Subject: EQ FL RAI Response Deadlines

Merlin, Steve:

In our meeting to discuss the RAIs for EQ, we discussed a response time for getting this information back to you for review. We indicated we would complete the responses by October 31, 2103 and submit them for review.

I believe you indicated you'd like to have this in an email for the files and I realized it hadn't been sent yet.

Stuart Stapleton asked that I go ahead and send this notification to you for the files.

If I need to do anything more in this regard, please drop me a note.

Thanks.

Jerry
