Returned Check for Permit Application

Dear Ms. Walters:

On August 23, 2010, the Florida Department of Environmental Protection's South District office received Check No. 16001 in the amount of \$2,500, along with the application package to initiate processing a permit to construct, operate, or modify a solid waste processing facility at the above referenced location. Upon review of the application package, it was determined that the check reflected an overpayment status, and a replacement check was requested.

The Department is in receipt of Check No. 16047 in the amount of \$2,000, received August 27, 2010, to be used as replacement for processing the permit. Enclosed, please find Check No. 16001. If you have any questions, please contact Mr. Albert McLaurin at (863) 314-5975. Thank you for your cooperation in this matter.

Sincerely,

*Bill Krumbholz* for
