municipal waste disposal system will be returned at client's expense.
