I, the undersigned, do hereby certify to the best of my knowledge, the waste stream identified above has been generated without any changes in generating process since the last hazardous waste determination. In the event changes are made to the generating process, I the generator will inform Howco of those changes. This is to certify that the above named materials are properly classified, described, packaged, marked, and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation.

If tendering PCW for shipment, I certify that the PCW does not contain levels of hazardous constituents above those found in the source of the PCW.

TRANSPORTER/RECYCLER/CERTIFICATION

This is to certify the above described materials have been picked up and will be transported, treated, reprocessed and/or disposed of in a manner pursuant to all Federal, state and local laws and guidelines.

I, the undersigned, do hereby certify to the best of my knowledge, the waste stream identified above has been generated without any changes in generating process since the last hazardous waste determination. In the event changes are made to the generating process, I the generator will inform Howco of those changes. This is to certify that the above named materials are properly classified, described, packaged, marked, and labeled and are in proper condition for transportation according to the applicable regulations of the Department of Transportation.

If tendering PCW for shipment, I certify that the PCW does not contain levels of hazardous constituents above those found in the source of the PCW.
