I still have on my desk a letter (1st NOD) from Doug Outlaw to Cliff Berry (dated 7/28/03) stating that their application for a UOP operating permit was deficient. They were given 30 days (8/27/03) to respond or file for an extension.

Could you tell us where we stand on this application?

Thanks,

AFG

RE: Cliff Berry, Inc./Tampa Facility
FLR 000 013 888 Used Oil Processing
Facility Permit Application for a new Facility in Hillsborough County

Dear Mr. Outlaw:

Cliff Berry, Inc. (CBI) has received your letter concerning the above referenced Facility dated July 28th, 2003. Specifically you listed four (4) items that CBI needs to address.

I reviewed your letter and personally followed up on the matter. Listed below is each item in order from your letter and our response:

- A. Item No. 1 – Attachment D, Please provide an Analysis Plan and Tracking Plan.

See attached CBI Analysis Plan, Wixel Waste Tracking System (used by CBI), and Annual FDEP Report for quantities of waste through the CBI Tampa Facility.

- B. Item No. 2 – Attachment F, Please provide a Closure Cost Estimate.

Closure Cost Estimate for the CBI Tampa Facility:

<u>\$25,000.00</u>	1. Clean all tanks, piping, buildings, etc. and properly dispose of all waste.
<u>\$30,000.00</u>	2. Dismantle, remove and dispose of all tanks, piping, machinery, etc.
<u>\$10,000.00</u>	3. Environmental: Monitoring wells, soil samples, analysis, etc. as needed.
<u>\$65,000.00</u>	Total

C. Item No. 3 – Drawing C-1

- a. Please identify tanks 1 through 11.
- b. The two existing transfer facility tanks are not listed as part of the Used Oil Processing Facility application. Please state that these tanks will be "out of service" when the permitted Facility begins operation and estimate when they will be removed from the site.

See attached drawings C-5 and C-6 for the identity of tanks 1 through 11. The two (2) existing temporary storage tanks will be removed immediately when the permitted Facility begins operation. Estimate within two (2) weeks. (Attachment B)

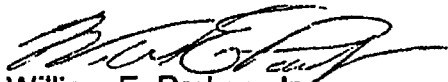

D. Item No. 4 – SPCC.

- Cover page: Lat/Long should be 27° 55' 10" N/82° 23' 45" W
- Page 2.2 date installed should be eliminated or explained
- Page 2.3 first sentence has 2002
- Page 9.6 line 8 State – Florida DEP Number is (813) 744-6100

CBI will make the above corrections to the SPCC Plan. The corrected pages will be forwarded to FDEP upon printing. (Attachment C)

Should you need any additional information or have any questions please contact me at (954) 763 – 3390.

Sincerely,

William E. Parkes, Jr.
