Good afternoon,

Due to current health concerns I am notifying you in advance of planned waste tire processing facility and waste tire collector compliance evaluation inspections scheduled for Jumbo Tires LLC located at 750 Central Florida Pkwy, Orlando, Florida. The inspection is scheduled for Monday, August 3, 2020. The inspector will be at your facility at approximately 9:00 AM.

Please take this opportunity to reduce the contact time between our staff by having the following records emailed to me:

1. A copy of the applicable records for the past eighteen (18) months required by Rule 62-711.530(4), Florida Administrative Code (F.A.C.);
2. A copy of the current emergency preparedness manual required by Rule 62-711.540(1)(c), F.A.C.;
3. A copy of the records for the past 18 months required by Rule 62-711.540(1)(g), F.A.C.;
4. According to the most recent registration dated 2/28/2020, it appears you collect waste tires from the public. A copy of receipts of waste tire pick-ups from your customers for the past three years required by Rule 62-711.520(6)(b), F.A.C.; and
5. A copy of receipts or other documentation of where the waste tires were deposited for the past three years required by Rule 62-711.520(6)(c), F.A.C.

I will review financial assurance and quarterly reports you submitted at a later date and provide comments if necessary.

I will also have to conduct a physical inspection of the facility, including any waste tires stored onsite and the vehicles used to transport waste tires.

If you have any questions, please email me.

Thank you,

Michael Eckoff
