Michael,

We have thought about it but don't have anything set yet. We were waiting to hear from the lady that you said would contact us with ideas. We have not heard from her yet.

I am attaching the two manifests you have requested for Auto Body Works.

Thanks,  
Karen

**Subject:** P2 Project Ideas

Hello Ms. Violet,

I am checking to see if you have come up with any P2 Project ideas to off-set a portion of the penalty? I am still working on the penalty revision.

Also, would you please send me copies of receipts for one of your customers, Autobody Works by Danny, 2729 State Rd 50, Mascotte 34753.

Thank you,

Michael Eckoff

### IN CASE OF EMERGENCY CALL 407-908-4140

For Accidental Discharges of this product use Emergency Response Guidebook #27

Dear Generator: The following chemicals contain hazardous substances which when mixed with oil reduces the recycling potential and can cause harmful effects to the environment.

#### DO NOT MIX WITH USED OIL

Antifreeze - Freon - Solvents - Thinner - Degreasers - Detergents - Cleaners - Radiator Fluid - Leaded Gasoline - Cutting Oil

#### CAN MIX WITH USED OIL

Motor Oils - Diesel Fuel - Brake Fluids - Hydraulic Fluids - Transmission Fluids

These lists are based on current information and may be expanded as more data becomes available. Thank you.
