Re: Lee County Resource Recovery Facility

WACS ID. No. 93715

Lee County

Dear Mr. Whitehead:

Department personnel conducted a compliance inspection of the above-referenced facility on June 7, 2022. Based on the information provided during the inspection, the facility was determined to be in compliance. A copy of the inspection report is attached for your records.

The Department appreciates your efforts to maintain this facility in compliance with state and federal rules. Should you have any questions or comments, please contact Renée Kwiat at (239) 344-5673, or via e-mail at: <a href="mailto:Renee.Kwiat@FloridaDEP.gov">Renee.Kwiat@FloridaDEP.gov</a>.

Sincerely.

Ryan Snyder

#### **COMMENTS:**

The Lee County Resource Recovery Facility is a multiple unit solid waste permitted or registered processing and disposal facility. The facility operates under Siting Document PA90-30H. Each of the units were

individually evaluated during this inspection.

All ash generated by the Waste-to-Energy Facility (WTEF) is disposed of at Lee-Hendry Landfill. Metals that are generated from the facility are shipped to a FDEP Certified Recovered Materials Processing Facility for recycling.

There were approximately 200 tires in the Waste Tire Processing area at the time of the inspection. The facility is considering bringing in a tire shredder to process the tires, since there are very few processors left in the area. This activity is allowed under the Siting Document.

There was both processed and unprocessed yard trash in the yard trash recycling area. Material was being processed at the time of the inspections. The area is well organized and there is access to all windrows.

The Transfer Station is in operation and waste is being separated into respective waste types for additional processing.

Operator Certifications and the Operations Plans were reviewed during the inspection. All training is up to date and the facility is operating in conformance with their respective operations plans.

A file review was conducted prior to the inspection. All reports have been submitted to the Department in a timely manner.

No violations were noted during the inspection.
