Dear Mr. Bosek:

The Department has reviewed the following information prepared in support of the Certification of Construction Completion for the Solid Waste Mix Tub Area at the Clean Harbors Florida, LLC. Bartow Facility:

Certification of Construction Completion of a Solid Waste Management Facility - DEP Form No. 62-701.900(2), received via e-mail on April 3, 2014, prepared by SCS Engineers.

Record Drawings dated April 7, 2014 (received April 8, 2014), prepared by SCS Engineers, titled:

- *Drawing #64-BW-5600-200 "Mix Tub - Layout & Details"*
- *Drawing #64-BW-5600-500 "Concrete Slab Mix Tub Area - Layout & Details"*

Based on the information listed above and an inspection of the constructed Solid Waste Mix Tub Area by Department personnel on April 23, 2014, the Department has determined that the Solid Waste Mix Tub Area was constructed substantially in accordance with the approved design and the construction requirements of **Permit Nos. 64247-HO-012 and 34757-006-SO/30.**

The Department therefore approves the certification of construction completion of the Solid Waste Mix Tub Area and approves operation of the mix tub area in accordance with **Permit Nos. 64247-HO-012 and 34757-006-SO/30.**
