## NOTICE OF PERMIT

Sarasota County Solid Waste Operations  
c/o Ms. Lois Rose, Manager  
4000 Knights Trail Road  
Nokomis, Florida 34275

Re: Central County Solid Waste Disposal Complex (CCSWDC) Class I LF  
Phase II Stormwater Management System Modification Construction  
Permit No.: #130542-017-SC/08 and, Sarasota County  
WACS ID No.: SWD/58/51614

Dear Ms. Rose:

Enclosed is permit number 130542-017-SC/08, issued pursuant to  
Section(s) 403.087(1), Florida Statutes.

Any party to this Order (permit) has the right to seek judicial  
review of the Order pursuant to Section 120.68, Florida Statutes, by  
the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules  
of Appellate Procedure, with the Clerk of the Department in the Office  
of General Counsel, 3900 Commonwealth Blvd., Mail Station 35,  
Tallahassee, 32399-3000; and by filing a copy of the Notice of Appeal  
accompanied by the applicable filing fees with the appropriate  
District Court of Appeal. The Notice of Appeal must be filed within  
30 days from the date this Notice is filed with the Clerk of the  
Department.

Executed in Hillsborough County, Florida.

## PERMIT/CERTIFICATION

WACS ID No: SWD/58/51614  
Permit No: **130542-017-SC/08**  
Date of Issue: **06/01/2012**  
Expiration Date: **06/01/2017**  
County: Sarasota  
Lat/Long: 27°12'6.57"N  
82°23'34.07"W  
Sec/Town/Rge: 3/38S/19E  
Project: Central County Solid Waste  
Disposal Complex (CCSWDC),  
Phase II Stormwater Management  
System Improvements Construction

This permit is issued under the provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Rule(s) 62-4, 62-302, 62-330, 62-520, 62-522, 62-550, and 62-701. The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawing(s), plans and other documents, attached hereto or referenced in Specific Condition #A.2., and made a part hereof and specifically described as follows:

To **construct** a temporary stormwater management system within Cells 2, 3, and 4 of Phase II of a Class I landfill, referred to as the Central County Solid Waste Disposal Complex (CCSWDC), Class I Landfill, subject to the specific and general conditions attached, **located at the north end of Knights Trail Road, 2 miles east of I-75, northeast of Venice, Sarasota County, Florida.** The specific conditions attached are for the construction of:

1. A temporary stormwater management system within Cells 2-4 of the Phase II Class I landfill.

**Replaces Permit No.: N/A, new**

This permit contains compliance items summarized in **Attachment 1** that shall be complied with and submitted to the Department by the dates noted. If the compliance dates are not met and submittals are not received by the Department on the dates noted, enforcement action may be initiated to assure compliance with the conditions of this permit.

**GENERAL CONDITIONS:**

1. The terms, conditions, requirements, limitations and restrictions set forth in this permit, are "permit conditions" and are binding and enforceable pursuant to Sections 403.141, 403.161, 403.727, or 403.861, Florida Statutes. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of rights, nor any infringement of federal, State, or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in this permit.
4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgment of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.
6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed and used by the permittee to achieve compliance with the conditions of this permit, are required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.
7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at reasonable times, access to the premises where the permitted activity is located or conducted to:
  - (a) Have access to and copy any records that must be kept under conditions of the permit;
  - (b) Inspect the facility, equipment, practices, or operations regulated or required under this permit; and
  - (c) Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

**GENERAL CONDITIONS:**

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- (a) A description of and cause of noncompliance; and
- (b) The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Sections 403.111 and 403.73, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

10. The permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance; provided, however, the permittee does not waive any other rights granted by Florida Statutes or Department rules.

11. This permit is transferable only upon Department approval in accordance with Rule 62-4.120 and 62-730.300, Florida Administrative Code, as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. This permit also constitutes:

- (a) Determination of Best Available Control Technology (BACT)
- (b) Determination of Prevention of Significant Deterioration (PSD)
- (c) Certification of compliance with State Water Quality Standards (Section 401, PL 92-500)
- (d) Compliance with New Source Performance Standards

**GENERAL CONDITIONS:**

14. The permittee shall comply with the following:

(a) Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.

(b) The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.

(c) Records of monitoring information shall include:

1. the date, exact place, and time of sampling or measurements;
2. the person responsible for performing the sampling or measurements;
3. the dates analyses were performed;
4. the person responsible for performing the analyses;
5. the analytical techniques or methods used;
6. the results of such analyses.

15. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware the relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

**SPECIFIC CONDITIONS: PART A -Solid Waste Facility General Requirements**

1. **Facility Designation.** This site shall be classified as a Class I landfill and shall be constructed, operated, closed, monitored and maintained in accordance with all applicable requirements of Chapters 62-4, 62-302, 62-330, 62-520, 62-522, 62-550, and 62-701, Florida Administrative Code (F.A.C.) and all applicable requirements of Department rules.
2. **Permit Application Documentation.** This permit is valid for **construction** of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill (including removal of the system and restoration of the leachate collection system for each Cell prior to disposal), at the Central County Solid Waste Disposal Complex in accordance with Department rules and the reports, plans and other information prepared by SCS Engineers (unless otherwise specified) as follows:
  - a. Application for Construction/Minor Modification to Class I Operation Permit - Central County Solid Waste Disposal Complex (CCSWDC)... (one 3-ring binder and plan set) dated January 19, 2012 (received January 23, 2012), as revised, replaced or amended (replacement pages inserted into original\*) dated March 2, 2012 (received March 5, 2012). This information includes, but is not limited to:
    - 1) Plan Set titled, Sarasota County Central County Solid Waste Disposal Complex Stormwater Management System Improvements (7 Sheets) dated February 2012 (received March 5, 2012).
  - b. Central County Solid Waste Disposal Complex Cells 1-4 of Phase II Class I Landfill Certification of Construction Completion Report, including Attachments A through F, received on February 12, 2010 and March 4, 2010, prepared by HDR Engineering, Inc. and Ardaman & Associates, Inc., as revised, replaced, or amended April 13, 2010 and May 26, 2010.
3. **Permit Modifications.**
  - a. Any construction or operation not previously approved as part of this permit shall require a separate Department permit unless the Department determines a permit modification to be more appropriate. Any significant changes to the construction or operation at the facility shall require a permit modification. Permits shall be modified in accordance with the requirements of Rule 62-4.080, F.A.C. A modification which is reasonably expected to lead to substantially different environmental impacts which require a detailed review by the Department is considered a substantial modification.
  - b. This permit authorizes the construction of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill and the subsequent removal of the system and restoration of the leachate collection system for each Cell prior to disposal, only.
4. **Permit Renewal.** No later than March 1, 2017, the permittee shall apply for a renewal of a permit on forms and in a manner prescribed by the Department, in order to assure conformance with all applicable Department rules. Permits shall be renewed at least every five years as required by Rule 62-701.320(10)(b), F.A.C.

\* see OCULUS for uncollated submittals

**SPECIFIC CONDITIONS: PART A -Solid Waste Facility General Requirements**

5. **Professional Certification.** Where required by Chapter 471 (P.E.) or Chapter 492 (P.G.), Florida Statutes, applicable portions of permit applications and supporting documents which are submitted to the Department for public record shall be signed and sealed by the professional(s) who prepared or approved them.
6. **General Conditions.** The permittee shall be aware of and operate under the "General Conditions." General Conditions are binding upon the permittee and enforceable pursuant to Chapter 403, Florida Statutes.
7. **Permit Acceptance.** By acceptance of this Permit, the Permittee certifies that he/she has read and understands the obligations imposed by the Specific and General Conditions contained herein and also including date of permit expiration and renewal deadlines. It is a violation of this permit for failure to comply with all conditions and deadlines.
8. **Regulations.** Chapter 62-701, F.A.C., effective January 6, 2010, is incorporated into this permit by reference. In the event that the regulations governing this permitted operation are revised, the Department shall notify the permittee, and the permittee shall request modification of those specific conditions which are affected by the revision of regulations to incorporate those revisions.
9. **Prohibitions.** The prohibitions of Rule 62-701.300, F.A.C., shall not be violated by the activities at this facility.
  - a. In the event that limestone is encountered during excavation or construction activities, the excavation/construction activities shall cease and the Department shall be notified **within 24 hours of discovery**. Written notification shall be submitted **within 7 days of discovery**. The written notification shall include the location, elevation, and extent of limestone noted on a plan sheet, a description of the materials encountered, and a plan of action which ensures that groundwater will not be adversely affected by the continued construction and operation of the facility. Excavation or construction activities shall not resume in the affected area until the Department-approved plan of action has been completed.
  - b. In the event that surface depressions or other occurrences which may be indicative of sinkhole activity or subsurface instability, are discovered on-site, or within 500 feet of the site, the Department shall be notified in accordance with Specific Condition #C.6.b. The written notification shall include a description of the incident, the location and size of the affected area shown on an appropriate plan sheet, and a corrective action plan which describes the actions necessary to prevent the unimpeded discharge of waste or leachate into ground or surface water.
  - c. Open burning of solid waste is prohibited except in accordance with Rule 62-701.300(3) and Chapter 62-256, F.A.C. All fires which require longer than one (1) hour to extinguish must be promptly reported to the Department in accordance with Specific Condition #C.6.b.

**SPECIFIC CONDITIONS: PART B - Construction Requirements**

1.     **Construction.** All significant construction activities shall be approved by the Department prior to initiating work, unless specifically authorized otherwise.

a.     This permit authorizes the construction of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill and the subsequent removal of the system and restoration of the leachate collection system for each Cell prior to disposal.

2.     **Certification of Construction Completion.** All information required by this Specific Condition shall be signed and sealed by a registered professional engineer or land surveyor as appropriate.

a.     **Within sixty (60) days** after construction of the temporary stormwater system has been completed and prior to operation of the system, the following activities shall be completed and submitted by the permittee, and shall be approved by the Department:

1)     The owner or operator shall submit a Certification of Construction Completion, Form 62-701.900(2), signed and sealed by the professional engineer in charge of construction and quality assurance to the Department for approval, and shall arrange for Department representatives to inspect the construction in the company of the permittee, the engineer, and the facility operator.

2)     The owner or operator shall submit Record Drawings/Documents showing all changes (i.e. all additions, deletions, revisions to the plans previously approved by the Department including site grades and elevations). The Record Documents shall include as-built plans details and elevations (survey) as appropriate.

3)     The owner or operator shall submit a narrative indicating all changes in plans, the cause of the deviations, and certification of the Record Drawings/Documents by the Engineer to the Department.

4)     The professional engineer of record shall submit to the Department a final report to verify conformance with the plans and specifications in accordance with Rules 62-701.400(7) and (8), F.A.C.

b.     **Within sixty (60) days** after construction completion and prior to disposal in each Cell 2 through 4, the activities and information specified in Specific Condition #B.2.a. above, related to the removal of the temporary stormwater management system and restoration of the leachate collection system shall be completed and submitted by the permittee, and shall be approved by the Department:

3.     **Leachate Collection and Removal System.**

a.     Upon removal of the installed temporary stormwater management system in Cells 2-4, the leachate collection and removal system for each Cell shall be restored to its prior as-built conditions [ref. SC #A.2.b., above] unless otherwise specified by this permit.

**SPECIFIC CONDITIONS: PART C - Operation Requirements**

**1. Facility Operation Requirements.**

a. The permittee shall operate this facility in accordance with Chapter 62-701, F.A.C., and Operation Permit No. 130542-007-SO/01 or its successors.

c. **In no event** shall waste be accepted for disposal in the Phase II, Cells 2-4 portion of the CCSWDC Class I landfill until the following requirements have been completed and submitted by the Permittee, and approved by the Department:

- 1) Certification of Construction Completion requirements of Specific Conditions #B.2.b.

**2. Facility Personnel.** The owner or operator shall provide adequate personnel for constructing, operating, monitoring and maintaining the facility in an orderly, safe, and sanitary manner.

**3. Control of Access.** Access to, and use of, the facility shall be controlled as required by Rule 62-701.500(5), F.A.C.

**SPECIFIC CONDITIONS: PART D - Recordkeeping**

1. **Report submittals.** Unless otherwise specified, all submittals, notifications, requests for permit modification, reports for compliance with this permit, etc. shall be sent to: Solid Waste Section, Department of Environmental Protection, Southwest District Office, 13051 North Telecom Parkway, Temple Terrace, Fl. 33637-0926.

**SPECIFIC CONDITIONS: PART E - Water Quality Monitoring Requirements**

Water quality monitoring requirements are provided in Operation Permit No. 130542-007-SO/01 or its successors.

**SPECIFIC CONDITIONS: PART F - Landfill Gas Management**

Landfill gas requirements are provided in Operation Permit No. 130542-007-SO/01 or its successors.

**SPECIFIC CONDITIONS: PART G - Closure and Long-Term Care Requirements**

Closure and long-term care requirements for Phase II are provided in Operation Permit No. 130542-007-SO/01 or its successors.

Executed in Hillsborough County, Florida.

## NOTICE OF PERMIT

Sarasota County Solid Waste Operations  
c/o Ms. Lois Rose, Manager  
4000 Knights Trail Road  
Nokomis, Florida 34275

Re: Central County Solid Waste Disposal Complex (CCSWDC) Class I LF  
Phase II Stormwater Management System Modification Construction  
Permit No.: #130542-017-SC/08 and, Sarasota County  
WACS ID No.: SWD/58/51614

Dear Ms. Rose:

Enclosed is permit number 130542-017-SC/08, issued pursuant to  
Section(s) 403.087(1), Florida Statutes.

Any party to this Order (permit) has the right to seek judicial  
review of the Order pursuant to Section 120.68, Florida Statutes, by  
the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules  
of Appellate Procedure, with the Clerk of the Department in the Office  
of General Counsel, 3900 Commonwealth Blvd., Mail Station 35,  
Tallahassee, 32399-3000; and by filing a copy of the Notice of Appeal  
accompanied by the applicable filing fees with the appropriate  
District Court of Appeal. The Notice of Appeal must be filed within  
30 days from the date this Notice is filed with the Clerk of the  
Department.

Executed in Hillsborough County, Florida.

## PERMIT/CERTIFICATION

WACS ID No: SWD/58/51614  
Permit No: **130542-017-SC/08**  
Date of Issue: **06/01/2012**  
Expiration Date: **06/01/2017**  
County: Sarasota  
Lat/Long: 27°12'6.57"N  
82°23'34.07"W  
Sec/Town/Rge: 3/38S/19E  
Project: Central County Solid Waste  
Disposal Complex (CCSWDC),  
Phase II Stormwater Management  
System Improvements Construction

This permit is issued under the provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Rule(s) 62-4, 62-302, 62-330, 62-520, 62-522, 62-550, and 62-701. The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawing(s), plans and other documents, attached hereto or referenced in Specific Condition #A.2., and made a part hereof and specifically described as follows:

To **construct** a temporary stormwater management system within Cells 2, 3, and 4 of Phase II of a Class I landfill, referred to as the Central County Solid Waste Disposal Complex (CCSWDC), Class I Landfill, subject to the specific and general conditions attached, **located at the north end of Knights Trail Road, 2 miles east of I-75, northeast of Venice, Sarasota County, Florida.** The specific conditions attached are for the construction of:

1. A temporary stormwater management system within Cells 2-4 of the Phase II Class I landfill.

**Replaces Permit No.: N/A, new**

This permit contains compliance items summarized in **Attachment 1** that shall be complied with and submitted to the Department by the dates noted. If the compliance dates are not met and submittals are not received by the Department on the dates noted, enforcement action may be initiated to assure compliance with the conditions of this permit.

**GENERAL CONDITIONS:**

1. The terms, conditions, requirements, limitations and restrictions set forth in this permit, are "permit conditions" and are binding and enforceable pursuant to Sections 403.141, 403.161, 403.727, or 403.861, Florida Statutes. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of rights, nor any infringement of federal, State, or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in this permit.
4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgment of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.
6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed and used by the permittee to achieve compliance with the conditions of this permit, are required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.
7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at reasonable times, access to the premises where the permitted activity is located or conducted to:
  - (a) Have access to and copy any records that must be kept under conditions of the permit;
  - (b) Inspect the facility, equipment, practices, or operations regulated or required under this permit; and
  - (c) Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

**GENERAL CONDITIONS:**

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- (a) A description of and cause of noncompliance; and
- (b) The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Sections 403.111 and 403.73, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

10. The permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance; provided, however, the permittee does not waive any other rights granted by Florida Statutes or Department rules.

11. This permit is transferable only upon Department approval in accordance with Rule 62-4.120 and 62-730.300, Florida Administrative Code, as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. This permit also constitutes:

- (a) Determination of Best Available Control Technology (BACT)
- (b) Determination of Prevention of Significant Deterioration (PSD)
- (c) Certification of compliance with State Water Quality Standards (Section 401, PL 92-500)
- (d) Compliance with New Source Performance Standards

**GENERAL CONDITIONS:**

14. The permittee shall comply with the following:

(a) Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.

(b) The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.

(c) Records of monitoring information shall include:

1. the date, exact place, and time of sampling or measurements;
2. the person responsible for performing the sampling or measurements;
3. the dates analyses were performed;
4. the person responsible for performing the analyses;
5. the analytical techniques or methods used;
6. the results of such analyses.

15. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware the relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

**SPECIFIC CONDITIONS: PART A -Solid Waste Facility General Requirements**

1. **Facility Designation.** This site shall be classified as a Class I landfill and shall be constructed, operated, closed, monitored and maintained in accordance with all applicable requirements of Chapters 62-4, 62-302, 62-330, 62-520, 62-522, 62-550, and 62-701, Florida Administrative Code (F.A.C.) and all applicable requirements of Department rules.
2. **Permit Application Documentation.** This permit is valid for **construction** of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill (including removal of the system and restoration of the leachate collection system for each Cell prior to disposal), at the Central County Solid Waste Disposal Complex in accordance with Department rules and the reports, plans and other information prepared by SCS Engineers (unless otherwise specified) as follows:
  - a. Application for Construction/Minor Modification to Class I Operation Permit - Central County Solid Waste Disposal Complex (CCSWDC)... (one 3-ring binder and plan set) dated January 19, 2012 (received January 23, 2012), as revised, replaced or amended (replacement pages inserted into original\*) dated March 2, 2012 (received March 5, 2012). This information includes, but is not limited to:
    - 1) Plan Set titled, Sarasota County Central County Solid Waste Disposal Complex Stormwater Management System Improvements (7 Sheets) dated February 2012 (received March 5, 2012).
  - b. Central County Solid Waste Disposal Complex Cells 1-4 of Phase II Class I Landfill Certification of Construction Completion Report, including Attachments A through F, received on February 12, 2010 and March 4, 2010, prepared by HDR Engineering, Inc. and Ardaman & Associates, Inc., as revised, replaced, or amended April 13, 2010 and May 26, 2010.
3. **Permit Modifications.**
  - a. Any construction or operation not previously approved as part of this permit shall require a separate Department permit unless the Department determines a permit modification to be more appropriate. Any significant changes to the construction or operation at the facility shall require a permit modification. Permits shall be modified in accordance with the requirements of Rule 62-4.080, F.A.C. A modification which is reasonably expected to lead to substantially different environmental impacts which require a detailed review by the Department is considered a substantial modification.
  - b. This permit authorizes the construction of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill and the subsequent removal of the system and restoration of the leachate collection system for each Cell prior to disposal, only.
4. **Permit Renewal.** No later than March 1, 2017, the permittee shall apply for a renewal of a permit on forms and in a manner prescribed by the Department, in order to assure conformance with all applicable Department rules. Permits shall be renewed at least every five years as required by Rule 62-701.320(10)(b), F.A.C.

\* see OCULUS for uncollated submittals

**SPECIFIC CONDITIONS: PART A -Solid Waste Facility General Requirements**

5. **Professional Certification.** Where required by Chapter 471 (P.E.) or Chapter 492 (P.G.), Florida Statutes, applicable portions of permit applications and supporting documents which are submitted to the Department for public record shall be signed and sealed by the professional(s) who prepared or approved them.
6. **General Conditions.** The permittee shall be aware of and operate under the "General Conditions." General Conditions are binding upon the permittee and enforceable pursuant to Chapter 403, Florida Statutes.
7. **Permit Acceptance.** By acceptance of this Permit, the Permittee certifies that he/she has read and understands the obligations imposed by the Specific and General Conditions contained herein and also including date of permit expiration and renewal deadlines. It is a violation of this permit for failure to comply with all conditions and deadlines.
8. **Regulations.** Chapter 62-701, F.A.C., effective January 6, 2010, is incorporated into this permit by reference. In the event that the regulations governing this permitted operation are revised, the Department shall notify the permittee, and the permittee shall request modification of those specific conditions which are affected by the revision of regulations to incorporate those revisions.
9. **Prohibitions.** The prohibitions of Rule 62-701.300, F.A.C., shall not be violated by the activities at this facility.
  - a. In the event that limestone is encountered during excavation or construction activities, the excavation/construction activities shall cease and the Department shall be notified **within 24 hours of discovery**. Written notification shall be submitted **within 7 days of discovery**. The written notification shall include the location, elevation, and extent of limestone noted on a plan sheet, a description of the materials encountered, and a plan of action which ensures that groundwater will not be adversely affected by the continued construction and operation of the facility. Excavation or construction activities shall not resume in the affected area until the Department-approved plan of action has been completed.
  - b. In the event that surface depressions or other occurrences which may be indicative of sinkhole activity or subsurface instability, are discovered on-site, or within 500 feet of the site, the Department shall be notified in accordance with Specific Condition #C.6.b. The written notification shall include a description of the incident, the location and size of the affected area shown on an appropriate plan sheet, and a corrective action plan which describes the actions necessary to prevent the unimpeded discharge of waste or leachate into ground or surface water.
  - c. Open burning of solid waste is prohibited except in accordance with Rule 62-701.300(3) and Chapter 62-256, F.A.C. All fires which require longer than one (1) hour to extinguish must be promptly reported to the Department in accordance with Specific Condition #C.6.b.

**SPECIFIC CONDITIONS: PART B - Construction Requirements**

1. **Construction.** All significant construction activities shall be approved by the Department prior to initiating work, unless specifically authorized otherwise.

a. This permit authorizes the construction of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill and the subsequent removal of the system and restoration of the leachate collection system for each Cell prior to disposal.

2. **Certification of Construction Completion.** All information required by this Specific Condition shall be signed and sealed by a registered professional engineer or land surveyor as appropriate.

a. **Within sixty (60) days** after construction of the temporary stormwater system has been completed and prior to operation of the system, the following activities shall be completed and submitted by the permittee, and shall be approved by the Department:

1) The owner or operator shall submit a Certification of Construction Completion, Form 62-701.900(2), signed and sealed by the professional engineer in charge of construction and quality assurance to the Department for approval, and shall arrange for Department representatives to inspect the construction in the company of the permittee, the engineer, and the facility operator.

2) The owner or operator shall submit Record Drawings/Documents showing all changes (i.e. all additions, deletions, revisions to the plans previously approved by the Department including site grades and elevations). The Record Documents shall include as-built plans details and elevations (survey) as appropriate.

3) The owner or operator shall submit a narrative indicating all changes in plans, the cause of the deviations, and certification of the Record Drawings/Documents by the Engineer to the Department.

4) The professional engineer of record shall submit to the Department a final report to verify conformance with the plans and specifications in accordance with Rules 62-701.400(7) and (8), F.A.C.

b. **Within sixty (60) days** after construction completion and prior to disposal in each Cell 2 through 4, the activities and information specified in Specific Condition #B.2.a. above, related to the removal of the temporary stormwater management system and restoration of the leachate collection system shall be completed and submitted by the permittee, and shall be approved by the Department:

3. **Leachate Collection and Removal System.**

a. Upon removal of the installed temporary stormwater management system in Cells 2-4, the leachate collection and removal system for each Cell shall be restored to its prior as-built conditions [ref. SC #A.2.b., above] unless otherwise specified by this permit.

**SPECIFIC CONDITIONS: PART C - Operation Requirements**

**1. Facility Operation Requirements.**

a. The permittee shall operate this facility in accordance with Chapter 62-701, F.A.C., and Operation Permit No. 130542-007-SO/01 or its successors.

c. **In no event** shall waste be accepted for disposal in the Phase II, Cells 2-4 portion of the CCSWDC Class I landfill until the following requirements have been completed and submitted by the Permittee, and approved by the Department:

- 1) Certification of Construction Completion requirements of Specific Conditions #B.2.b.

**2. Facility Personnel.** The owner or operator shall provide adequate personnel for constructing, operating, monitoring and maintaining the facility in an orderly, safe, and sanitary manner.

**3. Control of Access.** Access to, and use of, the facility shall be controlled as required by Rule 62-701.500(5), F.A.C.

**SPECIFIC CONDITIONS: PART D - Recordkeeping**

1. **Report submittals.** Unless otherwise specified, all submittals, notifications, requests for permit modification, reports for compliance with this permit, etc. shall be sent to: Solid Waste Section, Department of Environmental Protection, Southwest District Office, 13051 North Telecom Parkway, Temple Terrace, Fl. 33637-0926.

**SPECIFIC CONDITIONS: PART E - Water Quality Monitoring Requirements**

Water quality monitoring requirements are provided in Operation Permit No. 130542-007-SO/01 or its successors.

**SPECIFIC CONDITIONS: PART F - Landfill Gas Management**

Landfill gas requirements are provided in Operation Permit No. 130542-007-SO/01 or its successors.

**SPECIFIC CONDITIONS: PART G - Closure and Long-Term Care Requirements**

Closure and long-term care requirements for Phase II are provided in Operation Permit No. 130542-007-SO/01 or its successors.

Executed in Hillsborough County, Florida.

**State of Florida  
Department of Environmental Protection  
Notice of Proposed Agency Action on  
Permit Application**

The Department gives notice of its intent to issue a permit (File No.130542-017-SC/08) to Sarasota County Solid Waste Operations, who applied on January 23, 2012 to the Department of Environmental Protection for a permit to construct a temporary stormwater management system within Cells 2-4 of Phase II of an existing Class I landfill, referred to as the Central County Solid Waste Disposal Complex, subject to the specific and general conditions attached, located at the north end of Knights Trail Road, 2 miles east of 1-75, northeast of Venice, Sarasota County, Florida.

Persons whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below, and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, within fourteen (14) days of publication of this notice. A copy of the petition must also be mailed at the time of filing to the applicant at the address indicated. Failure to file a request for hearing within this time period shall constitute a waiver any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes. Mediation is not available in this proceeding.

The petition shall contain the following information: (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of Department's action, or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by Petitioner, if any; (e) A statement of facts

which petitioner contends warrant reversal or modification of the Department's action or proposed action; and (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department.

Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, Florida Statutes, and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, Florida Administrative Code.

The applications are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at 13051 North Telecom Parkway, Temple Terrace, Florida 33635-0926.

Date of pub: May 12, 2012

**INTENT TO ISSUE**

The Department of Environmental Protection gives notice of its Intent to Issue a construction permit (copy attached) for the proposed project as detailed in the application specified above, for the reasons stated below.

The applicant, Sarasota County Solid Waste Operations, applied on January 23, 2012 to the Department of Environmental Protection for a permit to construct a temporary stormwater management system within Cells 2-4 of Phase II of an existing Class I landfill, referred to as the Central County Solid Waste Disposal Complex, subject to the specific and general conditions attached, located at the north end of Knights Trail Road, 2 miles east of I-75, northeast of Venice, Sarasota County, Florida.

The Department has permitting jurisdiction under Sections 403.707 and 403.861, Florida Statutes (F.S.), and Chapters 62-4 and 62-701, Florida Administrative Code (F.A.C.). The project is not exempt from permitting procedures. The Department has determined that a solid waste construction permit is required for the proposed work.

The Department intends to issue this permit based on its belief that reasonable assurances have been provided to indicate that the proposed project will not adversely impact water quality and the proposed project will comply with appropriate provisions of Chapters 62-4 and 62-701, F.A.C., subject to the specific conditions attached in the permit.

Pursuant to Section 403.815, Florida Statutes and Chapters 62-110 and 28-106, F.A.C., you (the applicant) are required to publish at your own expense the enclosed Notice of Proposed Agency Action on Permit Application. The notice must be published one time only within thirty (30) days of receipt of this intent in the legal ad section of a newspaper of general circulation in the area affected. Proof of publication must be provided to the Department within seven (7) days of publication of the notice. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the permit. The Department will issue the permit with the attached conditions unless petition for administrative proceeding (hearing) is filed pursuant to the provisions of Sections 120.569 and 120.57, Florida Statutes.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant or any of the parties listed below must be filed within fourteen days of receipt of this notice of intent. Petitions filed by

any other person must be filed within fourteen days of publication of the public notice or within fourteen days of receipt of this notice of intent, whichever occurs first. A petitioner must mail a copy of the petition to the applicant at the address indicated above, at the time of filing. The failure of any person to file a petition (or a request for mediation, as discussed below) within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57 of the Florida Statutes, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-5.207 of the Florida Administrative Code.

A petition must contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number, and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of the material facts disputed by the petitioner, if any;
- (e) A statement of the facts that the petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement identifying the rules or statutes that the petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wants the Department to take with respect to the action or proposed action addressed in this notice of intent.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice of intent. Persons whose substantial interests will be affected by any such final decision of the Department on the application have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above. Mediation is not available in this proceeding.

Persons whose substantial interests will be affected by such a modified final decision of the Department have a right to petition for a hearing only in accordance with the requirements for such petitions set forth above, and must therefore file their petitions within fourteen days of receipt of this notice of intent.

When the Order (Permit) is final, any party to the Order has the right to seek judicial review of the Order pursuant to Section 120.68, Florida Statutes, by the filing of a Notice of Appeal pursuant to Rule 9.110, Florida Rules of Appellate Procedure, with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate District Court of Appeal. The Notice of Appeal must be filed within 30 days from the date the Final Order is filed with the Clerk of the Department.

Executed in Hillsborough County, Florida.

**State of Florida**  
**Department of Environmental Protection**  
**Notice of Proposed Agency Action on Permit Application**

The Department gives notice of its intent to issue a permit (File No. 130542-017-SC/08) to Sarasota County Solid Waste Operations, who applied on January 23, 2012 to the Department of Environmental Protection for a permit to construct a temporary stormwater management system within Cells 2-4 of Phase II of an existing Class I landfill, referred to as the Central County Solid Waste Disposal Complex, subject to the specific and general conditions attached, located at the north end of Knights Trail Road, 2 miles east of I-75, northeast of Venice, Sarasota County, Florida.

Persons whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must contain the information set forth below, and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, within fourteen (14) days of publication of this notice. A copy of the petition must also be mailed at the time of filing to the applicant at the address indicated. Failure to file a request for hearing within this time period shall constitute a waiver any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes. Mediation is not available in this proceeding.

The petition shall contain the following information; (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of Department's action, or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of the material facts disputed by Petitioner, if any; (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; and (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; and (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any decision of the Department with regard to the application have the right to petition to become a party to the proceeding. The petition must conform to the requirements specified above and be filed (received) within 14 days of publication of this notice in the Office of General Counsel at the above address of the Department.

Failure to petition within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, Florida Statutes, and to participate as a party to this proceeding. Any subsequent intervention will only be at the approval of the presiding officer upon motion filed pursuant to Rule 28-5.207, Florida Administrative Code.

The applications are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at 13051 North Telecom Parkway, Temple Terrace, Florida 33635-0926.

Sarasota County  
Solid Waste Operations  
c/o Ms. Lois Rose, Manager  
4000 Knights Trail Road  
Nokomis, Florida 34275

## PERMIT/CERTIFICATION

WACS ID No: SWD/58/51614  
Permit No: **130542-017-SC/08**  
Date of Issue:  
Expiration Date:  
County: Sarasota  
Lat/Long: 27°12'6.57"N  
82°23'34.07"W  
Sec/Town/Rge: 3/38S/19E  
Project: Central County Solid Waste  
Disposal Complex (CCSWDC),  
Phase II Stormwater Management  
System Improvements Construction

This permit is issued under the provisions of Chapter 403, Florida Statutes, and Florida Administrative Code Rule(s) 62-4, 62-302, 62-330, 62-520, 62-522, 62-550, and 62-701. The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawing(s), plans and other documents, attached hereto or referenced in Specific Condition #A.2., and made a part hereof and specifically described as follows:

To **construct** a temporary stormwater management system within Cells 2, 3, and 4 of Phase II of a Class I landfill, referred to as the Central County Solid Waste Disposal Complex (CCSWDC), Class I Landfill, subject to the specific and general conditions attached, **located at the north end of Knights Trail Road, 2 miles east of I-75, northeast of Venice, Sarasota County, Florida.** The specific conditions attached are for the construction of:

1. A temporary stormwater management system within Cells 2-4 of the Phase II Class I landfill.

**Replaces Permit No.:** N/A, new

This permit contains compliance items summarized in **Attachment 1** that shall be complied with and submitted to the Department by the dates noted. If the compliance dates are not met and submittals are not received by the Department on the dates noted, enforcement action may be initiated to assure compliance with the conditions of this permit.

**GENERAL CONDITIONS:**

1. The terms, conditions, requirements, limitations and restrictions set forth in this permit, are "permit conditions" and are binding and enforceable pursuant to Sections 403.141, 403.161, 403.727, or 403.861, Florida Statutes. The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.

2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.

3. As provided in subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of rights, nor any infringement of federal, State, or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in this permit.

4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgment of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.

5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.

6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed and used by the permittee to achieve compliance with the conditions of this permit, are required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.

7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at reasonable times, access to the premises where the permitted activity is located or conducted to:

(a) Have access to and copy any records that must be kept under conditions of the permit;

(b) Inspect the facility, equipment, practices, or operations regulated or required under this permit; and

(c) Sample or monitor any substances or parameters at any location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

**GENERAL CONDITIONS:**

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:

- (a) A description of and cause of noncompliance; and
- (b) The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance.

The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.

9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Sections 403.111 and 403.73, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.

10. The permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance; provided, however, the permittee does not waive any other rights granted by Florida Statutes or Department rules.

11. This permit is transferable only upon Department approval in accordance with Rule 62-4.120 and 62-730.300, Florida Administrative Code, as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity.

13. This permit also constitutes:

- (a) Determination of Best Available Control Technology (BACT)
- (b) Determination of Prevention of Significant Deterioration (PSD)
- (c) Certification of compliance with State Water Quality Standards (Section 401, PL 92-500)
- (d) Compliance with New Source Performance Standards

**GENERAL CONDITIONS:**

14. The permittee shall comply with the following:

(a) Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.

(b) The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.

(c) Records of monitoring information shall include:

1. the date, exact place, and time of sampling or measurements;
2. the person responsible for performing the sampling or measurements;
3. the dates analyses were performed;
4. the person responsible for performing the analyses;
5. the analytical techniques or methods used;
6. the results of such analyses.

15. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware the relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

**SPECIFIC CONDITIONS: PART A -Solid Waste Facility General Requirements**

1. **Facility Designation.** This site shall be classified as a Class I landfill and shall be constructed, operated, closed, monitored and maintained in accordance with all applicable requirements of Chapters 62-4, 62-302, 62-330, 62-520, 62-522, 62-550, and 62-701, Florida Administrative Code (F.A.C.) and all applicable requirements of Department rules.
2. **Permit Application Documentation.** This permit is valid for construction of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill (including removal of the system and restoration of the leachate collection system for each Cell prior to disposal), at the Central County Solid Waste Disposal Complex in accordance with Department rules and the reports, plans and other information prepared by SCS Engineers (unless otherwise specified) as follows:
  - a. Application for Construction/Minor Modification to Class I Operation Permit - Central County Solid Waste Disposal Complex (CCSWDC)... (one 3-ring binder and plan set) dated January 19, 2012 (received January 23, 2012), as revised, replaced or amended (replacement pages inserted into original\*) dated March 2, 2012 (received March 5, 2012). This information includes, but is not limited to:
    - 1) Plan Set titled, Sarasota County Central County Solid Waste Disposal Complex Stormwater Management System Improvements (7 Sheets) dated February 2012 (received March 5, 2012).
  - b. Central County Solid Waste Disposal Complex Cells 1-4 of Phase II Class I Landfill Certification of Construction Completion Report, including Attachments A through F, received on February 12, 2010 and March 4, 2010, prepared by HDR Engineering, Inc. and Ardaman & Associates, Inc., as revised, replaced, or amended April 13, 2010 and May 26, 2010.
3. **Permit Modifications.**
  - a. Any construction or operation not previously approved as part of this permit shall require a separate Department permit unless the Department determines a permit modification to be more appropriate. Any significant changes to the construction or operation at the facility shall require a permit modification. Permits shall be modified in accordance with the requirements of Rule 62-4.080, F.A.C. A modification which is reasonably expected to lead to substantially different environmental impacts which require a detailed review by the Department is considered a substantial modification.
  - b. This permit authorizes the construction of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill and the subsequent removal of the system and restoration of the leachate collection system for each Cell prior to disposal, only.
4. **Permit Renewal.** No later than March 1, 2017, the permittee shall apply for a renewal of a permit on forms and in a manner prescribed by the Department, in order to assure conformance with all applicable Department rules. Permits shall be renewed at least every five years as required by Rule 62-701.320(10)(b), F.A.C.

\* see OCULUS for uncollated submittals

**SPECIFIC CONDITIONS: PART A -Solid Waste Facility General Requirements**

5. **Professional Certification.** Where required by Chapter 471 (P.E.) or Chapter 492 (P.G.), Florida Statutes, applicable portions of permit applications and supporting documents which are submitted to the Department for public record shall be signed and sealed by the professional(s) who prepared or approved them.
6. **General Conditions.** The permittee shall be aware of and operate under the "General Conditions." General Conditions are binding upon the permittee and enforceable pursuant to Chapter 403, Florida Statutes.
7. **Permit Acceptance.** By acceptance of this Permit, the Permittee certifies that he/she has read and understands the obligations imposed by the Specific and General Conditions contained herein and also including date of permit expiration and renewal deadlines. It is a violation of this permit for failure to comply with all conditions and deadlines.
8. **Regulations.** Chapter 62-701, F.A.C., effective January 6, 2010, is incorporated into this permit by reference. In the event that the regulations governing this permitted operation are revised, the Department shall notify the permittee, and the permittee shall request modification of those specific conditions which are affected by the revision of regulations to incorporate those revisions.
9. **Prohibitions.** The prohibitions of Rule 62-701.300, F.A.C., shall not be violated by the activities at this facility.
  - a. In the event that limestone is encountered during excavation or construction activities, the excavation/construction activities shall cease and the Department shall be notified **within 24 hours of discovery**. Written notification shall be submitted **within 7 days of discovery**. The written notification shall include the location, elevation, and extent of limestone noted on a plan sheet, a description of the materials encountered, and a plan of action which ensures that groundwater will not be adversely affected by the continued construction and operation of the facility. Excavation or construction activities shall not resume in the affected area until the Department-approved plan of action has been completed.
  - b. In the event that surface depressions or other occurrences which may be indicative of sinkhole activity or subsurface instability, are discovered on-site, or within 500 feet of the site, the Department shall be notified in accordance with Specific Condition #C.6.b. The written notification shall include a description of the incident, the location and size of the affected area shown on an appropriate plan sheet, and a corrective action plan which describes the actions necessary to prevent the unimpeded discharge of waste or leachate into ground or surface water.
  - c. Open burning of solid waste is prohibited except in accordance with Rule 62-701.300(3) and Chapter 62-256, F.A.C. All fires which require longer than one (1) hour to extinguish must be promptly reported to the Department in accordance with Specific Condition #C.6.b.

**SPECIFIC CONDITIONS: PART B - Construction Requirements**

1. **Construction.** All significant construction activities shall be approved by the Department prior to initiating work, unless specifically authorized otherwise.

a. This permit authorizes the construction of a temporary stormwater management system within the non-operating Cells 2-4 of Phase II of the Class I landfill and the subsequent removal of the system and restoration of the leachate collection system for each Cell prior to disposal.

2. **Certification of Construction Completion.** All information required by this Specific Condition shall be signed and sealed by a registered professional engineer or land surveyor as appropriate.

a. **Within sixty (60) days** after construction of the temporary stormwater system has been completed and prior to operation of the system, the following activities shall be completed and submitted by the permittee, and shall be approved by the Department:

1) The owner or operator shall submit a Certification of Construction Completion, Form 62-701.900(2), signed and sealed by the professional engineer in charge of construction and quality assurance to the Department for approval, and shall arrange for Department representatives to inspect the construction in the company of the permittee, the engineer, and the facility operator.

2) The owner or operator shall submit Record Drawings/Documents showing all changes (i.e. all additions, deletions, revisions to the plans previously approved by the Department including site grades and elevations). The Record Documents shall include as-built plans details and elevations (survey) as appropriate.

3) The owner or operator shall submit a narrative indicating all changes in plans, the cause of the deviations, and certification of the Record Drawings/Documents by the Engineer to the Department.

4) The professional engineer of record shall submit to the Department a final report to verify conformance with the plans and specifications in accordance with Rules 62-701.400(7) and (8), F.A.C.

b. **Within sixty (60) days** after construction completion and prior to disposal in each Cell 2 through 4, the activities and information specified in Specific Condition #B.2.a. above, related to the removal of the temporary stormwater management system and restoration of the leachate collection system shall be completed and submitted by the permittee, and shall be approved by the Department:

3. **Leachate Collection and Removal System.**

a. Upon removal of the installed temporary stormwater management system in Cells 2-4, the leachate collection and removal system for each Cell shall be restored to its prior as-built conditions [ref. SC #A.2.b., above] unless otherwise specified by this permit.

**SPECIFIC CONDITIONS: PART C - Operation Requirements**

1.    **Facility Operation Requirements.**
  - a.    The permittee shall operate this facility in accordance with Chapter 62-701, F.A.C., and Operation Permit No. 130542-007-SO/01 or its successors.
  - c.    **In no event** shall waste be accepted for disposal in the Phase II, Cells 2-4 portion of the CCSWDC Class I landfill until the following requirements have been completed and submitted by the Permittee, and approved by the Department:
    - 1)    Certification of Construction Completion requirements of Specific Conditions #B.2.b.
2.    **Facility Personnel.** The owner or operator shall provide adequate personnel for constructing, operating, monitoring and maintaining the facility in an orderly, safe, and sanitary manner.
3.    **Control of Access.** Access to, and use of, the facility shall be controlled as required by Rule 62-701.500(5), F.A.C.

**SPECIFIC CONDITIONS: PART D - Recordkeeping**

1. **Report submittals.** Unless otherwise specified, all submittals, notifications, requests for permit modification, reports for compliance with this permit, etc. shall be sent to: Solid Waste Section, Department of Environmental Protection, Southwest District Office, 13051 North Telecom Parkway, Temple Terrace, Fl. 33637-0926.

**SPECIFIC CONDITIONS: PART E - Water Quality Monitoring Requirements**

Water quality monitoring requirements are provided in Operation Permit No. 130542-007-SO/01 or its successors.

**SPECIFIC CONDITIONS: PART F - Landfill Gas Management**

Landfill gas requirements are provided in Operation Permit No. 130542-007-SO/01 or its successors.

**SPECIFIC CONDITIONS: PART G - Closure and Long-Term Care Requirements**

Closure and long-term care requirements for Phase II are provided in Operation Permit No. 130542-007-SO/01 or its successors.

ATTACHMENT 1

Specific Condition	Submittal Due Date	Required Item
A.4.	March 1, 2017	Submit permit renewal application
A.9.a.	Within 24 hours of discovery	Notification of sinkholes or subsurface instability
	Within 7 days of verbal notification	Written notification & corrective action plan
B.2.a.	Within 60 days of completion	Submit certification of construction completion, record drawings, etc for temporary stormwater management system.
B.2.b.	Within 60 days of completion in each Cell	Submit certification of construction completion, record drawings, etc for removal of temporary stormwater management system and restoration of leachate collection system in each Cell.

## CERTIFICATION

Application No.: 130542-017-SC/08, Sarasota County

Facility : Sarasota Central Landfill

Project: Phase II stormwater management/leachate collection system  
modifications

Applicant: Sarasota County Solid Waste Operations

I hereby certify that the engineering features described in the above-referenced application **provide** reasonable assurance of compliance with applicable provisions of Chapter 403, Florida Statutes, and Chapters 62-701, Florida Administrative Code. However, I have not evaluated and I do not certify aspects of the proposal outside my area of expertise (including but not limited to the electrical, mechanical and structural features).

Nokomis, Florida 34275

February 17, 2012

**RE: CCSWDC Class I Landfill, Sarasota County  
Phase II Stormwater Management System & Operation Permit Modifications  
Pending Permit #130542-017-SC/08 and Permit Modification #130542-018-SO/MM  
to Operation Permit No.: 130542-007-SO/01  
WACS ID No.: SWD/58/51614**

Dear Ms. Rose:

This is to acknowledge receipt of the permit applications prepared by SCS Engineers, dated January 20, 2012 (received January 23, 2012), in support of a modification of Phase II stormwater management system and operation of the Phase II Class I landfill, at the Central County Solid Waste Disposal Complex.

This letter constitutes notice that a permit will be required for your project pursuant to Chapter(s) 403, Florida Statutes.

Your application for a permit is incomplete. This is the Department's 1<sup>st</sup> request for information. Please provide the information listed below promptly. Evaluation of your proposed project will be delayed until all requested information has been received.

## GENERAL:

1. The requested information and comments below do not repeat the information submitted by the applicant. However, every effort has been made to concisely refer to the section, page, drawing detail number, etc. where the information has been presented in the original submittal.
2. Please submit **4 copies** of all requested information. Please specify if revised information is intended to supplement, or replace, previously submitted information. Please submit all revised plans and reports as a complete package. For revisions to the narrative reports, deletions may be struckthrough (~~struckthrough~~) and additions may be underlined underlined or similar notation method. This format will expedite the review process. Please include revision date on all revised pages.
3. Please provide a summary of all revisions to drawings, and indicate the revision on each of the applicable plan sheets. Please use a consistent numbering system for drawings. If new sheets must be added to the original plan set, please use the same numbering system with a prefix or suffix to indicate the sheet was an addition, e.g. Sheet 1A, 1B, P1-A, etc.
4. Please be advised that although some comments do not explicitly request additional information, the intent of all comments shall be to request revised calculations, narrative, technical specifications, QA documentation, plan sheets, clarification to the item, and/or other information as appropriate. **Please be reminded that all calculations must be signed and sealed by the registered professional engineer (or geologist as appropriate) who prepared them.**

The following information is needed in support of the solid waste application [Chapter 62-701, Florida Administrative Code (F.A.C.)]:

**SECTION A - FDEP FORM 62-701.900(1)**

1. **Rule 62-701.320(7)(b), F.A.C.** Application Form #62-701.900(1): Please address the following comments regarding the permit application form and provide a revised application form or replacement pages with the following information, where applicable:

- a. §A.3. Since this application is for both a new construction other permit and operation permit minor modification, please revise this section to also check the "New" box.
- b. §B.20. Phase II has a double geomembrane liner system. Please revise this section accordingly.

**SECTION A - GENERAL INFORMATION**

2. As understood by the Department and indicated in Section D.5 of this application, this permit application is for a construction other permit for modification of the stormwater management system in Phase II and a minor permit modification of the facility's operation permit. Please verify and revise this section to refer to the modification of the facility's existing operation permit rather than the Phase I closure permit and revise Attachment A-1, as applicable.

**SECTION G - LANDFILL CONSTRUCTION REQUIREMENTS**

3. **Section G.8.b:** The Department believes that Cell 2 Alternate B is problematic for the following reasons. Please either revise this section and all other appropriate sections of application (e.g. Op. Plan, construction drawings, etc.) to address the following comments or preferably remove Alternate B from the permit application.

- a. Please provide a detailed explanation of how the 8" pipe will be installed through north berm. Please provide a CQA Plan for Alternate B and technical specification related to earthwork, directional drilling, and/or liner system installation and repair, as appropriate. The Department is concerned that either berm excavation or directional drilling through the berm will result in unwarranted damage to the installed liner system.
- b. Please verify whether Alternate B was proposed to allow for simultaneous use of the leachate collection system in Cell 2 and the constructed Alternate B stormwater removal system. Under those circumstances, since Phase II has a double geomembrane liner system with and underlying GCL layer, an installed boot at the liner penetration appears to be inadequate to "seal the liner system". In particular, a boot on the primary liner would not seal the underlying leak detection geocomposite, secondary liner, or GCL layer at the pipe penetration and therefore will not prevent leachate leakage through the liner penetration from the leak detection system. Please verify and address this concern.

**ATTACHMENT K.1 - MODIFIED OPERATIONS PLAN AND DRAWINGS (RULE 62-701.320(7)(e)1., F.A.C.)**

**Operations Plan:**

**4. Section Part K.2.h.:**

- a. Please revise the second sentence in the third paragraph of this section to also indicate the stormwater may be pumped over the berm as further described later in this section.
- b. The description of the management of stormwater that has been in contact with waste appears to have been deleted from this section. Please verify and revise this section to include these procedures.
- c. Prior to acceptance of waste in each cell, the stormwater inlets and piping shall also be removed from cell and the leachate collection piping and the 2-foot liner protective soil layer shall be also be restored to design and permitted specifications. Please revise this section to include these procedures.
- d. The revisions to this section refer to a "6-inch protective layer". The designed and permitted liner protective layer in Phase II is 2-foot thick. Please verify and revise this section accordingly.
- e. After both the stormwater system is installed and after the system is decommissioned and liner and leachate collection system repair work is completed, the County shall provide construction certification for the completed work. Please revise this section accordingly.

**Drawings:**

5. Please revise the construction drawings, as appropriate, based on your responses to Comments #3 and #4 above.

**This staff assessment is preliminary and is designed to assist in the review of the application prior to final agency action. The comments provided herein are not the final position of the Department and may be subject to revision pursuant to additional information and further review.**

**Please provide all responses that relate to engineering for design and operation, including plan sheets, signed and sealed by a professional engineer. Responses that relate to the facility operations should be included as part of the Operation Plan. All replacement pages should be numbered, and with revision date.**

Please respond by **April 6, 2012**, or alternate date established during the meeting requested below, responding to all of the information requests and indicating when a response to any unanswered questions will be submitted. If the response will require longer than the above schedule, you should develop an alternate timetable for the submission of the requested information for Department review and consideration. If the Department does not receive a timely, complete response to this request for information, the Department may issue a final order denying your application. A denial for lack of information or response will be unbiased as to the merits of the application. The applicant may reapply as soon as the requested information is available.

Ms. Lois Rose, Manager  
Sarasota County Solid Waste Operations

Sarasota CCSWDC Stormwater Mgmt & Operation Modification  
Page 4 of 4

You are requested to submit 4 copies of your response to this letter as one complete package. It is recommended that the applicant contact the Department to set up a teleconference or meeting to discuss this letter and subsequent submittals. Please contact me at (813) 632-7600 ext. 385 should you have any questions or comments regarding this letter or to schedule a meeting or teleconference.

Sincerely,

Steven G. Morgan
