Jenna,

Please find attached our P2 project final report. Thank you for your help throughout this process and for the education we have received. This experience has made us a better, more responsible company and we are actively seeking to educate our customers and the public on matters of used oil compliance.

Take care!

Sincere Regards,

Harry Lewis, Jr.

Subject: P2 project final report due to FDEP

Mr. Lewis,

This is a reminder that your P2 project final report was due to us by 3/26/11. Attached for your convenience is the short form consent order that you signed in October. Details about the contents of the P2 final report can be found in Exhibit 2, section D (pdf page 20). Please submit the final report to us no later than 4/15/11. If you have any questions, please let me know.

Regards,

Jenna Perry

EPA/DEP ID: FLR 000 048 561
OCG File No.: 10-2610
Duval County – Hazardous Waste Program

Dear Ms. Perry,

This letter will serve as our final report regarding the P2 Project we agreed upon in October of 2010.

In accordance with our agreement, the P2 Project was begun in late November and was actually completed in late December 2010, 30 days ahead of schedule.

As indicated in our proposal, we contracted SunWorks Solar (a local Solar Power Contractor) to install a 2,450 watt photovoltaic solar system. The cost for materials and installation was \$18,500.00, including tax (see attached invoice photo). It required 10 man hours of senior management design and preparation time for the project, including design and training relative to the operation of the system at a cost of \$100.00/man hour. Our total expenses relative to the P2 Project were \$19,500.00.

The project was completed and has been functioning successfully for more than 3 months.

If you have any additional questions relative to the project please don't hesitate to call.

Sincere Regards,

Harry R. Lewis, Jr
