Mr. Kirk Wills
Omni Waste of Osceola County, LLC
1501 Omni Way
St. Cloud, Florida 34773

Osceola County – SW WACS # 89544
J.E.D. Solid Waste Management Facility
Approval of Certification of Construction Completion – 2015 Landfill Gas Collection and Control
System (GCCS) Expansion

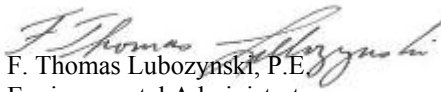

Dear Mr. Wills:

The Department has completed its review of the “Construction Record Documentation Report 2015 Gas Collection and Control System Expansion” report, dated 5/18/16 and submitted 5/20/16. Golder Associates submitted the report on your behalf.

Based on our review of the report and certification by Professional Engineer of Record, Kevin Brown (sealed on 5/20/16), the Department concurs that the facility has completed construction of the GCCS expansion and that it is substantially consistent with plans and specifications approved in DEP Permit No. SC49-0199726-017 as modified by 0199726-028-SC-IM.

The Department considers the gas collection system expansion as meeting the intent of 40 Code of Federal Regulations 60.759(a)(3), that is, siting of collection devices at a sufficient density to resolve parameter exceedances documented in the “2015 Second NSPS Semi-annual Report” dated and received 3/1/16. If you have any questions, please contact Allen Rainey at 407-897-2929 or by email at allen.rainey@dep.state.fl.us.

Sincerely,

F. Thomas Lubozynski, P.E.
Environmental Administrator
Waste, Air, and Stormwater Permitting
