PUBLIC NOTICE OF PROPOSED AGENCY ACTION

 FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION
 3804 Coconut Palm Drive
 Tampa, Florida 33619-8318
 813/744-6100
 DEP FILE NUMBER:
 34875-H001-002
 INTENT TO ISSUE
 THE FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION (FDEP) GIVES NOTICE OF THEIR INTENT TO ISSUE A PERMIT UNDER THE RESOURCE CONSERVATION AND RECOVERY ACT (RCRA), AS AMENDED BY THE HAZARDOUS AND SOLID WASTE AMENDMENTS OF 1984 (HSWA), SECTION 403.722, FLORIDA STATUTES (FS), AND CHAPTERS 62-4 AND 62-730 OF THE FLORIDA ADMINISTRATIVE CODE (FAC) TO USL City Environmental Services of Florida, Inc., for the operation of the existing hazardous waste container storage facility and treatment unit located at 2002 North Orient Road, Tampa, Hillsborough County, Florida, having assigned facility I.D. number FD 981 932 494. The permit, if issued, will constitute the RCRA permit required by Florida DEP.

The State of Florida has been granted authorization for those portions of the RCRA Hazardous Waste Program that were in effect prior to the passage of the Hazardous and Solid Waste Amendments of 1984. The Federal Environmental Protection Agency will administer the applicable portions of the Hazardous and Solid Waste Amendments of 1984 until the State receives authorization for these provisions. A draft permit, prepared in accordance with the provisions of chapter 62-730, FAC, contains the conditions for the operation of a hazardous waste container storage facility and treatment unit at USL City Environmental Services.

Those wastes authorized for storage at the facility includes the majority of the characteristic and listed hazardous waste codes.

The application and a copy of the proposed permit is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the address listed above.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, FS, and Chapters 62-103, and 28-5, FAC. Petitions must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, MS #35, Tallahassee, Florida 32399-3000, within forty-five (45) days of publication of this notice. Petitioner shall mail a copy of the petition to the applicant at the time of filing. Failure to file a request for hearing within this time frame shall constitute a waiver or any right such person may have to request a hearing under Section 120.57, FS, or a meeting under Section 403.722(10), FS.

A petition for formal or informal administrative hearing pursuant to Section 120.57, FS, shall contain the following information: (a) The name, address, and telephone number of each petitioner. If the petitioner challenges a Department action or proposed action on a permit application, the application's name and address, the Department Permit File Number and the county in which the project is proposed, shall also be included; (b) A statement of how and when each petitioner received notice of the Department's action or proposed action; (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action; (d) A statement of those material facts (i.e., those facts upon which the Department's action or proposal is based) disputed by petitioner. If no facts are disputed, petitioner shall so state; (e) A statement of facts which petitioner contends warrant reversal or modification of the Department's action or proposed action; (f) A statement of which rules or statutes petitioner contends require reversal or modification of the Department's action or proposed action; (g) A statement of the relief sought by petitioner, stating precisely the action petitioner wants the Department to take with respect to the Department's action or proposed action.

If a petition on the Department's permit is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the proposed agency action. Persons whose substantial interests have been affected by any decision of the Department have the right to intervene in the proceeding. A petition for intervention must be filed pursuant to Section 28-5.207, FAC, at least five (5) days before the final hearing and be filed with the hearing officer if one has been assigned at the Division of Administrative Hearings, Department of Administrative, Tallahassee, Florida 32399-2400. Failure to petition to intervene within the allowed time frame constitutes a waiver or any right such person has to request a hearing under Section 120.57, FS.

Mediation is not available in this proceeding.

Any interested person may submit written comments on this proposed State agency action to the Department of Environmental Protection, 3804 Coconut Palm Drive, Tampa, Florida 33619-8318. All comments on the facility will be considered by the Department in formulating a decision on issuing this permit.
