Subject: Request for Information pursuant to the Resource Conservation & Recovery Act

Dear Sirs:

Florida is a state authorized by USEPA to administer the Resource Conservation and Recovery Act. Pursuant to that statute, I am requesting information regarding used oil shipments from Synergy Recycling in Florida, FLR000053611, to Vertex Energy, 5000 River Rd in New Orleans/Marrero, Louisiana.

Vertex was the destination facility for the shipments of used oil in 2015 and 2016 listed below. I am requesting Vertex to identify which, if any of these shipments were characterized as oil that met the 40 CFR 279.11 specification. If all the oil was shipped as off specification, please provide me with a statement to that effect.

Thank you,

Elizabeth Knauss
Environmental Consultant
