Dear Mr. Barr:

Thank you for your assistance and cooperation during the Department of Environmental Protection's Hazardous Waste Compliance Evaluation Inspection conducted on February 29 and March 14, 2012.

Enclosed is the inspection report generated from this visit. Based upon the information gathered during the inspection, the Wildwood Service Complex was found to have one area of concern regarding universal waste lamp packaging that was corrected the day of the inspection. The facility was otherwise found to be in compliance with applicable hazardous waste and used oil program regulations.
