evacuation is necessary.

5. Electronic copies be offered to local authorities/first responders.
6. Reference to, and compliance with, Chapter 62-150 Hazardous Substance Release Notification.

Response: The requested changes have been made to the referenced plan. Additionally, both the Preparedness and Prevention Plan (PPP) and the Contingency Plan (CP) will be condensed into one stand alone document and are included as Appendix M.

22. Because your Preparedness and Prevention Plan, and Contingency Plan are not stand-alone documents, you must ensure that appropriate figures from the Part B are included with these plans when they are submitted to local authorities. When you submit the CP and PPP to local authorities, please send us an electronic copy of your submittal. If you wish, you may combine the CP and PPP into a single document as there is some overlap in the requirements.

Response: Both the Preparedness and Prevention Plan (PPP) and the Contingency Plan (CP) have been condensed into one stand alone document and are included as Appendix M. The appropriate figures included in these plans will be submitted to the local authorities as requested. Further, once the PPP and CP have been approved and submitted to the local authorities, your office will receive electronic copies of this document as requested.
