Sub: Financial Responsibility
Closure Cost Estimates

Florida Administrative Code Rule 17-711.510(2), Waste Tire Site Requirements, states in part:

"Owners or operators of waste tire sites shall estimate the costs of processing and removing or disposing of all waste tires on site before closure of the facility and must update such estimates annually. Cost estimates must be approved by the Department. The costs shall be based on a third party performing the work, reported on a per unit basis." The estimates shall be certified by a Professional Engineer registered in the State of Florida in accordance with the provisions of Chapter 476, Florida Statutes with the source of estimates indicated.

This office has not received your annual cost estimate (due every December 31) since August of 1989. Please submit this estimate within fifteen (15) days upon receipt of this letter to our office. If you have any questions please contact either Mr. Joe Lurix or Andrew Neita at telephone number 407/433-2650.

Sincerely,

Alexander Padva, Ph. D.
Waste Programs Administrator
