Dear Mr. Morgan:

Pursuant to the subject order, the City is responding with the fifth progress report. This report updates the progress of the Material Stockpile Recycling Plan which includes each type of solid waste removed from the facility, where it was disposed and a summary from all the previous reports.

The stockpile was removed to the surrounding ground elevations, where there appeared to be an end of the material.

In May, the City used Huffman Trucking, Inc. to haul the debris to the appropriate sites. For this month:
