That covers all the SQG requirements except contacting local authorities. I will send you a template letter that you can make site specific and then send out. It needs to go to local police, fire dept., and hospital. It basically says "Hey, we are here, in case you every response to an incident here this is what you might find." Once you have sent them out, please provide me with copies of the certified mail green cards. Thanks for working with me on this, you were on the list for a call after the new year. Happy holidays!
