Subject: RE: FPL Facility ID No. FLD000807370 - Response to Compliance Inspection Report

Hi Laura,

Thank you for the email. We purchased the portable secondary containment as a temporary solution. We are evaluating several options, including your excellent suggestion of staging the truck inside one of the on-site building overnight. Once we've looked at all of our options and come up with our recommended longer-term solution, I'll run it by you for your input.

Thanks again for all your help !!
