Operating Report for 1st Quarter 2013
FDEP Permit No. 0051323-020-SC
EPD License No. SW-LF 00076-05-02**

Dear Mr. Tedder:

Please find attached the Quarterly Operation Report required by the solid waste operating permit noted above. Listed below is the quarterly tonnage for Contaminated Soils, Canal Sediments and Waste Tires. As discussed with Damaris Lugo of Broward County Environmental Protection Department, we will now report waste tires that have been collected from the active working face on this cover letter. These are incidental amounts of waste tires that might be present in a load of solid waste to be disposed. The waste tires are collected prior to disposal of solid waste, placed in a container, and then are transported to Wheelabrator for incineration once the container is full.

	January	February	March
Contaminated Soil Tons	8,895	20,424	1,905
Canal/River Sediment Tons	.00	.00	.00
Waste Tires Tons	2.14	0.00	0.00

If you have any questions, please call me at 954-984 2065.

Sincerely,

Jeff Roccapiore
District Manager
