Approval to Accept Waste in Cell 13

Dear Mr. Wills:

The Department has completed review of the following documentation submitted on your behalf by Brantley Engineering, LLC.

- Final Certification Report for Cell 13 Construction and Quality Certification Report, dated and received 9/16/16
- Supplemental Documentation to the Final Certification Report for Cell 13 Construction and Quality Certification Report dated 9/16/16 and received 9/29/16

Based upon the review of the above submittals and certification by Allan Brantley, the Professional Engineer of Record, the Department has no objection to the Certification of Completion of a Solid Waste Management Facility contained in the report dated 9/16/16. The Department concurs that the facility has completed construction of Cell 13 and that it is substantially consistent with plans and specifications approved in DEP Permit No. SC49-0199726-017 as modified by permits 0199726-023-SC-MM and 0199726-026-SC-IM.

As documented by the Department's letter dated July 14, 2016, the facility has demonstrated financial assurance for the facility, including Cell 13. Therefore, as of the date of this letter, Cell 13 is hereby authorized to accept waste.
