Re: Orange Waste

Jim Brindell of Gunster Yoakley and Stewart faxed me a copy of Janet Bowman's September 8, 1994 letter to him regarding the above subject. This is the first notice we have received from any party that Orange Waste and Reliable Wood Products have refuted their prior commitments to FTR.

We will investigate this situation and, if necessary, will replace these vendors by filing appropriate changes to the operating permit application.

Please call if you have any questions.
