

20 December 2010

Mr. F. Thomas Lubozynski, P.E.
Waste Program Administrator
Florida Department of Environmental Protection
Central District Office
3319 Maguire Blvd, Ste 232
Orlando, FL 32803-3767

**Subject: Transmittal of Phase 2 Gas Collection and Control System Construction Drawings
J.E.D. Solid Waste Management Facility (Permit #'s SC49-0199720-004 & SO49-0199720-005)
Omni Waste of Osceola County, LLC
St. Cloud, Osceola County, Florida**

Dear Mr. Lubozynski:

Transmitted herewith are two copies of the Construction Drawings for the Phase 2 Gas Collection and Control System (GCCS) for the J.E.D. Solid Waste Management Facility (JED), located in St. Cloud, Osceola County, Florida. This expansion of the GCCS into Cells 5, 6 and 7 is a continuation of the Phase 1 GCCS installed in Cells 1 through 4. Along with the remaining wells and piping to be installed for Phase 1, the first wells and piping for the Phase 2 GCCS are anticipated to be installed beginning in early 2011.

The Construction Drawings were prepared in accordance with the approved gas management system (GMS) design that was submitted to the Florida Department of Environmental Protection (FDEP), Central District, as part of the "*Major Modification Application for Vertical Expansion of the J.E.D. Solid Waste Management Facility (Phases 1 through 3)*." The horizontal collection devices in Cell 7 are based on the "*J.E.D Solid Waste Management Facility Horizontal Gas Collector Modification*" prepared by Golder & Associates, Inc., and submitted to the FDEP, Central District, on 21 July 2010.

Mr. Tom Lubozynski
