SMALL QUANTITY GENERATOR DATABASE TEXT PRINTOUT

<<<The complaint was submitted by St. John's River Water Management District and forwarded to our office by FDEP Central District. The complaint alleged that auto fluids/leachate were running into a ditch on the west side of the parcel. Water in the ditch is red.

2/5/01-J. Hauserman and L. Palin investigated the complaint. All areas along the perimeter of the property were dry at the time of the inspection. No fluids were observed leaking from the auto crusher.

Mr. Philips was advised that he was over the limit for tire storage
