

A black metal drum, heavily coated in dark oil residue, sits on a wooden pallet. To its left is a large, horizontal, silver-colored metal tank. In the background, several red and yellow Schaeffer's lubricant drums are visible on a metal cart. The setting appears to be a storage area for industrial fluids.

The facility shown above has been inspected by a duly authorized representative of the Department of Health, and was found in conformance with those rules promulgated by the department under the authority of chapters 381, 386 and 489 part II, Florida Statutes, and set forth in Rule 64E-6, Florida Administrative Code.

This permit grants authority to operate the above referenced facility, service, or system in conformance with department rules and the conditions of operation shown below. This permit is revocable, upon service of notice, when it is determined by the department that the operational conditions and department standards are not being maintained.

This permit is for an Onsite Sewage Treatment and Disposal System (OSTDS) that is located in an Industrial Zoned area or has the potential to receive industrial waste discharge. The Miami-Dade County Health Department will inspect the system and the business once per year. No industrial waste shall be discharged into the OSTDS. No floor drains shall be permitted to the OSTDS. All industrial waste generated at the establishment shall be picked up by an approved industrial waste disposal company. Once a year each business operating at the site shall update the business survey on file with the Department. This permit is non-transferable.
