Permit No. 77390-HO-006  
Used Oil and Material Processing Facility Permit Minor Modifications  
Broward County

Dear Mr. Lennon:

The Department of Environmental Protection (DEP) has received the permit minor modification application dated August 31, 2008. DEP completed its review of the revised facility Training Plan (Attachment M, Employee Training). Minor comments were sent to the facility via e-mail on September 10, 2008 and the facility responses were received on September 26, 2008. The Department also received additional information such as Chapter 62-701, and 62-710, F.A.C., Part I Forms, Signature Pages, Certifications, and permit minor-modification fee of \$50.00 from the facility.

The Department hereby approves the training plan. A copy of this letter must be attached to the existing permit which was issued on October 30, 2007 for the above facility, and will become part of the permit.

There are no other changes to this permit.
