Used Oil Facility Closure Cost Estimates and Financial Assurance

Dear Mr. Ricci:

In accordance with Rule 62-710.800, Florida Administrative Code (F.A.C.) permits for Used Oil Processing Facilities must now provide financial assurance sufficient to cover the cost of closing the facility. This requirement is in two parts.

First, a Used Oil Facility Closing Cost Estimate Form (Form 62-710.901(7)) must be completed (in accordance with the provisions of the facility closing plan described in the company's Used Oil Processing Permit Application), signed, and submitted to the Department's Used Oil Permit Coordinator no later than December 9, 2005. The Used Oil Permit Coordinator will notify the applicant when the closing cost estimate is approved.

Second, within 60 days of receiving approval of the cost estimate from the Used Oil Permit Coordinator, the owner/operator shall submit proof of financial assurance sufficient to cover the estimated closing cost, using any of the tools allowed under 62-710.800(6), to Solid Waste Financial Coordinator.

Also note that the closing cost estimate must be annually adjusted for inflation in accordance with the provisions of this Rule.

All used oil processors must comply with this Rule by the dates specified. As this is a Rule requirement, there is no fee associated with this provision outside of any applicable permit or permit renewal fee.
