**SUBJECT: Clean Harbors Florida, LLC
FLD 980 729 610
Operating Permit No. 64247-HO-011
Polk County**

Dear Mr. Bosek:

The purpose of this letter is to provide Notice of Intent to Issue a Permit Renewal for your facility located at 170 Bartow Municipal Airport, Bartow, Polk County, Florida, specifically for the Operation of a Hazardous Waste Container Storage, Tank Storage and Treatment Facility Including a Fuel Blending Facility and corrective action requirements under the Department's authorized program for implementing the federal Hazardous and Solid Waste Amendments (HSWA). Please review the attached documents and ensure publication and broadcast within the time allotted.

If you have any questions or would like to discuss this matter, please contact Merlin D. Russell Jr at (850) 245-8796.

Sincerely,

Anthony R. Tripp for Tim Bahr

**STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION**

In the Matter of an
Application for an Operating Permit by:

*Clean Harbors Florida, LLC
170 Bartow Municipal Airport
Bartow, Florida 33830-9504*

*DEP File No.: 64247-HO -011
Polk County*

INTENT TO ISSUE

The Florida Department of Environmental Protection (“the Department”) gives notice of its intent to issue an Operating Permit (copy enclosed) for the proposed project as detailed in the application specified above, for the reasons stated below.

On May 31, 2011, the applicant, Clean Harbors Florida, LLC, applied to the Department, for renewal of a Permit to operate a hazardous waste container and tank storage, and tank treatment facility, and to implement facility-wide corrective actions at the Clean Harbors Florida, LLC site in Bartow, Florida. Additional information was supplied dated November 4, 2011, November 30, 2011, and January 13, 2012.

The Department has permitting jurisdiction under Section 403.722, Florida Statutes (F.S.) and Chapters 62-4 and 62-730, Florida Administrative Code (F.A.C.). The project is not exempt from permitting procedures. The Department has determined that an Operating Permit is required for the proposed work. The Department intends to issue the Operating Permit with the conditions included in the enclosed draft.

Pursuant to Sections 403.722 and 403.815, F.S. and Rule 62-730.220, F.A.C., you (the applicant) are required to publish at your own expense the enclosed Newspaper Notice, and to broadcast over a local radio station the enclosed Radio Announcement. The notice shall be published one time only within 30 days of receipt of this letter in the legal ad section of a daily, major newspaper of general circulation in the area affected. The newspaper must contain at least 25 percent of its words in the English language, be for sale to the public generally, be available to the public generally for the publication of official or other notices and customarily contain information of a public character or of interest or of value to the public. The newspaper must have been in existence for one year, unless no such newspaper exists in the affected area (See Sections 50.011 and 50.031, F.S.). Where there is more than one daily newspaper of general circulation in the county, the newspaper used must be one with significant circulation in the area that may be affected by the permit. If you are uncertain that a newspaper meets these

requirements, please contact the Office of General Counsel of the Department at (850) 245-2242. The applicant shall provide proof of publication to the Department of Environmental Protection at 2600 Blair Stone Road, Mail Station #4560, Tallahassee, Florida 32399-2400; Attention: Administrator, Hazardous Waste Regulation Section, within 14 days of publication. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the Permit.

The Radio Announcement shall be broadcast one time only within 30 days on a licensed commercial radio station of sufficient power to be clearly received in the area that may be affected by the permit. **Broadcast of the notice shall occur between 8:00 a.m. and 10:00 p.m.** The applicant shall provide proof of broadcast to the Department of Environmental Protection, 2600 Blair Stone Road, Mail Station #4560, Tallahassee, Florida 32399-2400; Attention: Administrator, Hazardous Waste Regulation Section, within 14 days of the broadcast. Failure to broadcast the announcement and provide proof of the broadcast within the allotted time may result in the denial of the Permit.

The Department will issue the Permit with the attached conditions unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S., or all parties reach a written agreement on mediation as an alternative remedy under Section 120.573, F.S. before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth in the enclosed Newspaper Notice. The administrative rights explained in the enclosed Newspaper Notice apply to you, as applicant and Permittee. Your 45-day period for requesting an administrative hearing begins on the date you receive this Intent.

If you should have any questions please call Merlin D. Russell Jr. at (850) 245-8796.

Executed in Tallahassee, Florida.

Date

Newspaper Notice:

**FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO ISSUE**

THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION (FDEP) GIVES NOTICE OF ITS INTENT TO ISSUE A PERMIT UNDER SECTION 403.722, FLORIDA STATUTES (F.S) AND CHAPTERS 62-4 AND 62-730, OF THE FLORIDA ADMINISTRATIVE CODE (F.A.C) TO CLEAN HARBORS FLORIDA, LLC with respect to the facility at 170 Bartow Municipal Airport, Bartow, Florida, having assigned facility I.D. number FLD 980 729 610.

The draft RCRA Permit contains the conditions for Operating Permit 64247-HO -011. The Permit is intended to be issued to operate a hazardous waste container and tank storage and tank treatment facility and to implement facility-wide corrective actions at the Clean Harbors Florida, LLC. site in Bartow, Florida.

Copies of the application and the draft Permit are available for public inspection during normal business hours 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at FDEP, Tampa District Office, 13051 North Telecom Parkway, Temple Terrace, Florida 33637, (813) 632-7600, and at Division of Waste Management, Bureau of Solid & Hazardous Waste, Bob Martinez Center, 2600 Blair Stone Road, Tallahassee, Florida 32399-2400, (850) 245-8796. Electronic copies of the application and draft permit can be accessed in the Department's OCULUS data system located at <http://dwmedms.dep.state.fl.us/Oculus/servlet/login>

A person whose substantial interests are or will be affected by the Intent to Issue may petition for an administrative determination (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received) in FDEP's Office of General Counsel, Agency Clerk, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000. Petitions filed by the permit applicant and any parties entitled to written notice under Section 120.60(3), F.S. must be filed within 45 days of receipt of the Intent. Petitions filed by any other persons must be filed within 45 days of publication of this notice or receipt of the Intent, whichever occurs first. A petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within this time period shall constitute a waiver of that person's right to request a hearing under Sections 120.569 and 120.57, F.S. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which FDEP's action is based must contain the following information:

(a) The name, address, and telephone number of each petitioner, the applicant's name and address, the FDEP Permit File Number and the county in which the project is proposed; (b) A statement of how and when each petitioner received notice of FDEP's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by FDEP's proposed action; (d) A statement of all material facts disputed by petitioner, or a statement that there are no disputed facts; (e) A statement of facts which petitioner contends warrant reversal or modification of FDEP's proposed action; (f) A statement of which rules or statutes the petitioner contends require reversal or modification of FDEP's proposed action; and (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the proposed action.

A petition that does not dispute the material facts on which FDEP's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that FDEP's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the FDEP have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Any person may request a public meeting regarding the proposed permitting decision pursuant to Section 403.722(10), F.S. A request for a public meeting is not equivalent to a request for a formal or informal administrative hearing. Public meetings are not evidentiary in nature, and information submitted at a public meeting is for non-binding consideration only. A public meeting is not subject to court or appellate review. A request for a public meeting must be filed (received) in the Office of General Counsel Agency Clerk, within 45 days of publication of this notice. Failure to file a request for a public meeting within this time period shall constitute a waiver of any right such a person may have to request a meeting under Section 403.722(10), F.S.

Mediation is not available in this proceeding.

Radio Announcement:

FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO ISSUE PERMIT

The Florida Department of Environmental Protection gives notice that it has determined to issue an Operating Permit to Clean Harbors Florida, LLC. The Permit authorizes Clean Harbors Florida, LLC to operate a hazardous waste container and tank storage and a tank treatment facility, and to implement facility-wide corrective actions at the Clean Harbors Florida, LLC site in Bartow, Florida.

Any person who opposes the Department's action may file a petition for an administrative hearing or request a public meeting. Any request must be received by the Department within 45 days of this announcement.

For more information concerning requirements of the petitioning process and the necessary time frames for filing a petition, or requesting a public meeting, or obtaining a copy of the permit, please contact the Office of General Counsel in Tallahassee at (850) 245-2242, or 3900 Commonwealth Blvd, MS 35, Tallahassee, FL 32399.

Mediation is not available in this proceeding.

Project: Operation of a Hazardous Waste
Container Storage, Tank Storage and Treatment
Facility Including a Fuel Blending Facility and
HSWA Requirements.

Pursuant to authorization obtained by the Florida Department of Environmental Protection (FDEP) under the Resource Conservation and Recovery Act [42 United States Code (U.S.C.) 6901, *et seq.*, commonly known as RCRA] and the Hazardous and Solid Waste Amendments of 1984 (HSWA), this permit is issued under the provisions of Section 403.722, Florida Statutes (F.S.) and Chapters 62-4, 62-160, 62-730, 62-777 and 62-780, Florida Administrative Code (F.A.C.). This permit replaces expired permit 64247-HO-010. The above-named Permittee is hereby authorized to perform the work or operate the facility shown on the application dated May 2011 and updated on November 4, 2011 which are incorporated herein and collectively referred to as the "permit application." The permit application also includes any approved drawing(s), plans, and other documents that are specifically identified and incorporated by reference. The RCRA-permitted units are specifically described as follows:

A. RCRA Permitted Units.

This facility operates the following permitted hazardous waste management units:

1. North Container Storage Building

This hazardous waste container storage building has dimensions of 200 feet by 100 feet. The layout of the building is shown in Attachment B. The building is designed to store a maximum volume of 136,400 gallons (equivalent to 2,480 55-gallon drums). The building is subdivided into 17 separate storage cells, designated as Cells A through Q, each with independent secondary containment. Hazardous wastes stored in this

PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

unit and their designated hazardous waste codes are listed in Appendix II-G of permit application dated May 2011 and November 4, 2011.

2. South Container Storage Building

This hazardous waste container storage building has dimensions of 125 feet 3 inches by 120 feet 3 inches. The permitted container storage area is in the southern half and a small portion of the northern half of the building. Other activities performed in the building include container staging and fuel blending. The layout of this building is shown in Attachment C. The permitted container storage area is designed to store a maximum volume of 106,920 gallons (equivalent to 1,944 55-gallon drums). The container storage area south of the fluid collection trench consists of 18 rows, whereas the container storage area north of the fluid collection trench, located next to the fuel blending area, consists of 1 row. Hazardous wastes stored in this unit and their designated hazardous waste codes are listed in Appendix II-G of permit application dated May 2011 and November 4, 2011.

3. Storage Tanks

Hazardous waste storage in tank systems is conducted in two 7,000 gallon carbon steel ("Bottoms Tanks") designated as R-202 and R-203, located in the West Tank Farm as shown in Attachment E. The total permitted storage capacity is 12,600 gallons or 6,300 gallons per tank. Hazardous wastes stored in these two tanks and their designated hazardous waste codes are listed in Appendix II-G of permit application dated May 2011 and November 4, 2011. The intermediate tanks and R-202 and R-203 have been removed but Attachment E shows the former locations of R-202 and R-203.

Hazardous waste storage in tank systems is conducted in ten 6,600 gallon (6,000 gallon working volume) carbon steel ("Crude Storage Tanks") tanks designated as T-101 through T-110, located in the South Tank Farm as shown in Attachment D. The total permitted storage capacity is 60,000 gallons or 6,000 gallons per tank. Hazardous wastes stored in these ten tanks and their designated hazardous waste codes are listed in Appendix II-G of permit application dated May 2011 and November 4, 2011. Currently, T-106 has been removed and is planned to be replaced.

4. Fuel Blending Tanks

Hazardous waste fuel blending is conducted in two 980 gallon carbon steel tanks (780 gallon working volume) designated as T-112 and T-114.

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

Hazardous wastes blended in these two tanks and their designated hazardous waste codes are listed in Appendix II-G. Fuel blending tanks T-112 and T-114 and associated ancillary equipment are situated in the fuel blending area located inside the northeastern portion of the South Container Storage Building as depicted in Attachment C. Associated ancillary equipment used in the fuel blending process are illustrated in Figure F-1.2 (Fuels Blending Process Flow) of the permit application and locations are illustrated in the Fuel Blending Area of Attachment C; e.g., the paint can crusher, pumps, basket filters, etc.

5. Roll-off Boxes

Hazardous wastes may be stored in roll-off boxes. Roll-off boxes may be stored only on the fenced and paved road area within the facility boundary. The permitted capacity allowed for the roll-off boxes is 32,320 gallons (equivalent to four 40-cubic yard roll-off boxes). Hazardous wastes stored in these containers have designated hazardous waste codes listed in Appendix II-G of the permit application dated May 2011 and November 4, 2011. The designated roll-offs areas are shown on Attachment A.

In addition to the above permitted units, the Permittee also operates a hazardous waste transfer facility at this site. The Permittee shall operate the transfer facility in accordance with Rule 62-730.171, F.A.C. Current regulations allow the storage of transfer facility waste anywhere on the paved road area within the facility boundary that conforms to the special requirements for ignitable or reactive waste of 40 CFR 265.176.

B. HSWA Units:

- SWMU-1 Hazardous Waste Fuel Blending Area
- SWMU-2 Drum Staging and Storage Area (South Container Storage Building)
- SWMU-3 Stormwater Collection Tanks
- SWMU-4 Stormwater Retention Ponds
- SWMU-5 Crude Storage Area (South Tank Farm)
- SWMU-6 Intermediate Storage Area (T-201 through T-210)
- SWMU-7 Process Area (all equipment has been removed)
- SWMU-8 Amnesty Days Dumpster (no longer exists)
- SWMU-9 Fume Hood Collection Tank
- SWMU-10 Laboratory Satellite Accumulation Area
- SWMU-11 Boot Cover Disposal Drums (these drums no longer exist)

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

- SWMU-12 Former Laboratory Trailer Drain Containment Pad currently used as a Scrap Metal Storage Area.
- SWMU-13 North Container Storage Building sampling area
- SWMU-14 Petroleum Wastewater Tanks (T-700 & T-701)
- SWMU-15 Roll-off Storage in the perimeter road area
- AOC-A Freon Wash Water Storage Tank

The Permittee is required to investigate any releases of contaminants to the environment at the facility regardless of the time at which waste was placed in a unit and to take appropriate corrective action for any such releases. Solid waste management units (SWMUs) and areas of concern (AOCs) identified to date are listed in Appendix A. Pursuant to 40 Code of Federal Regulations (CFR) 260.10 [as adopted by reference in Subsection 62-730.020(1), F.A.C.], the corrective action requirements of this RCRA permit extend to all contiguous property under the control of the Permittee (see Attachment A, a map which demarks the property boundaries of land under the Permittee's control) and to all contamination that originated from discharges at the contiguous property under control of the Permittee.

This permit is based on the premise that information and reports submitted by the Permittee prior to issuance of this permit are accurate. Any inaccuracies found in this information or information submitted as required by this permit may be grounds for termination or modification of this permit in accordance with Rule 62-730.290, F.A.C and potential enforcement action.

The facility is located at 170 Bartow Municipal Airport, Bartow, Florida.

The following documents were used in the preparation of this permit:

1. *Revised RCRA Facility Assessment of Laidlaw Environmental Services, Bartow, Inc., Bartow, Florida* dated August 21, 1991.
2. *RCRA Permit Renewal for Safety-Kleen (Bartow), Inc.* dated June 13, 2001. This renewal contains the groundwater monitoring data for the Stormwater Retention Pond (SWMU-4).
3. Operation Permit 64247-HO01-006 issued January 18, 2002. This permit classified the Stormwater Retention Pond (SWMU-4) as a No Further Action.
4. *RCRA Permit Renewal for Clean Harbors Florida LLC.* dated May 2011 (received May 31, 2011).

PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

PART I-GENERAL AND STANDARD CONDITIONS

1. The terms, conditions, requirements, limitations and restrictions set forth in this permit, are “permit conditions” and are binding and enforceable pursuant to Sections 403.141 and 403.727, F.S. The Permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in Sections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state, or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in this permit.
4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgment of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This permit does not relieve the Permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the Permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.
6. The Permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed and used by the Permittee to achieve compliance with the conditions of this permit, as required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

7. The Permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at reasonable times, access to the premises where the permitted activity is located or conducted to:
 - a. Have access to and copy any records that must be kept under conditions of the permit;
 - b. Inspect the facility, equipment, practices, or operations regulated or required under this permit; and
 - c. Sample or monitor any substances or parameters at any time or location reasonably necessary to assure compliance with this permit or Department rules.

Reasonable time may depend on the nature of the concern being investigated.

8. The Permittee shall comply with the following notification and reporting requirements:
 - a. If, for any reason, the Permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the Permittee shall immediately provide the Department with the following information:
 - (1) A description of and cause of noncompliance; and
 - (2) The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance. The Permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.
 - b. Notification of any noncompliance or emergency response including interim source removal, which may endanger health or the environment, including the release of any hazardous waste that may endanger public drinking water supplies or the occurrence of a fire or explosion from the facility which could threaten the environment or human health outside the facility, shall be reported verbally to the Department within 24 hours, and a written report shall be provided within five days. The verbal report shall include the name, address, I.D. number, and telephone number of the facility and its owner or

operator; the date, time, and type of incident; the name and quantity of materials involved; the extent of any injuries if any; an assessment of actual or potential hazards; and the estimated quantity and disposition of recovered material. The written submission shall contain all the elements of the verbal report and:

- (1) A description and cause of the noncompliance.
 - (2) If not corrected, the expected time of correction, and the steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance.
- c. The Permittee shall comply with the "Notices" provisions of Rule 62-780.220, F.A.C. :
- (1) prior to performing field activities;
 - (2) when contamination beyond the facility boundary is confirmed by laboratory analysis;
 - (3) when a temporary point of compliance (TPOC) is established beyond the boundary of the source property in conjunction with monitored natural attenuation or active remediation;
 - (4) five year annual update to the status of a TPOC; and
 - (5) warning signs at facilities where there may be a risk of exposure to the public of environmental media contaminated with hazardous waste.
- d. The Permittee shall give written notice to the Department within 15 days of any planned physical alterations or additions that could affect activities covered by this permit. The notice shall include at a minimum, a summary of the planned change, the reason for the planned change, a discussion of the effect(s) the planned change will have on the ability to investigate contamination at or from the contaminated site, and a discussion of the effect(s) the planned change will have on the known or suspected contamination.
- e. The Permittee shall revise "Part I - General" of the Application for a Hazardous Waste Facility Permit [DEP Form 62-730.900(2)(a)] and submit the revised form to the Department within 30 days of any changes in the Part I information.

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

- f. Biennial report: A biennial report covering facility activities during the previous calendar year shall be submitted by March 1 if a hard copy is submitted or by April 1 if electronically delivered of each even numbered year.
- g. Reporting
 - (1) Unmanifested waste report: The Permittee shall submit an unmanifested waste report to the Department within 15 days of receipt of unmanifested waste.
 - (2) Manifest discrepancy report: If a significant discrepancy in a manifest is discovered, the Permittee shall attempt to rectify the discrepancy. If not resolved within 15 days after the waste is received, the Permittee shall immediately submit a letter report, including a copy of the manifest, to the Department.
9. In accepting this permit, the Permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Section 403.111 and 403.73, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.
10. The Permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance; provided, however, the Permittee does not waive any other rights granted by Florida Statutes or Department rules. A reasonable time for compliance with a new or amended surface water quality standard, other than those standards addressed in Rule 62-302.500, F.A.C., shall include a reasonable time to obtain or be denied a mixing zone for the new or amended standard.
11. This permit is transferable only upon written Department approval in accordance with Rule 62-4.120 and Subsection 62-730.290(6) F.A.C., as applicable. The Permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department. Before transferring ownership or operation of this facility during the term of this permit, the Permittee must notify the new owner or operator in writing of the requirements of 40 CFR Part 264 and Chapter 62-730, F.A.C.

12. This permit or a copy thereof shall be kept at the work site of the permitted activity. In the event that there is no building or reasonable repository for such a copy at the work site, then the permit or a copy thereof shall be kept at an alternate location agreed to by the department.

13. Reserved.

14. The Permittee shall comply with the following recordkeeping requirements:

- a. Upon request, the Permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
- b. The Permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit; copies of all reports required by this permit; records of all data used to complete the application for this permit; and all monitoring data required by 40 CFR Part 264 Subparts F and G, and 40 CFR 264.228. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
- c. Records of monitoring information shall include all required items in Chapter 62-160, F.A.C. These include at a minimum:
 - (1) The date, exact place, and time of sampling or measurements;
 - (2) The person responsible for performing the sampling or measurements;
 - (3) The dates analyses were performed;
 - (4) The person responsible for performing the analyses;
 - (5) The analytical techniques or methods used; and
 - (6) The results of such analyses.
- d. As a generator of hazardous waste, the Permittee shall retain a copy of all notices, certifications, demonstrations, waste analysis data, and other

documentation produced to comply with land disposal restrictions (40 CFR Part 268) for at least three years from the date that the waste which is the subject of such documentation was last sent to an on property or off-property facility for treatment, storage, or disposal, or until remedial activity is completed, whichever date is later. These periods may be extended by request of the Department at any time and are automatically extended during the course of any unresolved enforcement action regarding this facility.

- e. The Permittee shall keep a written operating record at the facility, which includes:
- (1) The results of any waste analysis;
 - (2) Copies of hazardous waste manifests for three years;
 - (3) The results of inspections;
 - (4) The closure plan, postclosure plan, and remedial action (corrective measures) plans as applicable for each contaminated site, along with cost estimates for each plan;
 - (5) Inspections of emergency and safety equipment (Condition 24 of this Part);
 - (6) Biennial reports;
 - (7) Personnel training records (Part II Subpart A - Condition 2);
 - (8) The Waste Minimization Program Plan (Part II Subpart A - Condition 8);
 - (9) Annual certification of waste minimization (Part II Subpart A - Condition 8);
 - (10) The description and quantity of each hazardous waste [received/generated];
 - (11) The location of each hazardous waste within the facility and the quantity at location;
 - (12) Notices to generators as specified in 40 CFR 264.12(b);
 - (13) A log of dates of operations and unusual events;

- (14) A summary report and details of incidents that require implementation of the contingency plan (Part II Subpart A-Condition 6);
 - (15) Monitoring and test data for 40 CFR 264 Subparts AA, BB, and CC requirements; and
 - (16) Documentation that local officials have refused to enter into preparedness prevention arrangements with the Permittee.
15. Within the timeframe requested by the Department, the Permittee shall furnish any information required by law which is needed to determine compliance with the permit. If the Department's request does not include a timeframe, the time of response is 30 days. If the Permittee becomes aware the relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.
16. Except as otherwise specifically provided in this permit, all submittals in response to permit conditions shall be provided as described below.
- a. One hard and one electronic copy in optical media format shall be sent to:

Environmental Administrator
Hazardous Waste Regulation Section M.S. 4560
Department of Environmental Protection
2600 Blair Stone Road
Tallahassee, Florida 32399-2400
 - b. In addition to copies sent to the Hazardous Waste Regulation Section in Tallahassee, one hard and one electronic copy of all submittals in response to permit conditions shall be sent to:

Hazardous Waste Supervisor
Department of Environmental Protection
13051 North Telecom Parkway
Temple Terrace, Florida 33637-0926
17. All documents submitted pursuant to the conditions of this permit shall be accompanied by a cover letter stating the name and date of the document submitted, the number(s) of the Part(s) and Condition(s) affected, and the permit number and project name of the permit involved.

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

EXPIRATION DATE: DECEMBER 10, 2016

18. All documents proposing modifications to the approved permit and involving the practice of engineering must be submitted to the Department for review and be signed, sealed, and certified by a Professional Engineer registered in the State of Florida, in accordance with Chapter 471, F.S. and Subsection 62-730.220(9), F.A.C. All submittals incorporating interpretation of geological data shall be signed and sealed by a Professional Geologist registered in the State of Florida in accordance with Chapter 492, F.S. and Subsection 62-730.220(10), F.A.C.
19. The Department of Environmental Protection's 24-hour emergency telephone number is (850) 413-9911 or (800) 320-0519. During normal business hours, the DEP District Office may be contacted at (813) 632-7600 in Tampa.
20. The following conditions apply to permit modification and revocation of this permit:
 - a. The Department may modify, revoke, reissue or terminate for cause this permit in accordance with Chapters 62-4 and 62-730, F.A.C. The filing of a request for a permit modification, revocation, reissuance, or termination or the notification of planned changes or anticipated noncompliance on the part of the Permittee does not stay the applicability or enforceability of any permit condition. The Permittee may submit any subsequent modifications to the Department for approval. The application shall meet the fee requirements of Rule 62-730.293, F.A.C. The Permittee shall submit the application for revisions to the addresses in Condition 16 of this Part. The Permittee shall submit a copy of the cover letter accompanying the revisions and the fee to:

Florida Department of Environmental Protection
Hazardous Waste Regulation Section
Post Office Box 3070
Tallahassee, Florida 32315-3070
 - b. The modification fee may also be submitted electronically. However, if the Permittee intends to submit the modification fee electronically, the Permittee shall obtain instructions from the Department on how to submit the renewal fee electronically prior to attempting such submittal and shall follow such instructions in making the electronic fee submittal.
 - c. All requests for permit modifications shall include an evaluation of the applicability of, and Permittee's compliance with, the siting criteria of Section 403.7211, F.S. and Rule 62-730.186, F.A.C.

PERMITTEE:

Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

21. Prior to 180 calendar days before the expiration of this permit, the Permittee shall submit a complete application for the renewal of the permit on forms and in a manner prescribed by the Department unless postclosure care and all corrective action have been completed and accepted by the Department. If the Permittee allows this permit to expire prior to Department acceptance of the certification of postclosure and termination of all corrective action, the Permittee must reapply for a permit in accordance with DEP Form 62-730.900(2), F.A.C. The Permittee shall submit the renewal to the addresses in Condition 16 of this Part. The Permittee shall submit one copy of the cover letter accompanying the renewal and the fee to:

Florida Department of Environmental Protection
Hazardous Waste Regulation Section
Post Office Box 3070
Tallahassee, Florida 32315-3070

The renewal fee may also be submitted electronically. However, if the Permittee intends to submit the renewal fee electronically, the Permittee shall obtain instructions from the Department on how to submit the renewal fee electronically prior to attempting such submittal and shall follow such instructions in making the electronic fee submittal.

22. The Permittee shall comply with those sections of 40 CFR Part 124 specified in Subsection 62-730.200(3), F.A.C., 40 CFR Parts 260 through 268, and 40 CFR Part 270 as adopted in Chapter 62-730, F.A.C., until all operations have ceased and the facility has been closed and released from postclosure care requirements and all facility-wide corrective action requirements.
23. The Permittee shall comply with the security provisions of 40 CFR 264.14 and the facility security provisions in Appendix II-F.1 of the permit application dated May 2011 and November 4, 2011.
24. If this facility is a suspected or confirmed contaminated facility where there may be a risk of exposure to the public, then upon direction from the Department the Permittee must comply with the warning sign requirements of Section 403.7255, F.S., and Subsection 62-730.225(4), F.A.C. The Permittee is responsible for supplying, installing and maintaining the warning signs.
25. The Permittee shall visually inspect the facility emergency and safety equipment in accordance with 40 CFR 264.15 and Appendix II-F.2 of the permit application dated May 2011 and November 4, 2011, during permitted activities. The Permittee shall remedy any deterioration or malfunction discovered by an inspection, in

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

accordance with the requirements of 40 CFR 264.15(c). A schedule for the inspection of the facility emergency and safety equipment must be maintained as the operating record of the facility. Changes, additions, or deletions to the schedule must be approved in writing by the Department.

26. The Permittee shall comply with the following conditions concerning preparedness and prevention:
 - a. At a minimum, the Permittee shall have the equipment available at the facility which is described in the Appendix II-F.2 of the permit application dated May 2011 and November 4, 2011.
 - b. The Permittee shall test and maintain the required equipment as necessary to assure its proper operation in time of emergency.
 - c. The Permittee shall maintain immediate access to an internal communications or alarm system.
 - d. The Permittee shall maintain arrangements with State and local authorities as required by 40 CFR 264.37. If State or local officials refuse to enter into preparedness and prevention arrangements with the Permittee, the Permittee must document this refusal in the operating record.
 - e. At a minimum, the Permittee shall maintain aisle space to allow the unobstructed movement of personnel, fire protection, and emergency response equipment to any area of the Facility.
27. The conditions in this permit shall take precedence over the permit application documents where there are differences between those documents and the permit conditions.
28. The Permittee may claim that any information required to be submitted by this permit is confidential in accordance with Subsection 62-730.100(3), F.A.C.
29. All work plans, reports and schedules and other documents (“submittals”) required by this permit are subject to approval by the Department prior to implementation. The Department will review the submittals and respond in writing. Upon written approval by the Department, the Permittee shall implement all work plans, reports and schedules as provided in the approved submittal. If the Department disapproves a submittal, the Department will:

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

- a. Notify the Permittee in writing of the reason(s) why the submittal does not contain information adequate to support the conclusion, alternative, plan, proposal or recommendation, or why the conclusion, alternative, plan, proposal or recommendation is not supported by the applicable criteria. In this case the Permittee shall submit a revised submittal within 60 days of receipt of the Department's disapproval; or
 - b. Revise the submittal, or approve the submittal with conditions, and notify the Permittee of the revisions or conditions. In the case of work plans, the Department may notify the Permittee of the start date of the schedule within the revised or conditionally approved work plan.
30. Any dispute resolution will be conducted in accordance with Chapter 120, F.S. (Administrative Procedure Act), Chapter 28-106, F.A.C. and the Department's existing rules and procedures.
31. The following conditions apply to land disposal (placement) of hazardous wastes:
- a. 40 CFR Part 268 identifies hazardous wastes that are restricted from land disposal and defines those limited circumstances under which an otherwise prohibited waste may continue to be placed on or in a land treatment, storage, or disposal unit. The Permittee shall maintain compliance with the requirements of 40 CFR Part 268. Where the Permittee has applied for an extension, waiver, or variance under 40 CFR Part 268, the Permittee shall comply with all restrictions on land disposal under this Part once the effective date for the waste has been reached pending final written approval of such application.
 - b. A restricted waste identified in 40 CFR Part 268 Subpart C may not be placed in a land disposal unit without further treatment unless the requirements of 40 CFR Part 268 Subparts C and/or D are met.
 - c. The storage of hazardous wastes restricted from land disposal under 40 CFR Part 268 is prohibited unless the requirements of 40 CFR Part 268 Subpart E are met.
32. The Permittee shall implement remedial activities beyond the facility boundary, if there is suspected or confirmed off-property contamination, to protect human health and the environment, unless the Permittee demonstrates to the satisfaction of the Department that, despite the Permittee's best efforts, as determined by the Department, the Permittee was unable to obtain the necessary permission to

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

undertake such actions. The Permittee shall use all reasonable efforts, including but not limited to correspondence, telephone calls, personal contacts, drafting and redrafting agreements, and payment of a fee, to obtain any access to real property necessary for work to be performed in the implementation of this permit. If necessary access cannot be obtained by the Permittee, or if obtained, is revoked by owners or entities controlling access to the properties to which access is necessary, the Permittee shall notify the Department within five business days of such refusal or revocation. The Department may at any time thereafter seek to obtain such access as is necessary to implement the terms of this permit. The Permittee shall reimburse the Department for any expenses that the Department is ordered to pay, or that the Department incurs in connection with its efforts to obtain necessary access to said property. The Permittee shall pay these sums to the Department, or arrange a payment schedule with the Department, within 30 days of demand by the Department. The Permittee is not relieved of all responsibility to clean up a release that has migrated beyond the facility boundary where off-property access is denied. On-site measures to address such releases will be determined on a case-by-case basis.

33. The Permittee owns the real property that comprises the Facility. If and when the Permittee intends to transfer parcels to third parties, the Permittee may drop a parcel from the Facility covered by this permit, and the Department will approve the dropping of the parcel so long as the parcel never contained a contaminated site, or so long as any contamination associated with the contaminated site has been addressed to the satisfaction of the Department. The satisfaction of the Department maybe conditioned on a sale with certain legal restrictions on the future use and/or remedial activity requirements on the parcel being dropped. Even though a parcel is no longer defined as part of the facility as a result of the permit modification (using the minor modification requirements of Subsection 62-730.290(4), FAC), in the unanticipated and improbable event that a previously unknown contaminated site is found on the parcel, and such contamination resulted from activities which occurred prior to the sale, the Permittee will be responsible for any corrective action along with any other persons who may have legal responsibility for the contamination.
34. The Permittee shall maintain compliance with 40 CFR Part 264, Subpart H - Financial Requirements and Subsection 62-730.180(6), F.A.C. All submittals relating to financial assurance shall be submitted to:

Financial Assurance M.S. 4560
Hazardous Waste Regulation Section
Department of Environmental Protection

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

2600 Blair Stone Road
Tallahassee, Florida 32399-2400

Financial assurance shall be based on estimates of the costs to close the facility and to implement postclosure care and/or corrective action (including the assessment phase and interim measures) (collectively referred to hereinafter as “remedial activities”) for a continuing (rolling) period of 30 years, unless this period is shortened or increased by the Department in a permit renewal or modification. The cost estimates must be based on the cost to the owner or operator of hiring a third party to conduct remedial activities. The Permittee shall include cost estimates with every work plan required by this permit. Cost estimates are subject to review and written approval by the Department. In the event the total cost estimate for all remedial activities increases beyond the amount provided by Permittee, the financial assurance instrument(s) must be increased accordingly within 60 days of the estimate increase, or, for those facilities using a financial test, in the next scheduled submittal. If the estimate increase causes the inability of the facility to provide financial assurance through its currently selected mechanism, alternate financial assurance must be provided within 60 days. If contamination from the facility goes beyond the property boundary, the Permittee shall provide assurances of financial responsibility for completion of corrective action beyond the property boundary.

PART II-OPERATING CONDITIONS

Part II Subpart A-General Operating Conditions

1. The Permittee shall notify the Department in writing four weeks prior to receipt of hazardous waste from a foreign source. Notice of subsequent shipments of the same waste from the same foreign source is not required.
2. The owner or operator of a facility that receives hazardous waste from an off-site source (except where the owner or operator is also the generator) must inform the generator in writing that he has the appropriate permit(s) for, and will accept, the waste the generator is shipping.
3. Facility personnel must successfully complete the approved training program indicated in Appendix II-F.5 of the permit application dated May 2011 and November 4, 2011, within six months of employment or assignment to a facility or to a new position at the facility. Verification of this training must be kept with the personnel training records and maintained at the facility. Personnel shall not work unsupervised until training has been completed. The training must be reviewed by

EXPIRATION DATE: DECEMBER 10, 2016

facility personnel at least annually. The Permittee shall maintain an updated list of personnel handling hazardous waste and their respective job titles at the facility.

4. The Permittee shall maintain and operate the facility to minimize the possibility of fire, explosion or any unplanned sudden or non-sudden release of hazardous waste or hazardous waste constituents to air, soil, or surface water which could threaten human health or the environment.
5. Permittee shall comply with the manifest requirements of 40 CFR 264.71 and 264.72. The Permittee must document the reconciliation of any manifest discrepancies.
6. The Permittee shall comply with the following conditions concerning the Contingency Plan:
 - a. The Permittee shall immediately carry out the provisions of Attachment II.F.2 of the permit application dated May 2011 and November 4, 2011, and follow the emergency procedures described by 40 CFR 264.56, whenever there is a fire, explosion, or release of hazardous waste or hazardous waste constituents which threatens or could threaten human health or the environment. The Permittee shall give proper notification if an emergency situation arises and, within five calendar days, must submit to the Department a written report which includes all information required in Part I Condition 8.(b).
 - b. The Permittee shall maintain arrangements with State and local authorities as required by 40 CFR 264.37. If State or local officials refuse to enter into preparedness and prevention arrangements with the Permittee, the Permittee must document this refusal in the operating record. At a minimum, the "State and local authorities" for this condition shall include:
 - (1) Polk County Fire Department-Eagle Lake.
 - (2) Polk County Sheriff's Department.
 - (3) Polk County Emergency Management
 - (3) Bartow Regional Medical Center
 - (4) Your Emergency Response Contractor.
 - c. Copies of the Contingency Plan and all subsequent revisions shall be supplied, at a minimum, to all first responders including those identified in Specific Condition 6.b(1), (2) and (4) above. The Contingency Plan shall be in electronic format if the first responder has the capabilities to receive and use an electronic copy.

PERMITTEE:

EXPIRATION DATE: DECEMBER 10, 2016

- d. The Permittee shall comply with the requirements of 40 CFR 264.53.
 - e. Within seven calendar days of meeting any criterion listed in 40 CFR 264.54(a), (b) or (c), the Permittee shall amend the plan and submit the amended plan for Department approval. Any other changes to the plan must be submitted to the Department within seven days of the change. Amendments to the plan must be approved in writing by the Department. All amended plans must be distributed to the appropriate State and local authorities.
 - f. The Permittee shall comply with the requirements of 40 CFR 264.55, concerning the emergency coordinator.
 - g. The Permittee shall perform, at a minimum, an annual review of the Contingency Plan to ensure that it is up to date and contains current information.
7. Sampling and analysis of permitted and new hazardous wastes shall be conducted in accordance with Appendix II-H-Waste Analysis Plan of the permit application dated May 2011 and November 4, 2011.
- a. The Permittee is liable for waste profiles supplied to generators.
 - b. Prior to acceptance of new waste codes a permit modification is required.
8. The Permittee shall develop and maintain a Waste Minimization Program Plan. The Permittee shall maintain copies of the certification required by this Condition in the facility operating record for a minimum of three years. The Permittee must certify, no less often than annually, that:
- a. The Permittee has a program in place to reduce the volume and toxicity of hazardous waste generated to the degree determined by the Permittee to be economically practicable; and
 - b. The proposed method of treatment, storage or disposal is the most practicable method available to the Permittee, which minimizes the present and future threat to human health and the environment.
9. In addition to the copies sent to the Hazardous Waste Regulation Section in Tallahassee, one electronic and one hardcopy of all submittals in response to permit conditions in this Part shall be sent to the district office at the address listed in Part I.16.b.

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

10. With respect to ignitable and reactive wastes, the Permittee shall comply with 40 CFR 264.17, 264.176, and 264.198. With respect to incompatible wastes, the Permittee shall comply with 40 CFR 264.177 and 264.199.
11. The Permittee shall operate and maintain the pumps, compressors, pressure relief devices, and valves according to detailed plans contained in Section R and S of the permit application dated May 2011 and November 4, 2011.
12. The Permittee shall keep complete and current the Facility Air Emission Monitoring/Equipment Log illustrated as Figure 14.2 of Section S of the permit application dated May 2011 and November 11, 2011. [40 CFR 264.1064(b)(1)]
13. The Permittee shall operate and maintain containers and tanks subject to 40 CFR 264 Subpart CC in accordance with Section S of the permit application dated May 2011 and November 11, 2011.
14. The Permittee shall keep, as part of the operating records, results of inspections, monitoring reports, repairs, and other documents required by 40 CFR 264 Subparts AA, BB, and CC for a minimum of three (3) years.
15. Prior to constructing, installing, or modifying any equipment or unit such that it will become subject to 40 CFR 264 Subparts AA, BB, or CC, the Permittee shall supply the specific information required pursuant to 40 CFR 270.14, .15, .16, .17, .24, 25, and .27 as applicable. The submittal of information for constructing, installing, or modifying a unit (container, tank, surface impoundment, or miscellaneous unit) such that it will become subject to 40 CFR 264 Subpart CC will also require modification of the permit and the appropriate fee.

Part II Subpart B-Specific Operating Conditions-Containers

1. The Permittee is allowed to store hazardous waste in containers in the North Container Storage Building as depicted in Attachment B. The hazardous wastes that are permitted for storage in this unit are specified in Appendix II-G of permit application dated May 2011 and November 4, 2011. Total container storage volume in this unit shall not exceed 136,400 gallons (equivalent to 2,480 55-gallon drums). The maximum number of linear rows shall not exceed 62 rows in 17 individual cells.
2. The Permittee is allowed to store hazardous waste in containers in the South Container Storage Building, in the areas located south and north of the fluid

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

collection trench, as depicted in Attachment C. The hazardous wastes that are permitted for storage in this unit are specified in Appendix II-G of permit application dated May 2011 and November 4, 2011. Total container storage volume in this unit shall not exceed 106,920 gallons (equivalent to 1,944 55-gallon drums). The maximum number of linear rows in the southern and northern storage area shall not exceed 18 and 1 rows respectively.

3. The Permittee is allowed to store hazardous waste in roll-off boxes. The roll-off boxes may be stored only on the fenced paved road area within the facility boundary. The hazardous wastes that are permitted for storage in these containers are specified in Appendix II-G of permit application dated May 2011 and November 4, 2011. Total storage volume for these containers shall not exceed 32,320 gallons (equivalent to four 40-cubic yard roll-off boxes).
4. Containers in storage (except for roll-off boxes described in Specific Condition Part II. Subpart B.3 above) shall be on pallets or otherwise elevated so that any liquids on the floor will not come into direct contact with the containers. The maximum container volume that may be placed on one pallet shall not exceed 255 gallons in drums or one bulk container. Containers may be stacked up to two pallets high. Aisle space between pallet rows or between pallet rows and adjacent walls shall not be less than 30 inches.
5. Containers shall be kept closed except when adding or removing waste and shall be handled in a manner that will not allow the containers to rupture or leak. If a container holding hazardous waste is not in good condition, or begins to leak, the waste shall be transferred to another container in good condition. [40 CFR 264.171 and 264.173]
6. The Permittee shall remove spilled or leaked waste and accumulated precipitation from the container storage and staging areas and the secondary containment collection systems in as timely a manner as possible, but no later than 24 hours after discovery.
7. The Permittee shall use containers that are compatible with the hazardous waste to be stored. [40 CFR 264.172]
8. The Permittee shall not store incompatible waste in containers or place it in unwashed containers that have previously held incompatible waste. [40 CFR 264.177]

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

9. The Permittee shall follow the procedures and precautions concerning incompatible wastes and materials as stated in Section B, 4.0 Waste Segregation and Classification System of the permit application dated May 2011 and November 4, 2011 at all times.
10. The Permittee shall clearly mark each container of hazardous waste restricted from land disposal with the following information:
 - a. A description of the contents, including all applicable EPA Waste Codes.
 - b. The date the waste was received at the facility.
11. The Permittee shall inspect the container storage and staging areas in accordance with the procedures noted in Appendix II-F.6 of the permit application dated May 2011 and November 4, 2011.
12. Receipt and sampling of containerized wastes (except bulk containers) shall only be conducted in the following staging areas:
 - a. Cells A through G of the North Container Storage Building (Attachment B). Each of these cells may be used as a permitted storage area or a staging area at the discretion of the Permittee as long as the function of the cell is clearly marked.
 - b. The northwestern portion of the South Container Storage Building (Attachment C).

Staging time shall not exceed 3 working days.
13. Waste containers scheduled for fuel blending processing may be staged outside of the permitted container storage areas. Staging time shall not exceed 24 hours. This condition shall not apply to hazardous waste satellite accumulation containers or to hazardous waste sample containers having a volume of 0.5 gallons or less.
14. All hazardous waste samples shall be stored at the on-site laboratory.
15. The Permittee may store non-regulated materials in the permitted container storage areas provided that:

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

- a. The Permittee complies with the requirements of 40 CFR 264.175 and includes the volume of non-regulated materials in calculating the total volume of liquid to be stored in a permitted container storage area.
 - b. The Permittee ensures that non-regulated materials have labels indicating the contents of the containers and that the materials are non-regulated.
 - c. The Permittee shall maintain a written record (in the facility operating record) of non-regulated materials in the permitted container storage areas. The record shall include:
 - (1) Description and quantity of each type of non-regulated material received.
 - (2) Location of each type of non-regulated material within the facility and quantity at each location.
 - (3) Waste analysis or equivalent documentation that the material is not regulated.
 - (4) Documentation of the compatibility of the non-regulated materials with all other materials already present in the storage area.
16. The Permittee shall manage all containers, including containers in staging areas and containers of non-regulated materials, in the manner described in this Subpart of the permit to minimize the potential of a release of hazardous waste or hazardous constituents.
17. Vehicles with incoming shipments of hazardous waste shall be unloaded into the appropriate storage or staging area within three consecutive working days of the vehicle's arrival. Vehicles being loaded for outgoing shipment shall leave the facility within five consecutive working days of the first container of hazardous waste being placed on the vehicle. Documentation of the above shall be maintained in the facility's operating record.

This condition does not apply to vehicles transporting hazardous waste for which the Permittee is acting solely as a transfer facility. Appropriate documentation verifying transfer facility activity shall be maintained in the facility operating record as required in General and Standard Condition 14.e.

Part II Subpart C-Tank Systems

Tank system, for the purpose of this permit, is defined as the storage tank, appurtenant equipment and secondary containment structures.

PERMITTEE:
 Clean Harbors Florida LLC.
 170 Bartow Municipal Airport
 Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

1. The Permittee is allowed to store in tanks only those hazardous wastes specified in Appendix II-G of the permit dated May 2011 and November 4, 2011.
2. The storage of hazardous waste in tanks shall only be conducted in tanks T-101 to T-110, R-202 and R-203. The locations of these tanks are depicted in Attachment D and Attachment E.
3. The Permittee shall not place waste into tanks that are incompatible with the construction materials of the tank. [40 CFR 264.192(a)]
4. The Permittee shall not place waste into an insufficiently cleaned tank that previously held incompatible waste or material. [40 CFR 264.199(b)]
5. The Permittee shall ensure that ignitable or reactive waste is not placed into any tank unless the requirements of 40 CFR 264.198(a) are met.
6. The volume of waste handled in each tank and their corresponding maximum liquid levels shall not exceed the following:

<u>Tank Number</u>	<u>Maximum Working Volume</u>	<u>Maximum Liquid Level</u>
T-101 to T-110	6,000 gallons	2 feet below the top of the tank
R-202 & R-203	6,300 gallons	12 feet from tank bottom

7. The Permittee shall notify the Department if annual thickness testing results show any portion of a tank having a thickness less than the limits stated below:

MINIMUM THICKNESS			
<u>Tank Number</u>	<u>Wall</u>	<u>Head</u>	<u>Cone/Bottom</u>
T-101 to T-110	0.1801 inches	0.1339 inches	0.2175 inches
R-202 & R-203	0.1900 inches	0.1900 inches	0.1900 inches

Records of all thickness determinations shall be maintained for a period of three years.

8. Tanks R-202 and R-203 may operate under atmospheric pressure only.
9. The Permittee shall report any extensive repairs of a tank system to the Department. This report will include the information required by 40 CFR 264.196(e). The tank

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

system shall not be returned to service until the certification report required by 40 CFR 264.196(f) has been submitted to the Department and approved.

10. The Permittee shall ensure that the secondary containment systems, including the curbed driveway, are maintained to prevent a release to the environment.
11. The Permittee shall inspect all permitted storage tank systems (T-101 to T-110, R-202 and R-203) in accordance with procedures stipulated in Inspection Procedures in Appendix II-F.6 of the permit application dated May 2011 and November 4, 2011.
12. The Permittee shall report any release greater than one pound (1 lb.) resulting from a leak or spill to the environment within 24 hours of its detection to the Department. [40 CFR 264.196(d)] The released materials must be removed within 24 hours or in as timely a manner as is possible to prevent harm to human health and the environment. [40 CFR 264.196(b)(2)]
13. The Permittee shall submit to the Department a report that contains the requirements of 40 CFR 264.196(d)(3) within 30 calendar days of detection of a release to the environment.
14. The Permittee shall comply with the provision of response to leaks or spills and disposition of leaking or unfit-for-use tank systems of 40 CFR 264.196 by satisfying the following requirements:
 - a. Stop flow or addition of waste into the tank or secondary containment and inspect the system to determine the cause of the release. [40 CFR 264.196(a)]
 - b. Remove waste from leaking tank system to prevent further releases and to allow for inspection and repair, and remove released waste from the secondary containment structure at the earliest possible time. [40 CFR 264.196(b)]
 - c. Prevent possible or further migration of the leak or spill to the environment, and remove and properly dispose of wastes, contaminated soils or residues. [40 CFR 264.196(c)]
 - d. Comply with the notification and report requirements of 40 CFR 264.196(d).
 - e. Comply with the secondary containment, repair or closure requirements of 40 CFR 264.196(e).
 - f. Certify major repairs of the tank system in accordance with 40 CFR 264.196(f).

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

15. At the time of permit issuance, Tank T-106 has been removed, and it is in the process of being replaced. The Permittee shall:
 - a. Notify the Department at least one week prior to the installation of T-106.
 - b. Ensure that the replacement tank's construction details and capacity remain the same as the former T-106.
 - c. Submit as-builts with an engineer's certification to the Department at the completion of the replacement. The certification must be signed and sealed by a Professional Engineer registered in the state of Florida.
16. The Permittee shall not operate replacement tank T-106 until written approval is received from the Department.

Part II Subpart D-Fuel Blending

1. The Permittee is allowed to process and blend only those hazardous wastes specified in Appendix II-G of the permit application dated May 2011 and November 4, 2011.
2. The blending of hazardous waste fuels in tanks shall only be conducted in tanks T-112 and T-114. Storage of hazardous waste fuels shall not be conducted in these tanks. Blended fuels shall be removed from the blending tanks immediately after blending. The locations of these two tanks are illustrated in Attachment C.
3. The fuel blending tanks, appurtenant equipment and secondary containment systems shall be maintained to minimize the release of hazardous constituents to the environment.
4. The volume of waste handled in each tank and their corresponding maximum liquid levels shall not exceed the following:

<u>Tank Number</u>	<u>Maximum Working Volume</u>	<u>Maximum Liquid Level</u>
T-112 & T-114	780 gallons	5.5 feet or 2 feet minimum freeboard

5. The Permittee shall notify the Department if annual thickness testing results shows any portion of a tank having a thickness less than the limits stated below:

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

MINIMUM THICKNESS			
<u>Tank Number</u>	<u>Wall</u>	<u>Head</u>	<u>Bottom</u>
T-112 & T-114	0.1337 inches	0.1462 inches	0.1551 inches

Records of all thickness determinations shall be maintained for a period of three years.

6. The Permittee shall inspect all permitted fuel blending tank systems (T-112 & T-114) in accordance with procedures stipulated in Appendix II-F6 (Inspections) of the permit application dated May 2011 and November 4, 2011.

Part II Subpart E-Closure Conditions

1. The Permittee shall close the container storage units and tank systems in a manner that minimizes or eliminates, to the extent necessary to protect human health and the environment, postclosure escape of hazardous waste, hazardous waste constituents, hazardous waste decomposition products, contaminated leachate or run-off, to the groundwater, surface waters, or to the atmosphere.
2. The Permittee shall have a written closure plan as required by 40 CFR 264.112(a). The closure plan and all revisions to the plan must be kept at the facility until closure is completed, certified in accordance with 40 CFR 264.115, and accepted by the Department.
3. The Permittee shall modify/revise the approved Closure Plan per the requirements of 40 CFR 264.112(c), and Rule 62-730.290, F.A.C., by submitting a written request to the Department to amend the approved closure plan.
4. The Permittee must complete physical closure activities in accordance with the Closure Schedule in Section K, 9.4 Schedule for Closure, of the permit application dated May 2011 and revised November 4, 2011. Any changes in the time allowed for closure activities after approval shall require prior written Department approval.
5. The Permittee shall notify the Department 45 days prior to the date on which he expects to begin partial or final closure of a unit(s).
6. At least 30 calendar days prior to initiating closure activities, the Permittee shall prepare and submit a Closure Activities Report with "schedule date" and "completed" columns to document the progress of closure. Upon Department approval, the Closure Activities Report shall be maintained and updated by the

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

Permittee throughout the closure period, with copies submitted monthly to the Department. Each report must be submitted to the Department by the tenth (10th) day of each month for the preceding month until the acceptance of physical closure by the Department. The schedule for submittal can be changed with written Department approval. These reports can be submitted electronically. Any deviation from schedule or described tasks shall be fully documented on the checklist.

7. Within 90 days after receiving the final volume of hazardous waste, or upon notification by the Department that closure of a unit is required, the owner or operator must treat or remove from the unit all hazardous waste. The Permittee shall complete closure activities within 180 days after notification to the Department of closure. Any changes in the time allowed for closure of the units after approval shall require prior written Departmental approval.
8. The Permittee shall properly decontaminate or dispose of all equipment, structures, and residues used during or resulting from the closure activities.
9. The Permittee shall manage all hazardous wastes, residues, sludges, spilled or leaked waste, or contaminated liquids and soils removed during closure of the unit(s) in accordance with the applicable provisions of 40 CFR Parts 260 through 268, including the manifest requirements. A copy of each manifest required as a result of closure activities shall be submitted to the Department with the Closure Certification.
10. The Permittee shall provide opportunities for site inspections by the Department by informing the Department at least seven calendar days in advance of any physical closure activity (e.g., equipment decontamination, soil sampling, soil removal, etc.).
11. Within 60 calendar days of the completion of closure, the Permittee shall submit to the Department, by certified mail or hand delivery, a Closure Certification report signed by the Permittee and an independent Professional Engineer registered in the State of Florida, stating that the unit has been closed in compliance with the Closure Plan and the conditions of this permit. The Closure Certification must be based on the Professional Engineer's own observation and knowledge of the closure activities. The Closure Certification must include, but not be limited to, the following:
 - a. Sampling data to verify clean closure;
 - b. Decontamination data;

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

- c. Copies of manifests or other appropriate shipping documents for removal of all hazardous wastes and all contaminated residues;
 - d. Groundwater monitoring data summary pertaining to closure activities;
 - e. A description of the summary of final closure activities; and
 - f. A final inspection check-off sheet.
12. The Permittee shall notify the Department within seven calendar days of any determination that actions undertaken as part of closure or associated monitoring programs no longer satisfy the requirements set forth in this permit. If the Department determines that a modification of the permit is required, the Permittee shall, within 60 calendar days, submit an application for a permit modification in accordance with Rule 62-730.290, F.A.C.
13. Within 30 days of determining that all contaminated soil cannot be practically removed or decontaminated, the Permittee shall notify the Department of such determination. Within 90 days of the determination the Permittee shall submit an application for permit modification to close the facility as a landfill and perform postclosure care as required by 40 CFR 264.310.
14. Within 30 calendar days of submitting a closure certification for a land disposal unit, including a land disposal unit identified under Condition 13 of this Part, the Permittee shall submit to the Department and to the local zoning authority, or the authority with jurisdiction over local land use, a survey plat indicating the type, location, and quantity of hazardous wastes disposed of within the unit with respect to permanently surveyed benchmarks in accordance with 40 CFR 264.116. For hazardous wastes disposed of before January 12, 1981, the owner or operator must identify the type, location, and quantity of the hazardous wastes to the best of his/her knowledge and in accordance with any existing records. This notice is in addition to the requirement to execute a formal land use control (*e.g.* a restrictive covenant) in order to obtain a site rehabilitation completion order based on restricted exposure risk assumptions under Chapter 62-780, F.A.C.

PART III-POSTCLOSURE CONDITIONS

Not applicable at this time.

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

PART IV-ENVIRONMENTAL MONITORING CONDITIONS

Not applicable at this time.

PART V-CORRECTIVE (REMEDIAL) ACTION CONDITIONS

1. The Conditions of this Part apply to:
 - a. The SWMUs and AOCs identified in Appendix A;
 - b. Any additional SWMUs or AOCs discovered during the course of groundwater monitoring, field investigations, environmental audits, or other means; as used in this Part of the permit, the terms “discover”, “discovery”, or “discovered” refer to the date on which the Permittee either:
 - (1) visually observes evidence of a new SWMU or AOC;
 - (2) visually observes evidence of a previously unidentified release of contaminant(s) to the environment; or
 - (3) receives information from a credible source of the presence of a new release of contaminant(s) to the environment; and
 - c. Contamination that has migrated beyond the facility boundary, if applicable.
2. Within 15 calendar days of discovery, the Permittee shall notify the Department in writing of any newly discovered release(s) of contaminant(s) to the environment; any suspected new AOC(s); and any additional SWMU(s) discovered during the course of groundwater monitoring, field investigations, environmental audits, or other means. The notification shall include, at a minimum, the location of the release, AOC or SWMU (hereinafter referred to collectively as “site”), and all relevant information (*e.g.*, location of site(s) on a topographic map of appropriate scale; general dimensions of affected area; media affected; hazardous constituents released; and magnitude of release). The Department may conduct, or require that the Permittee conduct, confirmatory sampling in order to determine whether contamination is present. The Department will notify the Permittee in writing of the final determination as to the status of the newly discovered or suspected site.
3. Upon notification by the Department, the Permittee shall prepare and submit a Confirmatory Sampling (CS) Work Plan for known, suspected, or newly discovered

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

sites. Unless the notification letter specifically establishes a different time frame for work plan submittal, the Work Plan shall be submitted within 60 calendar days of notification by the Department that a CS Work Plan is required. The CS Work Plan shall include schedules for implementation and completion of specific actions necessary to determine whether or not contamination has occurred in any potentially affected media. In order to partly or wholly satisfy the CS requirement, previously existing data may be submitted with the work plan for the Department's consideration.

4. In accordance with the schedule in the approved CS Work Plan, or no later than 60 calendar days after Department written approval of a CS Work Plan if no schedule is included in the Work Plan, the Permittee shall submit a Confirmatory Sampling (CS) Report identifying those sites that are contaminated and those sites that are not contaminated. The CS Report shall include an analysis of the analytical data to support all determinations. Based on the results of the CS Report, the Department will determine the need for further investigation at sites covered in the CS Report and notify the Permittee in writing.
5. De Minimis discharge is a release of contaminant(s) that is removed from the soil, sediment, surface water, and groundwater to cleanup target levels or background concentrations within 30 days of discovery of the release. If the Permittee intends to treat a discharge under the De Minimis discharge provision of Rule 62-780.550 F.A.C., the Permittee must meet the notification requirements of Condition 2 of this Part, notifying the Department that a De Minimis action is underway. A De Minimis Remediation Report must be submitted to the Department within 90 days of discovery of the release. The report must include a description of all actions taken in response to the discharge and the information required by the Interim Source Removal Report pursuant to Paragraph 62-780.500(7)(a) F.A.C.
6. Upon notification by the Department, the Permittee shall commence site rehabilitation in accordance with Rule 62-730.225 and Chapter 62-780, F.A.C., for all SWMUs and/or AOCs ("contaminated sites") identified in the notification. Unless the notification letter specifically establishes a different time frame to commence or complete site assessment, the Permittee shall commence and complete site assessment in the manner and within the time limits set forth in Rule 62-780.600, F.A.C.
7. Upon notification by the Department, the Permittee shall submit to the Department an Interim Measures (IM) Work Plan for any release, SWMUs or AOCs that the Department determines necessary to minimize or prevent further migration of contaminants or to limit human or environmental exposure to contaminants. The

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

IM Work Plan shall be designed to mitigate any current or potential threat(s) to human health or the environment and to be consistent with long-term corrective actions at the facility. The IM Work Plan shall include the IM objectives, procedures for implementation, a schedule of activities, and associated designs, plans, and specifications.

8. If the Department or the Permittee at any time determines that any approved work plan no longer satisfies the requirements of 40 CFR 264.101 or this permit for prior or continuing releases of contaminant(s) to the environment, the Permittee shall submit an amended work plan to the Department within 60 calendar days of such determination.

PART VI-REMEDY SELECTION AND IMPLEMENTATION

Part VI Subpart A-General Conditions

1. Within 90 calendar days of Department approval of a Site Assessment Report or Site Assessment Report Addendum the Permittee shall submit a Remedial Action Plan developed in accordance with Chapters 62-780 and 62-730 F.A.C. Remedial Action Plans may be performance based, including remediation options to be implemented based on changing conditions at the site.
2. Within 30 days of Department written approval of the remedial alternative(s) selected, the Permittee shall publish notice of a proposed permit modification in accordance with Paragraph 62-730.292(3)(c), F.A.C. This modification will serve to incorporate a final remedy into this permit. Final approval of remedial action which is achieved through interim measures shall be in accordance with this condition.
3. The Remedial Action Plan shall include a provision for the Permittee to submit periodic Remedial Action Status Reports in accordance with Subsection 62-780.700(13). The intent to implement a different approved remedy in a performance based Remedial Action Plan can be provided in the Remedial Action Status Report. Proposals to modify a previously approved remedy in a performance based Remedial Action Plan can be provided in the Remedial Action Status Report and implemented with written Department approval.
4. When site rehabilitation (remedial action) is complete, the Permittee shall submit to the Department a Site Rehabilitation Completion Report in accordance with Chapter 62-780, F.A.C. Site Rehabilitation Completion Reports can be part of a combined document with the Remedial Action Status Report.

PERMITTEE:
Clean Harbors Florida LLC.
170 Bartow Municipal Airport
Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

5. For site rehabilitation involving the cleanup of groundwater contaminated by a release from a designated regulated unit, the Permittee must demonstrate that the concentration of constituents of concern remain below cleanup goals for three consecutive years after active remediation has ceased as per 40 CFR 264.100.(f).
6. When appropriate, the Department will approve completion of site rehabilitation by inclusion in a permit renewal, permit modification, or separate Site Rehabilitation Completion Order.

Part VI Subpart B-Selected Remedies

Not applicable at this time.

Appendix A-Summary of Facility Sites (Solid Waste Management Units and Areas of Concern)

A.1. List of SWMUs/AOCs requiring Confirmatory Sampling:				
SWMU/ AOC Number/Letter	SWMU/ AOC Name	SWMU/ AOC Comment and Basis for Determination	Dates of Operation	Potentially Affected Media
There are no units identified as requiring Confirmatory Sampling at this time pursuant to this permit.				
A.2. List of SWMUs/AOCs requiring a Site Assessment (a/k/a RCRA Facility Investigation [RFI]) or a Risk Assessment:				
SWMU/ AOC Number/Letter	SWMU/ AOC Name	SWMU/ AOC Comment	Dates of Operation	Potentially Affected Media
There are no units identified at this time as requiring a Site or Risk Assessment.				
A.3. List of SWMUs/AOCs requiring a Remedial Action Plan or Natural Attenuation with Monitoring Plan (a/k/a Corrective Measures Study [CMS]):				
SWMU/ AOC Number/Letter	SWMU/ AOC Name	SWMU/ AOC Comment	Dates of Operation	Affected Media
There are no units identified at this time requiring a Remedial Action Plan or a Natural Attenuation with Monitoring Plan.				
A.4. List of SWMUs/AOCs implementing a Remedial Action Plan or Natural Attenuation with Monitoring Plan (a/k/a Corrective Measures Implementation Report [CMI]):				
SWMU/ AOC Number/Letter	SWMU/ AOC Name	SWMU/ AOC Comment	Dates of Operation	Affected Media

PERMITTEE:
 Clean Harbors Florida LLC.
 170 Bartow Municipal Airport
 Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
EXPIRATION DATE: DECEMBER 10, 2016

There are no units identified at this time undergoing a Remedial Action Plan or a Natural Attenuation with Monitoring Plan.

A.5. List of SWMUs/AOCs at which Site Rehabilitation Completion Determinations without controls have been made:

SWMU/ AOC Number/Letter	SWMU/ AOC Name	Unit Comment and Basis for NFA	Dates of Operation

There are no units identified at this time at which Site Rehabilitation Completion Determinations without controls have been made.

A.6. List of SWMUs/AOCs at which Site Rehabilitation Completion Determinations with controls have been made:

SWMU/ AOC Number/Letter	SWMU/ AOC Name	Unit Comment and Basis for NFA	Dates of Operation

There are no units identified at this time at which Site Rehabilitation Completion Determinations with controls have been made.

A.7. List of SWMUs/AOCs Where No Further Action Determinations have been made based on no suspected or confirmed contamination:

SWMU/ AOC Number/Letter	SWMU/ AOC Name	Unit Comment and Basis for NFA	Dates of Operation
SWMU - 2 *	South Storage Building, Drum Staging and Storage Area	Loading Dock, Sampling Area, and Storage Unit. Part of a RCRA Permitted Unit.	1987 to Present
SWMU - 3	Stormwater Collection Tank	Used for Temporary Storage of Water Pumped from the Perimeter Road Containment Area.	1987 to Present
SWMU - 4	Storm-Water Retention Ponds	Surface Impoundment	1987 to Present
SWMU - 5	Crude Storage Area (South Tank Farm)	Ten Steel Storage Tanks. Part of a RCRA Permitted	1987 to Present

PERMITTEE:
 Clean Harbors Florida LLC.
 170 Bartow Municipal Airport
 Bartow, Florida 33830-9504

I.D. NUMBER: FLD 980 729 610
PERMIT/CERTIFICATION NUMBER: 64247-HO-011
