Current Violations:

Rule: 62-701.300(1)(a)

Question Number: 9.1.1

Explanation: On March 24, 2020, Donald Murray emailed the Department explaining that this facility no longer processes waste tires and that he would like to surrender his permit to the Department. Mr. Murray also explained that 15 waste tires are at the facility and he will dispose of them in accordance with Department rules. At the time of this email, no photo documentation demonstrating the waste tires were removed from the premise was received. Following the Department's receipt of this email, Department personnel contacted Mr. Murray via phone to discuss the disposal of these remaining waste tires. As of March 27, 2020, photo documentation showing all waste tires removed from the facility was not provided, and therefore the facility cannot be closed.

Corrective Action: Within 30 days of the date listed on the attached Compliance Assistance Offer letter, please email photo documentation of all waste tires removed from the facility to the Department. Upon receipt of this documentation, the Department will move forward with closing the facility.
