Mr. Josef F. Grusauskas, Director  
Volusia County Solid Waste Services  
3151 E. State Road 44  
Deland, Florida 32724

OCD-SW-02-0390

Volusia County - SW/WT  
Waste Tire Removal Program

Dear Mr. Grusauskas:

Many Florida counties, including yours, are currently under a medical alert for two potentially serious diseases, namely West Nile Virus (WNV) and Eastern Equine Encephalitis (EEE). Both diseases can be communicated to humans by mosquito species known to breed in waste tire piles. The purpose of this letter is to request your support and advise you of assistance that the Department of Environmental Protection (DEP) is willing to offer to remove and process waste tire piles from our communities.

We are asking for your cooperation in a program to remove and process as many waste tire piles in our communities as possible. The program will have 4 steps.

- 1. Identifying and prioritizing waste tire piles.** From reports of tire piles by citizens and county staff, DEP will compile a list of tire piles, inspect the piles, estimate the quantity of waste tires, and set priorities for pile removal. DEP and county staff will contact the responsible party to determine if they are willing and able to remove the waste tires from the site.
- 2. Amnesty Day Program**—Counties may request support for amnesty days to allow local residents to remove small quantities of tires from local properties. The county will be responsible for: (1) requesting assistance from DEP for a specific time interval and estimated quantity of tires so that DEP can make necessary contractor arrangements; (2) designating a secure and monitored collection site for receipt of quantities of up to 25 tires per delivery by local residents; and (3) seeing that these tires are efficiently loaded into trailers located at these sites. DEP will use and pay for; its contractors to transport process and properly use or dispose of the tires.

*"More Protection, Less Process"*

Printed on recycled paper.

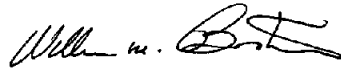

3. **Small Site Assistance**—Counties may request assistance in cleaning up specifically identified sites containing less than 5,000 tires, subject to prioritization and prior approval by DEP. Tires from very small pre-approved sites (less than 1,000 tires) will have to be transported to a designated collection site and loaded onto transport trailers by the landowner, responsible party or county. The landowner and/or responsible party must sign an agreement not to accumulate additional tires in exchange for the state waiving cost recovery for transport and disposal costs for as long as the agreement is honored.

Tires from larger sites (up to 5,000 tires) may be considered by DEP for similar treatment under appropriate conditions, or trailers may be placed at a pre-approved site for loading by the responsible party or the county. DEP will bear the cost of transport and disposal for pre-approved quantities of tires.

4. **Large Site Assistance**—State, county and local enforcement groups will coordinate efforts to identify larger sites (over 5,000 tires) and encourage cleanup by the responsible parties. If the responsible party is unable or unwilling to abate the site promptly, site access will be requested in writing so that DEP or the county can abate the site. DEP will use its contractors, or alternative cooperative efforts with the county, and will follow our normal procedures to clean up these sites.

For this program to be effective, teamwork is essential. State and local governments and individual citizens must be willing to participate. Please agree to help us make an impact on this problem by providing an appropriate contact person in Volusia County to coordinate with DEP staff. If you have any questions or need further information, please contact Jessie Carpenter of the Waste Tire Program, Tallahassee Office, at (850) 245- 8756 or Gloria-Jean De Pradine at (407) 893-3994.

Sincerely,

William M. Bostwick for

Vivian F. Garfein, Director  
Central District

**FOR IMMEDIATE RELEASE**  
October 16, 2002

**CONTACT: Bill Parizek**  
850-245-4111

**MEDICAL ALERT FOR WEST NILE VIRUS EXTENDED TO INCLUDE CITRUS,  
COLLIER, DESOTO, GLADES, HARDEE, HENDRY, HIGHLANDS, MARTIN,  
OKEECHOBEE AND ST. LUCIE COUNTIES**

**TALLAHASSEE**—Due to West Nile (WN) virus detection in birds and other animals, Florida Department of Health Secretary John O. Agwunobi, M.D., M.B.A., today placed Citrus, Collier, DeSoto, Glades, Hardee, Hendry, Highlands, Martin, Okeechobee and St. Lucie counties on medical alert. The following 34 counties are now under medical alert: Alachua, Brevard, Charlotte, Citrus, Collier, DeSoto, Escambia, Flagler, Glades, Hardee, Hendry, Hernando, Highlands, Hillsborough, Indian River, Lake, Lee, Manatee, Marion, Martin, Okeechobee, Orange, Osceola, Palm Beach, Pasco, Pinellas, Polk, Putnam, Sarasota, Seminole, St. Johns, St. Lucie, Sumter and Volusia counties.

"With the addition of these 10 counties, over half our state is now under medical alert for West Nile virus. However, everyone in our state, regardless of whether their particular county is under medical alert, should be diligent about taking precautionary measures," said Agwunobi. "The most effective way to prevent getting mosquito-borne diseases is to continue taking precautionary measures to avoid being bitten."

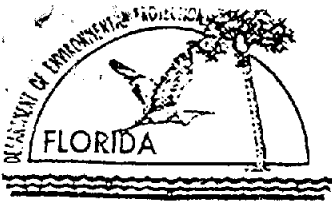

Agwunobi recommends people take the following precautionary measures:

- Avoid outdoor activities when mosquitoes are active, especially at dusk and dawn;
- If you must be outdoors when mosquitoes are active, cover up by wearing shoes, socks, long pants and a long-sleeved shirt. Additional protection can be obtained by applying permethrin repellent directly to clothing;
- For adults and children older than two months of age, the best protection is achieved by using mosquito repellent containing 30 percent DEET (N,N-Diethyl-meta-toluamide also called N,N-diethyl-3-methylbenzamide) according to manufacturer's directions. Greater concentrations provide no additional benefits and risk increased incidence of side effects. For children younger than two months of age DEET is not recommended; use protective clothing and cover with mosquito netting; and
- Eliminate stagnant water in birdbaths, ponds and other receptacles in which mosquitoes might breed by emptying or changing.

The Department of Health laboratories provide testing services for physicians treating patients with clinical signs of mosquito-borne (arboviral) disease. These signs may include headache, fever, fatigue, dizziness, weakness and confusion. Physicians should submit serum and, if available, cerebrospinal fluid samples to either the Tampa or Jacksonville Department of Health laboratories. People over the age of 50 are at the greatest risk of having severe disease from an arbovirus infection.

DOH continues to conduct statewide surveillance for arboviruses, including West Nile (WN) virus, Eastern Equine Encephalomyelitis (EEE) and St. Louis Encephalitis (SLE). Residents of Florida are encouraged to report dead birds by calling the West Nile Virus Hotline at 1-800-871-9703, or via the Web site [www.wildflorida.org/bird/](http://www.wildflorida.org/bird/). For more information on WN virus, visit the DOH Bureau of Epidemiology's Web site at [www.doh.state.fl.us](http://www.doh.state.fl.us) (click on Epidemiology, then Health Topics), call the Bureau's hotline at 1-888-880-5782 for recorded information, or call your local county health department.

Pursuant to Rule 62-711.520, Florida Administrative Code, to obtain a waste tire collector registration number and approval to transport waste tires, a collector shall submit the following information on this form to the Department.

Type of Collector: ( ) For Hire Collector ( ) Not For Hire ( ) Registered with ICC ( ) Government Entity

### Part I- Business Information:

- Business name of collector: TOMOKA SALVAGE INC. Company ID Number: #2024  
(assigned by Department)
- Other business names of collector (DBA's): NONE
- Mailing address of collector: P.O. BOX 2635  
City ORMOND BEACH State FL Zip 32175
- Street address of collector: 848 HULL RD  
City ORMOND BEACH County VOLUSIA State FL Zip 32174
- Telephone number of collector: (904)
- Federal Employer Identification number (FEID) of Collector: 59-3420538

6/2

7. Have any enforcement actions been taken by the Department or other governmental agency against the applicant for violation of Department rules relating to the collection or disposal of waste tires? This includes any Complaint, Notice of Violation, revocation or suspension of a registration, as well as any Consent Order in which a violation of Department rules is admitted. It does not include a Warning Letter, Warning Notice, Notice of Noncompliance, or other similar document which does not constitute agency action.  
Yes \_\_\_\_\_ No X If yes, attach a history and description of the enforcement actions.

### Part II- Person in charge of Waste Tire Collection Operations:

- Name of Person in charge of Waste Tire Collection Operations: JIM CINELLI
- Date of Birth of Person in charge of Waste Tire Collection Operations: 10-23-55

Corporations also complete Part III.

### Part III- Corporations:

- Corporation Name: TOMOKA SALVAGE INC
- Corporation Filing Date: 12-1-96 State of Incorporation: 10-12-20-96
- Corporation Officers: JOHN CINELLI SR. / JOHN CINELLI JR. / JAMES V. CINELLI
- Florida Resident Agent of Corporation: JAMES V. CINELLI

**RECEIVED**  
\$1105  
OCT 9 1998

Part IV- Collection and Disposal Information:

1. List all known locations where you will be collecting waste tires (attach additional sheets if necessary)

Name	Address	City	State
<u>VOLUSIA CO. LANDFILL</u>	<u>TOMOKA FARMS RD.</u>	<u>DAYTONA BEACH</u>	<u>FL</u>
<u>PUTNAM CO. LANDFILL</u>	<u>WEST RIVER RD</u>	<u>PALATKA</u>	<u>FL</u>

2. List all known locations where you will be delivering or depositing waste tires for recycling or disposal (attach additional sheets if necessary):

Name	Address	City	State

Part V.- Vehicles to be Registered:

1. Number of vehicles to be used: 3

2. Vehicles registration information:

- a. A legible copy of the current vehicle registration is required for each vehicle registered. The registration must show State of registration, year, make, tag number, vehicle identification number, and registered owner.
- b. IF the vehicle is not owned by the collector, an authorization from the vehicle owner for the vehicle to be registered for waste tire collection must be attached to this application.
- c. IF Common Carrier, list Interstate Commerce Commission ICC authority number for the company: \_\_\_\_\_

Part VI. Registration Fee Information

1. Waste tire collector registration status: New  X Renewal

If registration is a renewal, list previous registration number(s)

2. Attach payment for registration fees pursuant to Rule 62-711.520(11), F.A.C.

Number of vehicles # 3 x \$35 = \$ 105.00 = Amount of Payment

Part VII.- Certification

To the best of my knowledge and belief, I certify the information provided in this application is true, accurate, and correct. I have attached all documents and/or authorizations that are required.

Re: Waste Tire Processing Report  
First Quarter January 2005 through March 2005

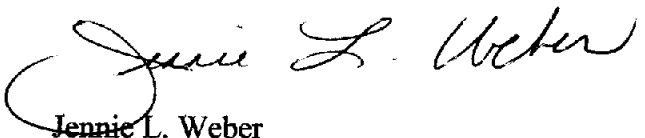

Dear Mr. Bradner:

Enclosed is a copy of Form 17-711 addressing the first quarter 2005 Waste Tire Processing Report.

The first quarter indicated a beginning inventory of 1,057.47 tons with 401.65 tons received and 828.14 removed from the Tomoka Farms Landfill, giving us an ending inventory of 630.98 tons.

If additional information or clarification is required, please feel free to contact me at the above listed number.

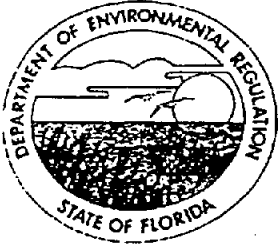

Sincerely,

Jennie L. Weber

Dear Mr. Snello:

This will confirm our April 26, 1989 telephone conversation about the pyrolysis unit that you are planning for processing approximately 6000 waste tires per day.

Enclosed are copies of Department of Environmental Regulation Rule 17-711, which includes waste tire permitting, storage and reporting requirements for a waste tire processor and Rule 17-2 regarding air permits and emissions along with DER Forms 17-1.202(1), 17-711.900(4), 17-711.900(6) and fee schedules for waste tire and air permits.

Should your consulting engineer desire to discuss any issues regarding the waste tire requirements or air permits, he should contact Tom Sawicki, P.E. and/or Charles Collins, P.E., respectively, at 407/894-7555 or write to them at the above address.

Sincerely,

  
W. M. Bostwick, Jr., P.E.

Waste Tire Site Notification

Dear Sir:

The owner or operator of any waste tire site at which 1,000 or more tires are accumulated outdoors shall, by April 1, 1989, provide the department with information concerning the site's size, location, and the quantity of waste tires accumulated at the site. Please complete the attached Form 17-711.900(3) and mail to:

Department of Environmental Regulation  
Central District  
3319 Maguire Boulevard, Suite 232  
Orlando, Florida 32803-3767

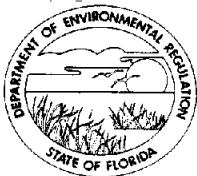

Your cooperation is appreciated.

Sincerely,

A. T. Sawicki, P.E.

Dear Mr. McClelland:

The Waste Tire Site Notification, DER Form 17-711.900(3) submitted March 23, 1989 appears complete. Please note that at some time in the near future, as a permitted solid waste management facility and as a waste tire site, the following rules may apply.

Rules 17-711.300(4); (5); and (7);  
17-711.510(1); (2); and (4);  
17-711.540(2); (3); (4); and (5); and,  
17-711.700, F.A.C.

Your timely compliance with DER standards is appreciated.

If you have any questions please call George Cheryan at 407/894-7555 or write to me at the above address.

RE: Waste Tire Site

Dear Mr. Alexander:

In accordance with Chapter 17-711, DER Waste Tire Rule, attached you will find Volusia County's Waste Tire Site Notification for Tomoka Farms Road Landfill. It is our intention to shred waste tires using an outside vendor or contractor and use the shredded tires for landfill cover material. This shredding will take place approximately every three months.

The County has been approached by private entities about processing waste tires for recycling. If this alternative proves a reasonable and viable solution for waste tires, it is our intention to ban them from disposal at the landfill and direct them to these processing facilities

If you have any questions or require additional information, please contact this office.

Yours truly,

Thomas M. McClelland  
Assistant County Manager for Public Works
