Good Afternoon Melissa,

The drillers are onsite installing the compliance wells at the Citrus Central landfill. They are using a sonic geoprobe rig. The attached photo is of them installing the MW-7 Compliance wells. They expect to have all three wells installed by end of the day Monday. We are onsite with the drillers and developing the wells as the driller finishes the installation and will be sampling them at the end of next week. We are requesting a two month extension on submittal on the Contamination Evaluation Plan as we will need three weeks for the laboratory analysis after sampling and then one month for data analysis and report preparation.

We request the following extension of the evaluation monitoring plan:

- Original submittal date: May 21, 2022
- Requested 2 month extension: July 21, 2022

We apologize for it taking so long to get these wells installed and are just happy that we finally have drillers onsite. Please call me with any questions or if you need additional information at 352-258-9520.

Thank you,

Troy D. Hays, PG

Senior Manager / Vice President

Good Afternoon Melissa,

I also just left you a voice mail but the drillers just notified us that they will be onsite next Wednesday May 18th for the Compliance Well installation at Citrus County Central Landfill. I will have an update on the installation process at the end of next week.

Thank you,

Troy D. Hays, PG

Troy,

The Department does not object to the proposed locations and design for the compliance wells MW-7C(s), MW-7C(d), and MW-20(c). Based on our inspection yesterday, it does not appear that the well construction schedule proposed was successful due to driller scheduling issues. Can you provide an updated timeline for installation of the wells and submittal of associated documents regarding evaluation monitoring?

Please feel free to contact me with any questions or concerns.

Thanks, Melissa

Good Morning Melissa,

Dan, Josh, and I met onsite yesterday to mark the location and make sure we have access. The County has cleared the mulch in this area so it will be installed as shown in the attached letter.

Thank you,

Troy D. Hays, PG

Troy,

Have you all revised the well location and construction details for MW-24 yet? Just wanted to ensure we got a location before your driller arrives.

Please feel free to contact me with any questions or concerns.

Thanks, Melissa

Troy,

We look forward to discussing the evaluation monitoring for Citrus Central further on Wednesday. Here are the contacts we discussed today:

Newly Assigned Inspector:

Taylor Mandalou

Environmental Specialist

Florida Department of Environmental Protection, Southwest District

13051 N Telecom Parkway, Suite 101, Temple Terrace, FL 33637

(813) 470-5966 Phone | (813) 470-5995 Fax

Taylor.Mandalou@floridadep.gov

New Compliance Manager for Solid Waste:

Hannah Westervelt

Environmental Manager

Compliance Assurance Program

Southwest District

Hannah.Westervelt@FloridaDEP.gov

Office: 813-470-5752

Please feel free to contact me with any questions or concerns.

Thanks, Melissa
