Tallahassee, FL 32399

Re: Permit Modification Notification
EQ Florida, Inc.
Facility ID No. FLD981932494
Hillsborough County

Dear Ms. Kruchell:

Per our recent conversations, EQ Florida, Inc. is preparing to submit a request to modify the Hazardous Waste Operating Permit (34875-HO-011) and Solid Waste Permit (34757-010/SO/30). The permit modification is necessary due to the unexpected amount of material being processed thru the facility and the need for additional storage capacity. Also, additional business opportunities have become available since the permit was originally issued on April 1, 2014 and an additional treatment code is required in order to obtain the business.

The modification request will include the following items:

1. Add K062 to the waste codes permitted for hazardous waste treatment;
2. Add 5,000 gallons of hazardous waste storage to the Waste Processing Building located on the 8th Avenue property;
3. Add 500 cubic yards (25 CY roll-off boxes) of hazardous waste storage to the Staging and Transfer area located on the 8th Avenue property;
4. Add 500 cubic yards (25 CY roll-off boxes) of solid waste storage to the Staging and Transfer area located on the 8th Avenue property; and
5. Add additional reagent storage (portable product silos) immediately adjacent to the Waste Processing Building.

I have attached DEP Form 62-730.900(2)(a) and a check in the amount of \$10,000.00.

Sincerely,

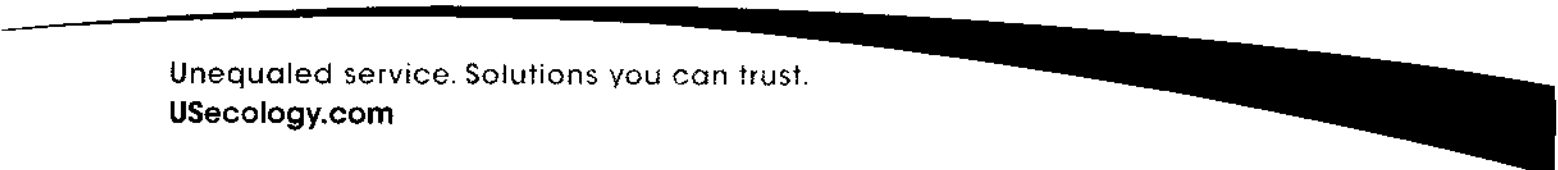

A handwritten signature in black ink that reads 'Stuart Stapleton'.

Stuart Stapleton
