CONVERSATION: Charles & I called Howco corp. office in St. Pete to talk with Mike Wolfe. He said Dave Thompson does meeting on the road & talk to him about setting up a day / time to meet me to review records. Mr. Wolfe indicated all driver training records & manifests are kept in St. Pete.

10/6/05 Mr. Wolfe called me to find out exactly
451PM what records I needed to review. Dave Thompson is in Ft. Myers area to meet with me. Mr. Wolfe said he would talk w/ Rick George about the tanks / drums with oil in them.

10/7/05 Mr. Wolfe called to let me know Rick George had
840AM taken care of the tanks (poly). I mentioned that there were 2 smaller tanks setting next to drums on property that need taken care of as well. He would speak w/ one of the drivers & get them removed.
