Environmental Protection  
Inspection Checklist**

---

**FACILITY INFORMATION:**

**Facility Name:** VISTA LANDFILL, LLC (BUTTREY/KEENE RD SOUTH)

**On-Site Inspection Start Date:** 07/23/2018

**On-Site Inspection End Date:** 07/23/2018

**WACS No.:** 87081

**Facility Street Address:** 242 WEST KEENE RD

**City:** APOPKA

**County Name:** ORANGE

**Zip:** 32703

**INSPECTION PARTICIPANTS:**

(Include ALL Landfill and Department Personnel with Corresponding Titles)

**Principal Inspector:** Stephen Amirault, Inspector

**Other Participants:** Katelyn Wright, ; Deb Perez, Site Manager; Sheree Grant, Project Engineer

**INSPECTION TYPE:**

Construction Completion Certification Inspection for Landfill - Class III

**COMMENTS:**

On July 23, 2018, Stephen Amirault and Katie Wright of FDEP, accompanied by Sheree Grant, and Deb Perez of Waste Management, Inc. (WMI), conducted an inspection to confirm the construction completion of Landfill gas system expansion at the Vista Class III landfill (WACs # 87081), in Apopka.

Carlson Environmental Consultants submitted a Construction Certification report on July 13, 2018 which documented the installation of five landfill gas extraction wells, (EW-11, EW-12, EW-13, EW-15, and EW-16), as well as header piping, cleanout connections and force main piping within Disposal Cells 3 and 4. Cells 3 and 4 no longer receive waste and have intermediate cover installed.

During the inspection, the following were observed.

1. The new gas wells were installed Wells EW-11, EW-12, EW-13 and EW-16 were installed in Cell 4 and EW-15 was installed in Cell 3.
2. The temporary rain cover which was installed along the northern sides of Cells 1,2,3and 4 was also observed. The rain cover was installed in order to minimize leachate and gas generation volume from the closed portions of the cells, as well as increase odor control effectiveness. The cover consists of 30-mil LLDPE geomembrane. The rain cover anchor was observed to be outside the bottom liner, extending over the bottom liner anchor.
