Subject: Settlement offer

This letter is to acknowledge the Department's receipt of your letter of dated January 13, 2012. We appreciate your coming to meet with us on November 30, 2011 to discuss resolving the outstanding issues from the Warning Letter and a possible resolution to this matter. The letter gives a response to each of the issues raised during the inspection and also how Triumvirate Environmental (Florida) (TE) intends to avoid these problems in the future. The Department appreciates this pro-active approach. The letter also included an offer from TE of \$5,000.00 to settle this matter in an expeditious fashion. The state is willing to accept this offer; however, there is an automatic \$500.00 assessment added to all settlements to cover Department cost and expense. If TE is willing to include this added amount to their offer for a total of \$5,500.00, then we can move forward with the issuing of a Consent Order. Please let me within the next ten days whether TE is willing to go along with the addition of cost and expenses to their original offer, so that the course of action on our part can be determined. Hope to hear from you and that we can bring this matter to an amicable resolution. Any questions concerning this issue, please feel free to contact me at the contact information below.
