Used Oil Processing Facility Permit Ownership Transfer Applications from FCC
Environmental, LLC, to Heritage Crystal Clean, LLC

Dear Mr. Crandall:

The Florida Department of Environmental Protection (the Department) has reviewed your permit transfer applications dated January 26, 2015 and received on February 03, 2015 to continue operation of Used Oil Processing Facilities in Florida as Heritage Crystal Clean, LLC.

The review of the permit transfer applications indicate that they are incomplete. Under Paragraph 62-710.800(6)(a), Florida Administrative Code. The "Owner or Operator of a used oil processing facility shall provide the Department with proof of financial assurance issued in favor of the State of Florida in the amount of the approved closing cost estimate for the facilities, which shall be submitted to the Department as part of the permit transfer application process".

Please provide the Financial Assurance Documents requested through an e-mail dated March 04, 2015 from Susan Eldredge, Solid Waste Financial Coordinator, Florida Department of Environmental Protection, Tallahassee, Florida.

The Department will be contacting you to schedule a meeting or conference call to discuss these comments. Additional communications will be scheduled as needed prior to your submittal of an official response to minimize the time and effort required to formulate adequate replies to the comments. This exchange of ideas will assist you in developing a complete and adequate response that should eliminate the need for additional official responses and therefore accelerate the permit transfer process.
