I believe this was addressed in Victor San Agustin's letter to you dated 6/29/09 indicating the home addresses are not there due to homeland security issues.

Shawn, I was reviewing your updates to the emergency contact page for the Contingency Plan and I realized there was something I left out of my exit interview. I believe we talked about it during our debriefing but it is my fault for not requesting it and I am not going to push it right now, as I know you will have to issue a revised Contingency Plan and resubmit to local authorities come the buyout. Anyway, what I forgot was that the primary and secondary emergency coordinator's home addresses must be included on the emergency contact numbers page. So when you do your next revision, make sure you include that and copy me. I will be waiting on your package and get back to you on the results. Thanks for your quick response and cooperation.

Kathy, I want to let you know that I am overnighting the package you requested today. It contains all our 10-day logs from June 2009 thru May 17, 2011. Behind each log sheet are the manifest copies you requested. We will wait to hear from you after your review.

Best Regards,
