Introduction:

Ranger Construction Industries, Inc. (Ranger) does road building and heavy highway construction. The facility is approximately 10 acres in size, is on public utilities, has five employees, and has been at this location since the 1980's.

This is the first time the Department inspected this facility.

Process Description:

The facility's operations as a cement plant does not generate hazardous waste.

During the inspection the facility representative requested that the inspector contact Ranger's environmental manager Jo Moore, regarding the inspection. Though the facility does not appear to generate hazardous waste Ranger has elected to be a Conditionally Exempt Small Quantity (CESQG) level for possible future potential.

Conclusion:

The facility appears to be in compliance.

Inspection Date: 07/11/2012

Signed:

A hazardous waste compliance inspection was conducted on this date, to determine your facility's compliance with applicable portions of Chapters 403 & 376, F.S., and Chapters 62-710, 62-730, 62-737, & 62-740 Florida Administrative Code (F.A.C.). Portions of the United States Environmental Protection Agency's Title 40 Code of Federal Regulations (C.F.R.) 260 - 279 have been adopted by reference in the state rules under Chapters 62-730 and 62-710, F.A.C. The above noted potential items of non-compliance were identified by the inspector(s).

This is not a formal enforcement action and may not be a complete listing of all items of non-compliance discovered during the inspection.
