In the Matter of a  
Certification of  
Construction Completion by:  
Volusia County Solid Waste Division  
3151 East New York Ave.  
Deland, Florida 32724

Volusia County  
WACS # 27540  
Tomoka Farms Road Landfill  
North Cell Landfill Gas Construction -  
Phase VII  
Certification of Construction Completion

Attention: Ms. Regina Montgomery

Permit No: 0078767-030-SO-01

In accordance with Specific Condition 2.E.4. of the above-referenced permit, a Certification of Construction Completion (CCC) report was submitted to the Department. HDR Engineering, Inc. prepared the CCC report dated August 2, 2022 and was received by the Department on August 4, 2022. Additional information was received on August 18, 2022.

The report provided a description of the construction of five (5) landfill horizontal gas extraction collectors located in the North Cell along with the associated lateral piping necessary to connect to the existing Gas Collection System (GCCS). The CCC document noted five deviations during the project's kick off meeting and during construction. HC-21A and HC-22CA were eliminated due to obstruction with the existing haul road. The locations of HC-23A and HC-23B were moved approximately 25 feet east to influence gas collection as result of lateral expansion of Cell 4 which also increased the spacing between HC-22 and HC-23 from 100 feet to 125 feet. The length of solid pipe for the horizontal collectors were modified from 150 feet to 50 feet. The Department considers these deviations to be minor or justified.

Based upon review of the Construction Quality Assurance Plan and review of the CCC report, the Department has no objections to the submitted certification.

If you have any questions or require additional information, please feel free to contact me by phone at (850)-245-8961 or email to [Jeremy.R.Hart@FloridaDEP.gov](mailto:Jeremy.R.Hart@FloridaDEP.gov).

Ms. Regina Montgomery
