RE: ENVIRONMENTAL HAZARD INSURANCE

Dear Mr. Gifford:

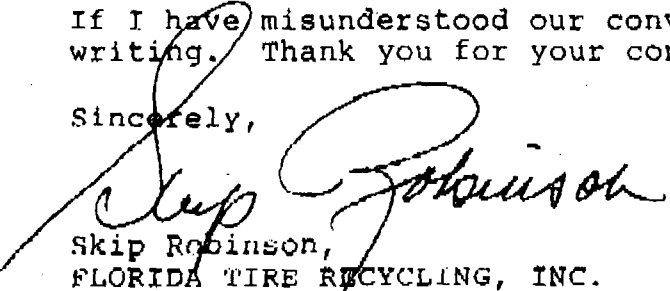

I am writing to confirm our conversation of Thursday regarding the above coverage for our site at 9675 Range Line Road in Port St. Lucie.

It is my understanding that environmental hazard insurance is available to us in a form acceptable to the FLORIDA DEPARTMENT OF ENVIRONMENTAL REGULATION subject to those items enumerated in Mr. Patrick's confirmation letter dated July 8, 1992.

Further, it is my understanding that from the time we request the coverage to be put into place, the underwriter will require not more than 45 days to perform the inspections and reviews and, presumably, to bind our site for this insurance.

If I have misunderstood our conversation, please notify me in writing. Thank you for your continued assistance.

Sincerely,

Skip Robinson,
FLORIDA TIRE RECYCLING, INC.
