Nolin,

We have reviewed the draft permit. Please find attached a tracked changes versions with some suggested edits and comments.

Concerning ***D. Financial Assurance and Cost Estimates***, can you revise the text to clarify that the financial assurance and annual cost estimates are already covered under the documents submitted annually for the Sarasota County Central County Solid Waste Disposal Complex (full and inflation adjusted estimates) and separate estimates are not required?

Gents,

Here is an informal draft of the Waste Tire permit. Please look it over and let me know what changes should be made. If I don't here back, I'll route it as a final permit on Friday, June 16.

Sincerely,
