Initial Foreign Notice ID:

Dear Primary Exporter:

This document acknowledges receipt of your X Notification of Intent to Export Hazardous Waste OR your Amendment to a Notification by this office on 12/19/2011.

Your submission has been assigned the following number: 003904/12E/11 (Amendment). This number is the EPA Waste Import and Export Tracking System ID. Please refer to this number in any communication you have with this office.

(1) After review, we will forward your submission, if complete, to the government of the receiving country for its review. If it is not complete, we will request further information from you.

(2) Under applicable agreement, the government of the receiving country has a prescribed period to review your submission. Canada has thirty (30) days/Mexico has forty-five (45) days/any other country which is a member of the Organization for Economic Cooperation and Development (OECD) has thirty (30) days from its receipt of your submission to consent or object.

(3) Upon receipt of a consent or objection from the receiving country concerning your submission, we will process an Acknowledgment of Consent (AOC) letter, or a letter notifying you of the objection of the receiving country, in a timely manner.

(4) Federal regulations provide that a primary exporter submit a complete Notification of Intent to Export to EPA:

- at least sixty (60) days before an initial shipment of hazardous waste to Canada or Mexico (40 CFR §262.53(a)), or
- at least forty-five (45) days prior to commencement of transfrontier movement of hazardous waste to other member countries of the OECD (see 40 CFR §262.83(b)(1)(i)).

(5) If you do not receive an AOC within the applicable time period above, or, in the case of an Amendment to Notification, within thirty (30 days), please contact us. In any event, it is not permissible to ship until you receive an AOC from this office.

The contact person for your Notification is Meera Ravichandran, telephone: 202-564-7107, telefax: , email: ravichandran.meera@epa.gov.

It is your responsibility to submit the Notification or Amendment early enough to allow sufficient time for completion of the processing of the document in both countries. As indicated above, for Notifications this is at least sixty (60) days prior to your initial waste shipment to Canada or Mexico, or forty-five (45) days prior to your initial waste shipment to other OECD member countries. You should allow thirty (30) days for Amendments.

You are encouraged to call us for assistance if you have not received a response from this office and these time periods have already passed. Because of limited resources, however, we cannot respond to early inquiries about the status of processing, absent extraordinary circumstances, such as health or safety concerns. Also, be advised that, except in extraordinary circumstances, we will not expedite the processing of your Notification or Amendment at the expense of others received at the same time or an earlier time, for reasons of fairness.

We appreciate your understanding and cooperation. We encourage you to advise the consignee in the receiving country of these procedures.

Sincerely,

for

Robert G. Heiss, Director
International Compliance Assurance Division

Mr Jim Green :

Please find herewith the paperwork needed for the notification of intent to export waste from USA to Canada. The acknowledgement process takes about 60 days. You must complete a "Notification of Intent to Export Hazardous Waste from USA to Canada" (NOI) and a "Stablex Waste Profile Characterization" for every waste stream you expect sending to Stablex Canada Inc. Please make sure to verify the information on the NOI since the manifest information must be identical.

Please complete the partially completed forms and forward to:

US EPA:

1. NOI (including list of transporters*) - if you fax, please do not mail hard copy

STABLEX CANADA INC:

1. NOI (including list of transporters*)
2. Stablex Waste Profile Characterization
3. Certificate of International Shipment Compliance

** Permitted transporters of waste through Canada and US that can be used at any time.
There is also the possibility to add transporters of your choice on the NOI.*
